Mrs Hunters Happy Death Lessons On Living From People Preparing To Die

RJ Alexander

Mrs Hunters Happy Death Lessons On Living From People Preparing To Die:

Mrs. Hunter's Happy Death John Fanestil, 2007-12-18 What is the secret of people who die contented and fulfilled What makes it possible for them to attain such spiritual heights as they approach their physical demise What enables them to make death a completion of life rather than a tragic end And what can they teach us about life and death love and loss grief and spiritual growth The way we die like the way we live makes a difference in our lives and the lives of others From time to time during his work as a pastor John Fanestil has witnessed someone dying with remarkable and uplifting grace Fanestil was moved yet puzzled by the spirit of happiness and holiness he observed Contemporary literature on dying filled with talk of anger acceptance and forgiveness provided little to explain it But the chance discovery of articles about the ritual of the happy death in religious magazines from the eighteenth and nineteenth centuries brought Fanestil the answers he sought Mrs Hunter s Happy Death blends the captivating historical accounts Fanestil uncovered with his own pastoral experiences to reveal the secrets that enable people to transcend pain and suffering and embrace death as a completion of life not as a tragic end A fascinating introduction to a historic approach to death and its contemporary incarnations Mrs Hunter s Happy Death also offers specific lessons on living and dying from the exercise of prayer to the labor of love to bearing testimony With the spread of in home medical and hospice care death is once again being embraced as a natural part of life infused with profound emotional and spiritual dimensions The inspiring stories in Mrs Hunter s Happy Death beautifully demonstrate that the way we die like the way we live makes a supreme difference in our lives and in the lives of others **The Art of Dying** Rob Moll, 2021-04-06 Christians can have confidence that because death is not the end preparing to die helps us truly live In this well researched and pastorally sensitive book Rob Moll explores the Christian practice of dying well giving guidance for those who care for the dying as well as for those who grieve This expanded edition includes a new afterword by Rob s wife Clarissa reflecting on his life death and legacy **Demystifying Hospice** Karen J. Clayton, 2018-10-31 Hospice care is available to patients and families dealing with terminal illness People often do not avail themselves of hospice care because they don t understand what it entails Many wait until their last few days to request this extraordinary comfort care instead of using the full six months available to them through Medicare and other insurance options Demystifying Hospice describes through stories good news about end of life issues Written from the perspective of a licensed social worker with experience in public and private hospitals hospice and the American Cancer Society these first hand accounts of patients family members hospice workers and others will lift spirits touch hearts and illustrate the advantages of hospice care These are real life examples of personalized comfort care offered by an interdisciplinary team where ever the patient lives Each story addresses some aspect of helping families through the caregiving and grieving process which are part and parcel of a serious illness and offers comfort and understanding to readers who may be going through similar experiences This book describes hope healing and support through difficult times Seven Words for the End of Your Journey Christian C.

Spoor,2017-02-27 The greatest challenge we ever face is how to deal with the end of life It has been said that most people fear the process of dying more than death itself Seven Words for the End of Your Journey helps us negotiate this unknown territory It is a new way of looking at Jesus's seven words of the cross Through these seven words we discover how Jesus personally experienced all the challenges people face at the end of life Many devotional and theological books have been written about the seven words But few of them have unpacked how these words speak directly to people who are now face to face with the end of life Just as Jesus teaches people how to live well in his Sermon on the Mount so he teaches how to die well in his seven words from the cross Out of his own dying experience Jesus shows the way for others to traverse this difficult terrain and come through victorious This book is a sensitive practical guide for patients their families and their caregivers

American Heresy John Fanestil,2023-09-26 American Heresy uncovers the complex legacy of America's founding principles demonstrating how the very same values have produced both good fruit and the bitter harvest of white Christian nationalism Fanestil adeptly traces an early American story that reaches into our present with alarming immediacy Using cogent examples from the earliest days of colonial settlement through the Revolutionary War era Fanestil helps us understand how many of the principles we view as paradigmatic expressions of American identity have had contested histories from the start Virtue has brought both self sacrifice and extremism progress both cultural pride and white racism The very same principles that underpin the United States' proudest moments also forged the white Christian nationalism that fruited so dangerously in the Capitol insurrection of January 6 2021 The implications of Fanestil's complex history are highly pertinent and alarming Far from a fringe movement embraced by a violent few white Christian nationalism is a spiritual inheritance shared by all white American Christians Grappling with this history is vital if the United States is ever to move beyond its tragic legacy as a white settler society

Religion and Politics in America's Borderlands Sarah Azaransky,2013-06-06 Religion and Politics in America's Borderlands brings together leading academic specialists on immigration and the borderlands as well as nationally recognized grassroots activists who reflect on their varied experiences of living working and teaching on the US Mexico border and in the borderlands These authors demonstrate the groundbreaking claim that the borderlands are not only a location to think about religiously but they're also a place that reshapes religious thinking In this pioneering book scholars and activists engage with Scripture theology history church practices and personal experiences to offer in depth analyses of how the borderlands confront conventional interpretations of Christianity

Being Well When We're Ill Marva J. Dawn,2008-01-01 Offers advice to those coping with illness or a disability providing spiritual and practical suggestions for coping with such aspects of illness as physical pain regrets bitterness and loneliness
