***One Kill Too Many*** Jim Miotke, 2000-10-13 It was the bodies that were always the problem for Elmer Zakk Long after death his targets could still finger him If he spit on an enemy's corpse the DNA would track him down The bullets were just as bad and could point lead fingers right back to his favorite weapons a brace of 9 MM pistols never far from reach He loved those guns and couldn't throw any away The art of forensic science had been sharpened to the point where the long term career potential for a contract killer was becoming bleak Then he had the idea that turned it all around What if the victims simply disappeared in a puff of smoke The germination of his plan came after having a beer with a bio hazardous medical wastes truck driver Zakk was curious about the biohazard emblem on the man's uniform shirt The driver explained that with the AIDS situation any medical process that involved body fluids of any kind required all the collateral material to be incinerated He hauled bags full of materials he didn't ever want to identify and it all ended up as a fine ash byproduct Zakk tracks down the owner of the waste disposal firm a Mister Eli Aragon He saw that Aragon was not greedy enough to settle for cash so he stalked Aragon's family The two men sit down over drinks after an arranged golf match Zakk starts to describe Aragon's family setting to him just to prove Aragon is vulnerable When the man resists Zakk vows to first kill their dog and then make the young son disappear Aragon capitulates

Zakk is given a fake title and now frequently visits Aragon's office. He visits to keep tabs on Aragon but also to be near Sally, Aragon's attractive assistant. Zakk feels that she wants him in spite of her protests. At the office, Zakk has suspicions about Fred Belmont, one of the route drivers. Belmont asks too many questions. Zakk finds an ideal helper in Thad Stravinski, a cashiered medical student working at an animal research lab in an industrial park. Thad sports a bright red mop of hair worn in Einstein fashion and stays stoked up on a testosterone overload to the point where he has the morals of a cactus plant. He longs to stick anyone anytime. Thad has no problem hacking up dead animals or human corpses and putting the chunks in waste disposal bags. But Thad also has a secret. He cuts the spent rounds from the victims' heart and puts them in a test tube with an amputated little finger and a carefully printed label documenting what he knows about the body. Zakk's business is in high gear. He meets, greets, and murders a corrupt politician in Tallahassee. He is struck by the irony of the man extending his hand for graft payment and receiving a Zakk payment instead. His next target is a peacock of a man. The kind of man opposite enough from Zakk to make killing him a pleasure. Theo Stramboulis is tall, dark, and polished to a masculine brilliance that has women following his every move. But Theo loves cards more than women. When he is cheated by Cuban gamblers in Tampa, he vows to never pay the debt. Zakk gets a contract on the Greek. He watches Theo's movements to choose the right time and place for the hit. He notices the slim young man who is seldom more than a few feet away from his uncle. The youth, Christo, worships the man as he would his dead father. The next day, Christo can't find his uncle but fears the worst. In Orlando, a henpecked dentist goes berserk and murders his shrewish wife. For the last time, the two are nude in the shower while he slices and dices her body to fit into the bio-hazardous waste bags. The bloody slaughter scene forever scars his psyche as he borders on insanity. The killing is unrelated to Zakk except that it signals the start of his downfall. Things are changing in Zakk's life.

**The Word Factory** Oscar Whinge, 2016-05-18 Unquestionably, The Word Factory is the perfect guide to better English Grammar and effortless writing. According to one newspaper report, universities in England had begun to penalise students who employed incorrect grammar in their essays. In South Africa, the analysis of seventy-four thousand short stories found that written work of children was littered with SMS language, American slang, exclamation marks, and references to celebrities. All through my formative years, I had to contend with five different languages: English, Afrikaans, and two other dialects which for the most part accounted for my inability to translate thought into words effortlessly and inhibited my willingness to participate in lively social discussions, especially in the course of my high school years. However, possessed of determination, I had vowed to overcome that infirmity. My need to succeed at all costs precipitated the memorisation of the entire Pocket Oxford Dictionary, an accomplishment that spanned ten long years, following which a further ten years were spent in acquainting myself with most English phrases, idiomatic expressions, and collecting the data and fully researching it. I decided to name the compilation The Word Factory, the fruits of my efforts, but more specifically, the extensive employment of The Word Factory not only marked my rise onto the podiums as master of ceremonies and public speaker but had also

enabled me to write approximately twenty five articles to the Cape Argus Cape Towns pre eminent newspaper within the space of two years with 100 per cent publication rate      The Dive From Clausen's Pier Ann Packer,2003-04-08 How much do we owe the people we love Is it a sign of strength or weakness to walk away from someone in need These questions lie at the heart of Ann Packer s intimate and emotionally thrilling new novel which has won its author comparisons with Jane Hamilton and Sue Miller At the age of twenty three Carrie Bell has spent her entire life in Wisconsin with the same best friend and the same dependable easygoing high school sweetheart Now to her dismay she has begun to find this life suffocating and is considering leaving it and Mike behind But when Mike is paralyzed in a diving accident leaving seems unforgivable and yet more necessary than ever The Dive from Clausen s Pier animates this dilemma and Carrie s startling response to it with the narrative assurance exacting realism and moral complexity we expect from the very best fiction      **Doughnut** Tom Holt,2013-03-01 The doughnut is a thing of beauty A circle of fried doughy perfection A source of comfort in trying times perhaps For Theo Bernstein however it is far far more Things have been going pretty badly for Theo Bernstein An unfortunate accident at work has lost him his job and his work involved a Very Very Large Hadron Collider so he s unlikely to get it back His wife has left him And he doesn t have any money Before Theo has time to fully appreciate the pointlessness of his own miserable existence news arrives that his good friend Professor Pieter van Goyen renowned physicist and Nobel laureate has died By leaving the apparently worthless contents of his safety deposit to Theo however the professor has set him on a quest of epic proportions A journey that will rewrite the laws of physics A battle to save humanity itself This is the tale of a man who had nothing and gave it all up to find his destiny and a doughnut      **The Sun City Sinner** Netta Schucco,2012-05-23 There is no available information at this time      **Putting on the Dog** Cynthia Baxter,2007-12-18 A charity dog show has Jessica hitting the road with her faithful one eyed Dalmatian Lou and her tailless Westie Max for the palatial summer estates of Long Island s fabled East End When she arrives the posh seaside community is crawling with stars eager to take best in show for their beloved pooches But it s murder most tacky when a celebrity photographer is felled by a giant ice sculpture at a 500 a plate fund raiser Unable to resist the scent of the hunt Jess is soon investigating a casting director s dream of potential suspects But if Jess isn t careful she just might become the next victim of a killer determined to prove she s barking up the wrong tree      *Campaign for President* John F.
