National Perspectives on Russia Maxine David, Jackie Gower, Hiski Haukkala, 2013-06-03 This book presents a ground breaking comparative study of the bilateral relations of all 27 EU member states with Russia and an assessment of their impact on the EU's efforts to conduct a coherent and effective policy towards its most important neighbour While there has been a lot of research on European foreign policy there has been much less on the role that national foreign policies play in it Based on a common analytical framework this book offers a detailed analysis of national perspectives on Russia and how they interact with and affect policymaking at the EU level The authors provide deep insights into the relationship between individual states and Russia looking at a range of policy areas economics trade energy security culture and education They are not only interested in examining policy failure but also probing the possibilities of seeing national foreign policies and the bilateralism with third parties that they often entail as a potentially positive resource for the European Union As Russia is an example of a particularly hard case for EU foreign policy this book yields important insights concerning the possibilities as well as limits of developing a common EU policy in the future It will

be of interest to students and scholars of European politics EU Studies Russian politics foreign policy studies and international politics *Poland in the Single Market* Anna Visvizi, Anna Matysek-Jędrych, Katarzyna

Mroczek-Dąbrowska, 2020-10-21 By all accounts the case of Poland and its segue to market economy and democracy is a success story 30 years of uninterrupted growth and development infrastructure expansion and modernization of the economy and society Epochal changes have unfolded in a timespan of merely three decades Change has taken place so fast that children born in late 1980s and onwards cannot remember what life in Poland under communism was like and cannot relate to it Also many elderly people easy victims of romanticizing their own youth tend to forget As a result the uniqueness of Polish transition and transformation the boldness and efficiency of reforms and the success that Polish society mastered together tend to be undermined today both domestically and internationally Poland has now been a member of the EU for more than 15 years During that time Poland's image on the EU scene evolved from newcomer through model child champion of growth to in some respects a maverick This volume's objective is to remind society old and young researchers scholars and practitioners that Poland's success is an outcome of well thought out and bold structural reforms implemented in a swift and timely manner of society's support for these reforms and of third actors benign assistance Looking back on the 30 years since the collapse of communism and at the over 15 years of EU membership this book offers an interdisciplinary comprehensive and critical insight into factors and processes that have led to today's Poland *Examining Perspectives of Small-to-Medium Powers in Emergent Great Power Competition* Philip M. Baxter, 2025-09-29 This book delves into the resurgence of China and Russia as assertive regional powers igniting debates and renewed interest in the dynamics of great power politics and power transitions The questions of how competition with these states will evolve and what the future international system may resemble given their potential regional dominance are at the forefront of global concerns in the coming decades As power politics intensify the significance of allies and alliance systems escalates becoming critical tools for states seeking to navigate this rising great power competition effectively *Universal History in Perspective* Emma Willard, 1873 *Poland*

September 1939 - July 1941 Klaus-Peter Friedrich, 2023-03-20 Executive editor Klaus Peter Friedrich English language edition prepared by Elizabeth Harvey Russell Alt Haaker Johannes Gamm Georg Felix Harsch Dorothy Mas and Caroline Pearce This volume the first of three in the series focusing on the persecution and murder of the Jews in occupied Poland documents the developments from the attack on Poland in September 1939 up to July 1941 It covers the territories of western and northern Poland annexed to the Reich as well as the General Government With the attack on Poland around two million Polish Jews came under German rule Jews were immediately subjected to stigmatization and humiliation exposed to arbitrary acts of violence deprived of their livelihoods subjected to forced labour and forcibly displaced In July 1940 a report by representatives of Polish Jews on the situation in the annexed territories of Poland sent to the US embassy in Berlin described a downcast stigmatized Jewish population terrorized and powerless in face of displacement expulsions and the

increasing incarceration of the Jewish population in ghettos and it predicted that the process of destruction is not yet complete The volume documents the drive by the occupiers systematically to confiscate the property of the Polish Jews and the different often chaotic and conflicting strategies for displacing Jews in the annexed territories and in the General Government The volume shows a range of reactions by the non Jewish population of Poland to the escalating persecution of the Polish Jews It also shows the efforts by Jewish organizations to publicize their plight abroad to withstand the onslaught on their communities and to manage daily life in the increasingly desperate conditions of the ghettos Learn more about the PMJ on <https://pmjdocuments.org>

