Sporty's, Sporty's Academy, 2015-10-16 The Training Course Outline is the direct connection between Sporty's r videos and the individual training with your flight instructor. It is a step by step lesson by lesson guide to completing your flight training in a logical structured manner. Adherence to this training curriculum will assure that all necessary training requirements are met as defined by the FAA and that your flight training will coincide with the Learn to Fly video course. Ground lessons can be integrated with the flight lessons using the Course Time Allocation Table as a guide. There is also space for evaluation by your flight instructor to document your proficiency in each task so that the Training Course Outline can serve as your permanent training record. Each lesson within the Training Course Outline is now indexed to Sporty's Learn to Fly Course videos. A required study section provides the exact volumes and segments to be reviewed for each lesson. This format also allows you to properly prepare in advance for the time spent with your flight instructor and allows that time to be spent more efficiently. 62 pages
