Novels Readers And Reviewers:

Novels, Readers, and Reviewers Nina Baym, 2018-03-15 This book describes and characterizes responses of American readers to fiction in the generation before the Civil War It is based on close examination of the reviews of all novels both American and European that appeared in major American periodicals during the years 1840-1860 a period in which magazines, novels, and novel reviews all proliferated Nina Baym makes use of the reviews to gain information about the formal, aesthetic, and moral expectations of reviewers Her major conclusion is that the accepted view about the American novel before the Civil War, the view that the atmosphere in America was hostile to fiction, is a myth There is compelling evidence she shows for the existence of a veritable novel industry and concomitantly a vast audience for fiction in the 1840s and 1850s

Reading Fiction in Antebellum America James L. Machor, 2011-04-01 James L. Machor offers a sweeping exploration of how American fiction was received in both public and private spheres in the United States before the Civil War Machor takes four antebellum authors: Edgar Allan Poe, Herman Melville, Catharine Sedgwick, and Caroline Chesebro, and analyzes how their works were published, received, and interpreted Drawing on discussions found in book reviews and in private letters and diaries, Machor examines how middle-class readers of the time engaged with contemporary fiction and how fiction reading evolved as an interpretative practice in nineteenth-century America Through careful analysis, Machor illuminates how the reading practices of nineteenth-century Americans shaped not only the experiences of these writers at the time but also the way the writers were received in the twentieth century What Machor reveals is that these authors were received in ways strikingly different from how they are currently read, thereby shedding significant light on their present status in the literary canon in comparison to their critical and popular positions in their own time Machor deftly combines response and reception criticism and theory with work in the history of reading to engage with groundbreaking scholarship in historical hermeneutics In so doing, Machor takes us ever closer to understanding the particular and varying reading strategies of historical audiences and how they impacted authors' conceptions of their own readership

Contemporary Chinese Novels in Translation since 1978 Yun Wu, 2024-10-14 This book aims to complement the traditional focus of translation studies, which has primarily centered on translating English into other languages It presents a comprehensive analysis of the reverse translation trajectory, exploring the movement of Chinese literature into the core English literary domain The book aims to explore the ideological and sociological dynamics that underlie the translation of contemporary Chinese novels This is achieved through an examination of the translation selection process, translation paratexts, and the roles of translation agents Case studies are employed to illustrate specific linguistic, literary, and cultural challenges within translation It dissects the cultural and literary implications of translating genres such as women's writing, science fiction, and Internet literature The argument presented is that the translation of peripheral literature is indispensable in shaping global literature Beyond its literary implications, the book identifies the political significance inherent in such reverse translation

endeavors It suggests that the translation of Chinese literature holds notable political interest for the Chinese government which aims to reshape China's image and bolster the nation's soft power through literary translation This work will be an essential read to students and scholars of translation studies comparative literature and Chinese studies **Encyclopedia**

Theory and Readers' Emotional Responses to Literature Megan Mansworth, 2025-09-18 This book develops a cognitive stylistic exploration of readers' emotional experiences of literature Adopting Possible Worlds Theory as a framework the volume constructs a stylistic analysis of some of the ways in which novels elicit readers' emotions A typology of past present and future textual actual and possible worlds is formulated to frame analysis of three novels A Fine Balance by Rohinton Mistry Revolutionary Road by Richard Yates and The Trick Is to Keep Breathing by Janice Galloway The author integrates close stylistic analysis with the use of empirical data drawn from reader interviews and online reader reviews The analysis of these diverse 20th century novels works to show the utility of the typology for analysis formulated for this book as well as to demonstrate the value of incorporating empirical reader data in analysis of the ways in which novels may affect readers' emotions **Contemporary English-Language Indian Children's Literature**

Michelle Superle, 2011-05-09 Concurrent with increasing scholarly attention toward national children's literatures Contemporary English language Indian Children's Literature explores an emerging body of work that has thus far garnered little serious critical attention Superle critically examines the ways Indian children's writers have represented childhood in relation to the Indian nation Indian cultural identity and Indian girlhood From a framework of postcolonial and feminist theories children's novels published between 1988 and 2008 in India are compared with those from the United Kingdom and North America from the same period considering the differing ideologies and the current textual constructions of childhood at play in each Broadly Superle contends that over the past twenty years an aspirational view of childhood has developed in this literature a view that positions children as powerful participants in the project of enabling positive social transformation Her main argument formed after recognizing several overarching thematic and structural patterns in more than one hundred texts is that the novels comprise an aspirational literature with a transformative agenda they imagine apparently empowered child characters who perform in diverse ways in the process of successfully creating and shaping the ideal Indian nation their own well

adjusted bicultural identities in the diaspora and or their own empowered girlhoods Michelle Superle is a Professor in the department of Communications at Okanagan College She has taught children s literature composition and creative writing courses at various Canadian universities and has published articles in Papers and IRCL

