The Farmer's Magazine ,1838 **Cross-linguistic Aspects of Processability Theory** Manfred Pienemann,2005-01-01
Seven years ago Manfred Pienemann proposed a novel psycholinguistic theory of language development Processability Theory PT This volume examines the typological plausibility of PT Focusing on the acquisition of Arabic Chinese and Japanese the authors demonstrate the capacity of PT to make detailed and verifiable predictions about the developmental schedule for each language This cross linguistic perspective is also applied to the study of L1 transfer by comparing the impact of processability and typological proximity The typological perspective is extended by including a comparison of different types of language acquisition The architecture of PT is expanded by the addition of a second set of principles that contributes to the formal modeling of levels of processability namely the mapping of argument structure onto functional structure in lexical mapping theory This step yields the inclusion of a range of additional phenomena in the processability hierarchy thus widening the scope of PT **The Acquisition of Japanese as a Second Language** Kazue

Kanno,1999-01-01 This text aims to broaden the field of second language acquisition focusing on Japanese rather than on more commonly studied European languages Chapters include studies on input and interaction research into the evaluation of proficiency and grammatical investigations **Issues in Japanese Phonology and Morphology** Jeroen Weijer,Tetsuo

Nishihara,2013-12-02 The book contains a number of studies in Japanese phonology and morphology all analyses by leading scholars in the field It presents an overview of the work that has been done in Japan and other countries and offers new solutions to long standing problems In the phonology chapters it focuses on segmental as well as suprasegmental issues including voicing and tone approaching these issues from a variety of perspectives including Optimality Theory and Government Phonology In the morphology chapters attention is given to truncation patterns and the possibilities for compound formation The Debates and Proceedings in the Congress of the United States United States.
