Ressler, 2003 Profiles more than 150 women artists of the nineteenth and twentieth centuries from the American West offers fifteen interpretive essays and includes nearly three hundred reproductions of their works **Lesbian Art in America** Harmony Hammond, 2000 Profiles of 18 prominent lesbian artists from Kate Millett and Joan Snyder to Deborah Kass and Catherine Opie complete this groundbreaking contribution to contemporary art history **BOOK JACKET** The Visual Is Political Na'ama Klorman-Eraqi, 2019-07-19 The Visual is Political examines the growth of feminist photography as it unfolded in Britain during the 1970s and 1980s This period in Britain was marked by instability following the collapse of the welfare state massive unemployment race riots and workers strikes However this was also a time in which various forms of social activism emerged or solidified including the Women s Movement whose members increasingly turned to photography as a tool for their political activism Rather than focusing on the aesthetic quality of the images produced Klorman Eraqi looks at the application of feminist theory photojournalism advertising photo montage punk subculture and aesthetics and politicized street activity to emphasize the statement and challenge that the photographic language of these works posed She shows both the utilitarian uses of photography in activism but also how these same photographers went on to be accepted or co

opted into the mainstream art spaces little by little sometimes with great controversy The Visual is Political highlights the relevance and impact of an earlier contentious creative and politicized moment of feminism and photography as art and activism *Fantasies of Femininity* Jane M. Ussher,1997 In *Fantasies of Femininity* Jane Ussher focuses on unraveling the contradictory visions of feminine sexuality the fact that representations of the definition of woman seethe with sexuality yet for centuries women have been condemned for exploring their own sexual desires In her quest for the sources of feminine representation Ussher interviewed dozens of women as well as some men and combed popular media from *Seventeen* to *Cosmopolitan* and *Dallas* to *Donahue* to identify what shapes women's symbolic images of sex and femininity Ussher argues that women have effectively resisted and subverted these archetypal fantasies of femininity and in the process of so doing reframed the very boundaries of sex In this way she exposes as myth much of what we think we know about woman and about sex Encyclopedia of Lesbian and Gay Histories and Cultures George Haggerty,Bonnie Zimmerman,2003-09-02
