History & Politics Dušan Kováč, 1993 Acticity

Historical Dictionary of Moldova Andrei Brezianu, Vlad Spânu, 2007-04-23 The Republic of Moldova claims a European lineage reaching back in time long before its 14th century accession to statehood In the 15th century it managed against all odds to avoid being conquered by Islam and albeit an intermittent vassal after 1485 it maintained its autonomy and was never turned into a province of the Ottoman Empire After this period however Moldova would not be so fortunate as it altered between Russian Romanian and Soviet control until it finally gained its independence in 1991 from the Soviet Union The second edition of the Historical Dictionary of Moldova through its chronology introduction appendixes maps bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions and significant political economic social and cultural aspects traces the history of this small but densely populated country providing a compass for the direction it is heading

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the

period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state The Moldovans Charles King, 2013-09-01 The first English language book to present a complete picture of this intriguing East European borderland The Moldovans Romania Russia and the Politics of Culture illuminates the perennial problems of identity politics and cultural change that the country has endured

The A to Z of Moldova Andrei Brezianu, Vlad Spânu, 2010-05-26 The Republic of Moldova claims a European lineage reaching back in time long before its 14th century accession to statehood In the 15th century it managed against all odds to avoid being conquered by Islam and albeit an intermittent vassal after 1485 it maintained its autonomy and was never turned into a province of the Ottoman Empire After this period however Moldova would not be so fortunate as it altered between Russian Romanian and Soviet control until it finally gained its independence in 1991 from the Soviet Union The A to Z of Moldova through its chronology introduction appendixes maps bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions and significant political economic social and cultural aspects traces the history of this small but densely populated country providing a compass for the direction it is heading **Public Affairs Information Service Bulletin**, 1920 Moldova Marcel Mitrasca, 2002 With the Cold War era behind us the murky territorial questions on Romania's northeastern border start to receive more attention What are Moldova Moldavia Bessarabia and Transdnistria and how did they wind up suspended between Romania and Russia **100 Years since the Great Union of Romania** Dan Dungaciu, Viorella Manolache, 2019-11-06 100 Years since the Great Union of Romania is a pertinent witness to the course of Romanian political thinking It confirms that December 1918 demands to be celebrated as a fundamental historical event which imparts a prominent force to the continuing dynamics of the preposition since potentiating it not only with the structural valences of the initial moment and the starting point but also giving it the meaning of the plenary symbols of a historical act which after 100 years celebrates its establishment by reaffirming and confirming its fully mature vocation This volume is dedicated to the 100 years since the Great Union of all Romanians It will appeal to the wider academic community PhD students professors and researchers and to any reader interested in history history of political thoughts political philosophy and science or international relations Bulletin of the Public Affairs Information Service Public Affairs Information Service, 1920 **The Politics of Language and Nationalism in Modern Central Europe** T. Kamusella, 2008-12-16 This work focuses on the ideological intertwining between Czech Magyar Polish and Slovak and the corresponding nationalisms steeped in these languages The analysis is set against the earlier political and ideological history of these languages and the panorama of the emergence and political uses of other languages of the region

National Integration and Violent Conflict in Post-Soviet Societies Pål Kolstø, 2002-11-11 Why has social peace been preserved in some new nationalizing countries in Eastern Europe and broken down in others While civil peace has reigned in Estonia Moldova experienced a bloody civil war in 1992 claiming more than a thousand casualties These two states in question share a number of common characteristics but there is one important difference National Integration and Violent Conflict in Post Soviet Societies analyzes processes of nation building and ethnic integration in Estonia and Moldova in order to increase our general understanding of how social peace remains strong in one place and disintegrates in another Chapters employ both on the ground empirical studies and a strong theoretical framework to discuss theories on ethnic violence in the modern world and their possible relevance for these two cases Additionally the results of two large scale surveys and four country chapters written by scholars living and working in Moldova and Estonia round out the book s exploration of each country s similarities and differences The resulting volume contributes to a better understanding of national integration process in Estonia and Moldova and of national integration and communal violence in general *Making Ukraine* Olena Palko, Constantin Ardeleanu, 2022-05-15 Russia s illegal annexation of Crimea in 2014 and the ongoing war in eastern Ukraine have brought scholarly and public attention to Ukraine s borders Making Ukraine aims to investigate the various processes of negotiation delineation and contestation that have shaped the country s borders throughout the past century Essays by contributors from various historical fields consider how when and under what conditions the borders that historically define the country were agreed upon A diverse set of national and transnational contexts are explored with a primary focus on the critical period between 1917 and 1954 Chapters are organized around three main themes the interstate treaties that brought about the new international order in Eastern Europe in the aftermath of the world wars the formation of the internal boundaries between Ukraine and other Soviet republics and the delineation of Ukraine s borders with its western neighbours Investigating the process of bordering Ukraine in the post Soviet era contributors also pay close attention to the competing visions of future relations between Ukraine and Russia Through its broad geographic and thematic coverage Making Ukraine illustrates that the dynamics of contemporary border formation cannot be fully understood through the lens of a sole state frontier or ideology and sheds light on the shared history of territory and state formation in Europe and the wider modern world The New Europe , 1920