The United States and Poland Piotr Stefan Wandycz, 1980 The United States and Poland adds a new dimension to the scholarship of America's international relations Piotr Wandycz presents a comprehensive picture of the changing relationships between the United States and Poland over two hundred years This work is as Wandycz writes both a survey and a synthesis Because he believes that an understanding of the history of Poland is necessary in order to appreciate the complex nature of its involvement with the United States he provides a thorough analysis of Poland's internal development concentrating on the twentieth century He also carefully places American Polish history in the broader context of changing East West relations Finally he speculates on the future between the two countries as detente unfolds and surprising happenings like the election of a Polish Pope occur Ultimately Wandycz acknowledges the American Polish relationship has been one sided even more so than is normal in contacts between great and small powers One must not imagine he writes that Poland has been on the minds of American foreign policy makers consistently but if one thinks of Poland in the context of East Central Europe her significance increases dramatically This book provides a necessary history and evaluation of a nation state once dominant in Europe and now searching for an appropriate role

Poland in European Union Alojzy Nowak, Konstanty Adam Wojtaszczyk, Łukasz Zamecki, 2016-01-22

Poland's Kin-State Policies Andreea Udrea, David Smith, Karl Cordell, 2021-09-05 The increased engagement of states with their co ethnics abroad has recently become one of the most contentious features of European politics Until recently the issue has been discussed predominantly within the paradigm of international security yet a review of the broader European picture shows that kin state engagement can in fact have a positive societal impact when it actually responds effectively to the claims formulated by co ethnic communities themselves Poland's Kin State Policies Opportunities and Challenges offers new insights into this issue by examining Poland's fast evolving relationship with Polish communities living beyond its borders Its central focus is the Act on the Polish Card generally known as Karta Polaka Tracing policymaking processes and the underlying political agendas that have shaped them the volume situates Poland's engagement within broader conceptual and normative debates around kin state and diaspora politics and explores its reception and impact in neighbouring states Ukraine Germany Lithuania The volume highlights how the issue of co ethnics abroad is increasingly being instrumentalised most especially for the purposes of attracting labour migration to resolve the demographic crisis in Poland The chapters in this book were originally published

as a special issue of *Ethnopolitics* Poland: Annexed Territories August 1941–1945 Ingo Loose, 2024-12-02 Executive editor Ingo Loose English language edition prepared by Elizabeth Harvey Russell Alt Haaker Johannes Gamm Georg Felix Harsch Dorothy Mas and Caroline Pearce This source edition on the persecution and murder of the European Jews by Nazi Germany presents in a total of 16 volumes a thematically comprehensive selection of documents on the Holocaust The work illustrates the contemporary contexts the dynamics and the intermediate stages of the political and social processes that led to this unprecedented mass crime It can be used by teachers researchers students and all other interested parties The edition comprises authentic testimony by persecutors victims and onlookers These testimonies are furnished with academic annotations and the vast majority of them are published here for the first time in English Learn more about the PMJ on <https://pmjdocuments.org> *Poland Within the European Union* Aleks Szczerbiak, 2012 Provides a detailed empirical case study of the impact of the EU on Poland and Poland's impact on the EU in the first three years of membership from 2004–2007

Polish Perspectives, 1981 *Poland under German Occupation, 1939–1945* Jonathan Huener, Andrea Löw, 2024-01-05 As a unique and innovative addition to the scholarship on Nazi Germany the Holocaust and modern Polish history this volume provides fresh analysis on the Nazi occupation of Poland Through new questions and engaging untapped sources the leading historians who have contributed to this volume provide original scholarship to steer debates and expand the historiography surrounding Nazi racial and occupation policies Polish and Jewish responses to them persecution police terror resistance and complicity **Soviet Soft Power in Poland** Patryk Babiracki, 2015-05-15 Concentrating on the formative years of the Cold War from 1943 to 1957 Patryk Babiracki reveals little known Soviet efforts to build a postwar East European empire through culture Babiracki argues that the Soviets involved in foreign cultural outreach tried to use soft power in order to galvanize broad support for the postwar order in the emerging Soviet bloc Populated with compelling characters ranging from artists writers journalists and scientists to party and government functionaries this work illuminates the behind the scenes schemes of the Stalinist international propaganda machine Based on exhaustive research in Russian and Polish archives Babiracki's study is the first in any language to examine the two way interactions between Soviet and Polish propagandists and to evaluate their attempts at cultural cooperation Babiracki shows that the Stalinist system ultimately undermined Soviet efforts to secure popular legitimacy abroad through persuasive propaganda He also highlights the limitations and contradictions of Soviet international cultural outreach which help explain why the Soviet empire in Eastern Europe crumbled so easily after less than a half century of existence Poland's Place in Europe Sarah Meiklejohn Terry, 2014-07-14 The author explores a variety of questions related to General Sikorski's policies such as his effort to maintain an independent Polish Army in the Soviet Union Drawing on extensive British American and Polish archives her work describes the defeat of a radical solution to the perennial instability of Central Europe Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton

