Fictions of Home Martin Mühlheim, 2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according

to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics **Inconsequence** Annamarie Jagose, 2018-08-06 The field of lesbian studies is often framed in terms of the relation between lesbianism and invisibility Annamarie Jagose here takes a radical new approach suggesting that the focus on invisibility and visibility is perhaps not the most productive way of looking at lesbian representability Jagose argues that the theoretical preoccupation with metaphors of visibility is part of the problem it attempts to remedy In her account the regulatory difference between heterosexuality and homosexuality relies less on codes of visual recognition than on a cultural adherence to the force of first order second order sexual sequence As Jagose points out sequence does not simply specify what comes before and what comes after it also implies precedence what comes first and what comes second Jagose reads canonical novels by Charles Dickens Henry James Virginia Woolf and Daphne du Maurier drawing upon their elaboration of sexual sequence In these innovative readings tropes such as first and second origin and outcome and heterosexuality and homosexuality are shown to reinforce heterosexual precedence Inconsequence intervenes in current debates in lesbian historiography taking as its pivotal moment the fin de siècle phenomenon of the sexological codification of sexual taxonomies and concluding with a reading of a post Kinsey pulp sexological text Throughout Jagose reminds us that categories of sexual registration are always back formations secondary and belated not only for those who identify as lesbian but also for all sexual subjects **A Poetics of Postmodernism and Neomodernism** M.

Literary Modernism, Queer Temporality Kate Haffey, 2019-04-24 This book explores the intersection between the recent work on queer temporality and the experiments of literary modernism Kate Haffey argues that queer theory s recent work on time owes a debt to modernist authors who developed new ways of representing temporality in their texts By reading a series of early twentieth century literary texts from modernists like Woolf Eliot Faulkner and Stein alongside contemporary authors this book examines the way in which

modernist writers challenged narrative conventions of time in ways that both illuminate and foreshadow current scholarship on queer temporality In her analyses of contemporary novelists and critics Michael Cunningham Jeanette Winterson Angela Carter and Eve Sedgwick Haffey also shows that these modernist temporalities have been reconfigured by contemporary authors to develop new approaches to futurity Shell Shock P. Collaborations with the Past Diana E. Henderson,2018-09-05 Like the artists studied here we pick and choose our Shakespeares and through that labor another story emerges Frozen in time on the page or screen some of those collaborations continue to speak but denuded of their immediate moment and surroundings we are left to supplement the traces In recovering that past the present takes on greater clarity and contrast But the proof must be in the telling A writer lifts a pen Enter the multiple forces political and economic psychological formal and technical that serendipitously transform imagination into memory Let the collaborative play begin from the IntroductionFocusing on key writers actors theater

directors and filmmakers who have kept Shakespeare at the center of their endeavors over the past two hundred years

Collaborations with the Past illuminates not only the playwright's work but also the choices and responsibilities involved in re-creating culture and the ingenuity and peril of the artistic process By concentrating on rich yet problematic instances of Shakespeare's reanimation in such quintessentially modern forms as the novel and film from Sir Walter Scott's *Kenilworth* to Kenneth Branagh's *Henry V* Diana E Henderson sketches a complex history of the pleasures and difficulties that ensue when Shakespeare and modern artists collaborate Working with texts across the entire range of Shakespeare's career Henderson demonstrates through detailed analyses of novels including *Jane Eyre* and *Mrs Dalloway* as well as filmed, televised, and staged performances that art even in the newest media cannot avoid collaborating with the past Only by studying that collaborative process can we comprehend Shakespeare and Anglo-American culture
