whom she bought a new house and opened a delicatessen bakery Pressed economically by the Great Depression the ever resourceful Anna Marie found other ways to get the money to support her passionate pastime betting on horses She tried burning down the house then the deli for the insurance and she tried killing her husband also for the insurance life savings before feeding them arsenic with deadly results For weeks her Cincinnati trial for the greatest mass murder in the history of the country was a front page sensation across the nation A thousand or more curiosity seekers came daily to the court house to try to get just a glimpse of her Nearly 100 witnesses gave damning testimony against her and the jury's guilty verdict put her on the path to the electric chair Finally after a year all appeals were exhausted and Anna Marie age 32 was executed on December 7 1938 at the state penitentiary in Columbus True crime buffs historians legal professionals and others seeking an extraordinary story will find *The Goodbye Door* a compelling addition to true crime literature ***Fighting the Devil*** Jeannie Walker, 2011 A Texas millionaire rancher discovered his wife and bookkeeper had stolen thousands of dollars from him After he demanded the money back he started getting sick While he was in the hospital doctors were mystified as to how an otherwise healthy energetic man could become so deathly ill The dying man told everyone within earshot that his wife and bookkeeper were killing him The man's wife said her husband was hallucinating from drugs the doctors were giving him The millionaire rancher succumbed in the hospital while strapped down to his bed with restraints on his hands and feet and tubes in every orifice After the rancher died an anonymous caller tipped off the police The widow was the sole beneficiary of the estate and a 350 000 life insurance policy A week before the man's death a teenager visited the rancher's home and became deathly ill after he drank juice that was in the rancher's refrigerator Two years after the millionaire's death a bottle of arsenic was found in a storage locker rented by a woman under an assumed name The millionaire's ex wife the mother of his children became a sleuth to help solve the murder No one could have predicted the aftermath with its strange twists and unexpected results **Poison Widows** Self, 2016-12-29 George Cooper's first book *Lost Love* won acclaim for its riveting portrayal of tender passions and sensational murder in old Manhattan It was history rendered in a page turning narrative style a style that Cooper now applies to the 1930s and the infamous poison murder ring that infected the superstitious Italian immigrant community of South Philadelphia *Poison Widows* describes a world where the evil eye could bring ruin upon a family where malevolent spirits stalked the living and where the only relief lay in the *fattuchiere* the witch doctors of the Old Country It tells the story of a self proclaimed sorcerer Morris Louie the Rabbi Bolber who claimed he could cure cancer with a magic butter knife given to him by a Chinese witch Paul Petrillo who discovered that the Rabbi's love potion while useless as an agent of romance was quite a handy and seemingly untraceable poison and the dozens of poison widows women who some as willing accomplices and others just foolish dupes sent their husbands to an excruciatingly painful death When the scheme was eventually uncovered a protracted battle was waged upon the widows in the courts urged on by a frenzied press and an ambitious district attorney Drawing on trial transcripts press reports and interviews with participants Cooper paints a

vibrant darkly comic portrait of this sordid chapter in the history of crime The parallels to recent trials including the impact of media coverage and the awesome powers of a skilled lawyer to redefine justice on his own terms gives *Poison Widows* the timeliness of a story sprung right from the headlines mingled with the morbid timelessness of mankind's darkest nature