University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Towards a History of Linguistics in Poland E.F.K. Koerner,Aleksander Szwedek,2001-12-04 Apart from the names of Jan Baudouin de Courtenay 1845 1929 Miko aj Kruszewski 1851 1887 and later Jerzy Kury owicz 1895 1978 Polish linguists and Polish linguistics generally have been little known in the West The first two were mentioned with approval by Saussure in an unpublished paper and this reference was picked up by Roman Jakobson and others many years later Kury owicz for his part made himself well known in the West through his important work as Indo Europeanist even Semiticist and as a general linguist The present volume is a first attempt to broaden the perspectives on the Polish contribution to linguistics both inside and outside of Poland during the past centuries Specialists in their respective fields contributed chapters on the origins and development of general linguistics Z W sik applied linguistics F Grucza lexicology T Piotrowski dialectology St Gogolewski and onomastics S Gala followed by five chapters presenting the theories of the arguably most remarkable Polish linguistic thinkers from Baudouin de Courtenay A Adamska Sa aciak Kruszewski F M Berezin and Kury owicz W Smoczy ski to Miko aj Rudnicki 1881 1978 and Ludwik Zabrocki 1907 1977 both written by J Ba czerowski Detailed individual bibliographies a full index of names with life dates of Polish linguists from the Renaissance to the present day and a thorough index of subjects and terms make this volume an important reference tool for anyone wishing to acquaint himself with the rich heritage of Polish linguistic thought **Poland's EU Accession** Sergiusz Trzeciak,2018-01-12 This book examines the process of Poland s accession negotiations to the European Union between 1998 2003 An empirical study based on Robert Putnam s two level game model it charts the influence and role of key domestic actors and groups on the negotiations especially in three critical controversial areas areas where EU accession threatened to bring about a profound transformation to Polish life agriculture with particular emphasis on direct payments and production quotas the purchase of real estate by foreigners and the free movement of labour This book demonstrates the complex interaction between the domestic and international level of negotiations and furthermore shows how critical this link can be to negotiation outcomes at the international level It reveals how susceptible Poland s negotiation process was to domestic pressure particularly public opinion and interest groups Drawing heavily on qualitative analysis such as press releases news wires policy documents as well as quantitative analyses such as the use of opinion polls and supported by in depth unrestricted interviews with key Polish decision makers this book examines the dynamics of policy formation in Poland and shows how this translated into the final conditions of accession *Reshaping the World* Ernesto Castañeda,2021-03-16 This volume provides information and analyses to better grasp the social implications of geographical borders as well as the individuals who travel between them and those who live in border regions Sociologists anthropologists philosophers linguists and scholars of international relations and public health are just

some of the authors contributing to Rethinking Borders The diversity in the authors disciplines and the topics they focus on exemplify the intricacies of borders and their manifold effects This openness to so many schools of thought stands in contrast to the solidification of stricter borders across the globe The contributions range from case studies of migrants sense of belonging and safety to theoretical discussions about migration and globalization from empirical studies about immigrant practices and exclusionary laws to ethical concerns about the benefits of inclusion It is timely that this collective work is published in the middle of a pandemic that has affected every single part of the world Unprecedented border closures and stringent travel restrictions have not been enough to contain the virus entirely As COVID 19 shows diseases ideas and xenophobic and racist discourses know no borders Plans that transcend borders are vital when dealing with global threats such as climate change and pandemics *Russia and Poland* William Richard Morfill, 1906 European Strategic Autonomy and Small States' Security Giedrius Česnakas, Justinas Juozaitis, 2022-12-26 This book analyses whether the EU's drift towards European strategic autonomy presents a challenge or a window of opportunity for its small member states to advance their security interests The volume presents small states perceptions of European strategic autonomy highlighting their expectations and concerns The chapters focus on the depth and breadth of European strategic autonomy national security considerations assessment of the impact on transatlantic relations the expected outputs and its potential impact on the EU's institutional structure It also shows how systemic circumstances and the interests of powerful states either belonging to the EU France Germany and Poland or having a significant say in European security architecture the US establish opportunities and constraints for the small states to shape European strategic autonomy In particular the study focuses on the diverging interests of the Baltic states Estonia Latvia and Lithuania Belgium Denmark Greece Hungary and the Netherlands It demonstrates that in most cases European strategic autonomy is perceived not as an alternative to NATO but as a supplementary element that could facilitate the development of national military capabilities indigenous defence industries and resilience to non military threats Ultimately the book suggests that national approaches towards European strategic autonomy mainly stem from pragmatic national security and foreign policy considerations while largely ignoring grand strategic ideas This book will be of much interest to students of European politics security studies and international relations The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
