Donaldson, **Tarot Alchemy** Kenneth Coombs, 2012-02 Employing a practical mathematical approach author Kenneth Coombs presents a scientific and comprehensive analysis of the twenty two Tarot cards in the Major Arcana This detailed examination deciphers the reactions and interactions of the Tarot cards with each other rather than simply the individual meanings of each card He shares the results of the 231 possible combinations In Tarot Alchemy Coombs a chemist with more than thirty years of Tarot card reading experience discusses a novel approach to understanding Tarot He details the process of alchemy which involves looking at each Tarot card as an element The interactions of the Tarot cards are like reactions that create molecules and it is the interactions of the Tarot cards with each other that give depth and enlightenment in a Tarot reading This process has given him the ability to determine specific timeframes and even names of people and places using the cards His approach of deciphering the interactions in a scientific way leads to new insights about the meanings of the Tarot cards in a reading Tarot Alchemy shows how learning to find patterns in the cards strengthens intuitive abilities and unlocks the doors to understanding the Tarot cards *The Tarot: A Collection of Secret Wisdom from Tarot's Mystical Origins* F. The Re-Enchantment of the West Christopher Partridge, 2005-01-04 As a book about emergent spirituality in the contemporary West this book focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence of mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re-enchantment Chapter 3 constructs a general theory of the re-enchantment of the West
