*Musorgsky: Pictures at an Exhibition* Michael Russ, 1992-08-28 Publisher Description **Mussorgsky's Pictures at an Exhibition** Anna Harwell Celenza, 2016-04-12 When his friend Victor suddenly dies composer Mussorgsky is deeply saddened But with the help of his friends and through his own music Modest finds a way to keep Victor's spirit alive Readers of all ages will enjoy the inspirational story behind the composition of Pictures at an Exhibition Bright colorful illustrations incorporate elements of Russian folk art and traditional symbols View pages from artist JoAnn Kitchel's notebook for explanations of the symbols and see her pencil sketch research of the Russian culture This handsome book and CD recording provide enrichment for the whole family **MUSSORGSKY'S PICTURES AT AN EXHIBITION** Timur Mustakimov, 2021 As a pianist I had the opportunity to study Modest Mussorgsky's Pictures at an Exhibition Op 11 for many years Performing it on stage remains the most insightful source for understanding the work and its complex beauty Through playing it more and more my perception of Pictures became more concrete and detailed At the same time it was clear how firmly it could withstand different interpretations This work can be approached in infinite ways in order to solve the technical challenges and to accomplish the ultimate goal of holding the piece together on the stage Mussorgsky's cycle stands alone in its grandeur and truly represents the enigmatic nature of Russian music His unpolished style of writing Mussorgsky was considered an amateur by his distinguished colleagues such as Nikolai Rimsky Korsakov and Pyotr Ilyich Tchaikovsky contributes to the dramatic effect of the composition Vladimir Ashkenazy in his preface to the Wiener Urtext edition of Pictures at an Exhibition perfectly sums up the profundity and importance of the work Perhaps the most important and crucial point in understanding this piece is that although it was conceived initially as a programmatic cycle the result is music that not only goes far beyond mere descriptive qualities but in fact gives us a penetrating insight into the dark and brooding spirit of Mussorgsky or for that matter of Russia itself x The monograph consists of ten chapters In Chapter 1 I describe the social and historic aspects of Mussorgsky's time and his attempts to find an authentic Russian voice in his composition iv Chapter 2 covers the motifs embedded in the cycle and a description of each visual picture seen by Mussorgsky as he goes through the exhibition Not all of Hartmann's original pictures survived The Promenades which connect the pictures in the cycle are discussed in Chapter 3 I attempt to visualize and understand the composer based on how each Promenade reflects his reaction upon seeing the pictures at the gallery Chapter 4 analyzes the meaning of the rhythm in the cycle how it represents the images Mussorgsky creates and how it serves compositionally as a binding mechanism of the form Chapter 5 discusses the composer's revolutionary sense of harmony Chapter 6 gives a few practical fingering solutions in the most technically demanding moments of the cycle Additionally I discuss the pedaling which is not indicated by the composer leaving the door open for the personal choices of the performer Chapter 7 compares motivic and textural connections with other works such as Songs and Dances of Death and Boris Godunov Chapter 8 gives insight through visual

artists in connection to Mussorgsky Repin a close friend of Mussorgsky who painted his most famous portrait describes Mussorgsky's deteriorating physical condition at the end of his life Another great Russian modern painter Kandinsky was inspired by the music and created a visualization of his cycle in the twentieth century The chapter 9 discusses a few differences in the musical editions By now there is no longer controversy about the manuscript of the work nor discrepancies between editions However Rimsky Korsakov's alterations of the original manuscript in the first edition v are observed Because the score is both authentic and objective the editions providing editorial remarks are not included in this chapter For the same reason I found it unnecessary to mention arrangements including the famous orchestration by Maurice Ravel and Vladimir Horowitz's piano arrangement In chapter 10 I summarize the research on Pictures Michel Dimitri Calvocoressi 1877 1944 was a prominent writer on music and a distinguished advocate of Russian music His particular interest was the life and music of Modest Mussorgsky Known by the music community as a dedicatee of Maurice Ravel's *Alborada Del Gracioso* Calvocoressi wrote three books on Mussorgsky which was the starting point of my research Calvocoressi devoted himself to understanding the complex nature of the composer In *Modest Mussorgsky His Life and Works* Calvocoressi writes To write at thirty one years interval two books on the same composer is bound to be a strange experience By that time it seemed reasonable to hope that a fairly adequate biographical and critical study could be achieved even though many important materials neither I nor anybody else realized how many were still undiscovered or inaccessible x The undiscovered materials eventually were brought to light especially with Pavel Lamm's complete critical edition of Mussorgsky's works However Calvocoressi's perception of the composer's music greatly influenced the western musical world One of the most comprehensive works on Pictures at an Exhibition was completed by Michael Russ It includes all of the updated data and available sources Russ very well aware of the legacy of Calvocoressi shares his sentiment and begins his book with this introduction v i In his study of Mussorgsky written in the years coming up to the Second World War M D Calvocoressi says of Pictures at an Exhibition the whole suite is an attractive but not particularly significant work ix In contrast Solomon Volkov in his book *Romanov Riches* introduces Mussorgsky in a different manner Mussorgsky was undoubtedly the most talented member of the Mighty Bunch but no one in the group understood it They treated him the way a family might a gifted but wayward child despairing of his eccentric behavior intemperate drinking excessive in the opinion of others selfregard and inability to work in an organized and concentrated manner attention deficit disorder perhaps 218 All the literature on Pictures represents a detailed analysis of the work from a theoretical perspective which makes the understanding of the work rather one sided My personal and practical understanding of how the work can be perceived and performed might provide a fuller appreciation for one of the greatest Russian piano compositions I hope that my approach can bring a different pianistic outlook on the work which can have practical application for students and teachers For this monograph the last name Mussorgsky is spelled with ss while the spelling with s is preserved if used in the cited source Occasionally for the sake of