The Readers' Review,1908 *Readers in History* James L. Machor,1993 Nineteenth century America witnesses an unprecedented rise in reading activity as a result of increasing literacy advances in printing and book production and improvements in transporting printed material As the act of reading took on new cultural and intellectual significance American writers had to adjust to changes in their relationship with a growing audience Calling for a new emphasis on historical analysis Readers in History reconsiders reader response and reception approaches to the shifting contexts of reading in nineteenth century America James L Machor and his contributors dispute the essentializing tendency of much reader response criticism to date arguing that reading and the textual construction of audience can best be understood in light of historically specific interpretive practices ideological frames and social conditions Employing a variety of perspectives and methods including feminism deconstruction and cultural criticism the essays in this volume demonstrate the importance of historical inquiry for exploring the dynamics of audience engagement

Johnson, 2020-11-03 This book revisits Jean Rhys s ground breaking 1966 novel to explore its cultural and artistic influence in the areas of not only literature and literary criticism but fashion design visual art and the theatre as well Building on symposia that were held in London and New York in 2016 in honour of the novel s half century this collection demonstrates just how timely Rhys s insights into colonial history sexual relations and aesthetics continue to be The chapters include an extensive interview with novelist Caryl Phillips who in 2018 published a novel about Rhys s life an account of how Wide Sargasso Sea can be read through the lens of the MeToo Movement a clothing line inspired by the novel and new critical directions As both a celebration and scholarly evaluation the collection shows how enduring Rhys s novel is in its continuing literary influence and social commentary The National and English Review , 1911 Desert Passions Hsu-Ming Teo, 2012-11-15 The Sheik E M Hull s best selling novel that became a wildly popular film starring Rudolph Valentino kindled sheik fever across the Western world in the 1920s A craze for all things romantically Oriental swept through fashion film and literature spawning imitations and parodies without number While that fervor has largely subsided tales of passion between Western women and Arab men continue to enthrall readers of today s mass market romance novels In this groundbreaking cultural history Hsu Ming Teo traces the literary lineage of these desert romances and historical bodice rippers from the twelfth to the twenty first century and explores the gendered cultural and political purposes that they have served at various historical moments Drawing on high literature erotica and popular romance fiction and films Teo examines the changing meanings of Orientalist tropes such as crusades and conversion abduction by Barbary pirates sexual slavery the fear of renegades the Oriental despot and his harem the figure of the powerful Western concubine and fantasies of escape from the harem She analyzes the impact of imperialism decolonization sexual liberation feminism and American involvement in the Middle East on women s Orientalist fiction Teo suggests that the rise of female authored romance novels dramatically transformed the nature of Orientalism because it feminized the discourse made white women central as producers consumers and imagined actors and revised reversed or collapsed the binaries inherent in traditional analyses of Orientalism The Hindustan Review , 1927 **The Book of the Cambridge Review, 1879-1897** Cambridge Review, 1898 *The Richard & Judy Book Club Reader* Helen Cousins, 2016-03-03 In January 2004 daytime television presenters Richard Madeley and Judy Finnigan launched their book club and sparked debate about the way people in Britain from the general reader to publishers to the literati thought about books and reading The Richard Judy Book Club Reader brings together historians of the book literature scholars and specialists in media and cultural studies to examine the effect of the club on reading practices and the publishing and promotion of books Beginning with an analysis of the book club s history and its ongoing development in

relation to other reading groups worldwide including Oprah's the editors consider issues of book marketing and genre Further chapters explore the effects of the mass broadcast celebrity book club on society literature and its marketing and popular culture Contributors ask how readers discuss books judge value and make choices The collection addresses questions of authorship authority and canon in texts connected by theme or genre including the postcolonial exotic disability and representations of the body food books and domesticity In addition book club author Andrew Smith shares his experiences in a fascinating interview Wiseman Review ,1870 The Anthology and the Rise of the Novel Leah Price,2003-07-17 The Anthology and the Rise of the Novel first published in 2000 brings together two traditionally antagonistic fields book history and narrative theory to challenge established theories of the rise of the novel Leah Price shows that far from leveling class or gender distinctions as has long been claimed the novel has consistently located them within its own audience Shedding new light on Richardson and Radcliffe Scott and George Eliot this book asks why the epistolary novel disappeared how the book review emerged why eighteenth century abridgers designed their books for women while Victorian publishers marketed them to men and how editors reproduction of old texts has shaped authors production of new ones This innovative study will change the way we think not just about the history of reading but about the genealogy of the canon wars the future of intellectual property and the role that anthologies play in our own classrooms *The Nathaniel Hawthorne Review* ,2004