variety Mussorgsky is addressed by his patronymic name Modest Petrovich Italics are used for the title Pictures at an Exhibition or simply Pictures When addressing Hartmann s sketches themselves the word picture pictures is written without italics For the score examples Pavel Lamm s edition is used vi Pictures at an Exhibition ,1985-03 The inspiration for Mussorgsky s most famous work came from his friend Victor Hartmann an artist and architect When Hartmann died at the early age of 39 Mussorgsky and the rest of the Russian artistic community were stunned so they organized a memorial exhibit of his work From that showing came Mussorgsky s Pictures at an Exhibition based on the sketches watercolors and architectural designs displayed at the exhibition as well as a few private canvases that Mussorgsky had seen earlier Each selection in this stunning masterpiece is connected by Promenade which moves between 5 4 and 6 4 representing the uneven gait of Mussorgsky walking to the next picture Titles Promenade 1 The Gnome Promenade 2 The Old Castle Promenade 3 Tuileries Children Quarreling at Play 4 Bydlo Promenade 5 Ballet of Unhatched Chickens 6 Samuel Goldenberg and Schmuyle Promenade 7 The Market Place at Limoges 8 Catacombae Lingua Mortua 9 Hut of the Baba Yaga 10 The Great Gate of Kiev Mussorgsky Modest Petrovich Mussorgsky, *Pictures at an Exhibition* Modeste Mussorgsky, Mussorgsky's Pictures at an Exhibition Jason Klein,1981 **Mussorgsky** Naomi Phelan,2006 **Mussorgsky's Pictures at an Exhibition** Molly Murphy,Rhode Island School of Design,1982 *All Music Guide to Classical Music* Chris Woodstra,Gerald Brennan,Allen Schrott,2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original *Pictures at an Exhibition* Modest Mussorgsky,1996-02-01 The inspiration for Mussorgsky s most famous work came from his friend Victor Hartmann an artist and architect When Hartmann died at the early age of 39 Mussorgsky and the rest of the Russian artistic community were stunned so they organized a memorial exhibit of his work From that showing came Mussorgsky s Pictures at an Exhibition based on the sketches watercolors and architectural designs displayed at the exhibition as well as a few private canvases that Mussorgsky had seen earlier Each selection in this stunning masterpiece is connected by Promenade which moves between 5 4 and 6 4 representing the uneven gait of Mussorgsky walking to the next picture Titles Promenade 1 The Gnome Promenade 2 The Old Castle Promenade 3 Tuileries Children Quarreling at Play 4 Bydlo Promenade 5 Ballet of Unhatched Chickens 6 Samuel Goldenberg and Schmuyle Promenade 7 The Market Place at Limoges 8 Catacombae Lingua Mortua 9 Hut of the Baba Yaga 10 The Great Gate of Kiev **Mussorgsky's Pictures at an Exhibition** Chen-Tien Lee,2001 **Mussorgsky** Shirlee Halley,2000 *Mussorgsky's Pictures at an Exhibition* Jason Klein,1983 *Pictures at an Exhibition* Modest Mussorgsky,2021-02-22 Pictures at an Exhibition Kartinki s vystavki by Modest P Mussorgsky 1839 1881 is a demanding piano work written in 1874 composed for the posthumous exhibition of paintings and drawings by the architect and illustrator Viktor A Hartmann 1834 1873 Mussorgsky and Hartmann possibly met in the mid 1870s by their mutual friend

Vladimir V Stasov 1824 1906 to whom the work is also dedicated This urtext version is based solely on the autograph manuscript as the main source however the first revised edition by Nikolay A Rimsky Korsakov has also been consulted which was published in 1886 by V Bessel in Saint Petersburg a copy that we were able to access at the National Humanities Foundation On the cover of the manuscript is the signature of the composer and the precise date of completion Petersburg June 22 1874 On the cover are written a few words by the composer s hand Dedicated to Vladimir Vasilyevich Stasov Pictures at an Exhibition Memories of Viktor Hartmann By M Mussorgsky 1874 On the left of the cover the composer added For you g n ralissime the organizer of the exhibition in memory of our dear Viktor on June 27 Although the autograph is neatly written the musical text of our edition reflects Mussorgsky s manuscript as closely as possible although the composer was unable to provide names for the Promenades that follow Gnomus and Il Vecchio Castello likewise there are unnecessary duplications of the same note in different voices possibly by mistake however these provide clues about their musical intentions for performance and which have in some cases been omitted to achieve the standards of modern writing All accidental warnings that are redundant have been reduced to provide more convenience for the performer to read and study All editor suggestions have been placed in square brackets *Pictures at an Exhibition* Modest Mussorgsky, 2015-11-03 *Pictures at an Exhibition* is Mussorgsky s best known piano composition It has become a monumental showpiece for virtuoso pianists The cycle is physically challenging requiring great strength and stamina Consequently this splendid work has been considered out of reach for many pianists Yuki Chou Brandenburg a concert pianist and international award winner and the teacher of award winning students has rearranged and slightly simplified all sixteen pieces More true to the original than other transcriptions this arrangement will make this piece accessible for Early Advanced pianists to study and perform

Mussorgsky, 2021-12-02 In 1874 Mussorgsky wrote his famous piano cycle inspired by an exhibition of pictures by his friend Viktor Hartmann The resources of musical realism are used to describe the ten pictures in great detail the interposed Promenades then reflect the subjective impressions and feelings of the visitor looking at the pictures This edition is based on Mussorgsky s original score with the addition of a few markings apparently overlooked by the composer inserted in brackets Fingerings have been added together with the original comments on individual pieces from the first edition These comments by the art critic Vladimir Stasov the organiser of the exhibition outline the programmatic nature of the musical composition A major work in the piano repertoire
