Readings John At Patmos And A Of Hours:

Half-Hour Readings for Sunday Afternoons. In Prose and Verse Thomas Milner,1874 *Reading the Book of Revelation* David L. Barr,2004 The interpretation of the Apocalypse is explored through various methods including historical literary and social analysis in combination with such reading strategies as process postcolonial and religion studies perspectives Shows how diverse methods produce divergent readings of a text Paperback edition available from the Society of Biblical Literature www.sbl-site.org *Popular Readings on the Revelation, for the Present Times ... People's Edition, Revised and Corrected* William GRAHAM (F.R.S.),1854 *Imitatio Ezechielis: The Irregular Grammar of Revelation Reconsidered* Garrett Evan Best,2025-02-27 Revelation contains the most unusual Greek written in the ancient world In *Imitatio Ezechielis* Best makes a unique contribution by arguing that the irregular Greek is due to John s imitation of the nature of the grammar found in the inaugural vision of his prophetic exemplar Ezekiel The wide ranging and multidisciplinary argument draws on Greek and Hebrew linguistics ancient rhetoric mimesis criticism and Jewish merkabah mysticism Readings Catherine De Vinck,1978-08-01 **Bulletin** ,1912 *Anthology of Magazine Verse and Yearbook of American Poetry* ,1985 **Reading and catechising** Charles Baker,1861 Political Realism in Apocalyptic Times Alison McQueen,2018 From climate change to nuclear war to the rise of demagogic populists our world is shaped by doomsday expectations In this path breaking book Alison McQueen shows why three of history s greatest political realists feared apocalyptic politics Niccol Machiavelli in the midst of Italy s vicious power struggles Thomas Hobbes during England s bloody civil war and Hans Morgenthau at the dawn of the thermonuclear age all saw the temptation to prophesy the end of days Each engaged in subtle and surprising strategies to oppose apocalypticism from using its own rhetoric to neutralize its worst effects to insisting on a clear eyed tragic acceptance of the human condition Scholarly yet accessible this book is at once an ambitious contribution to the history of political thought and a work that speaks to our times Western Illuminated Manuscripts Paul Binski,Patrick Zutshi,2011-03-31 Cambridge University Library s collection of illuminated manuscripts is of international significance It originates in the medieval university and stands alongside the holdings of the colleges and the Fitzwilliam Museum The University Library contains major European examples of medieval illumination from the ninth to the sixteenth centuries with acknowledged masterpieces of Romanesque Gothic and Renaissance book art as well as illuminated literary texts including the first complete Chaucer manuscript This catalogue provides scholars and researchers easy access to the University Library s illuminated manuscripts evaluating the importance of many of them for the very first time It contains descriptions of famous manuscripts for example the Life of Edward the Confessor attributed to Matthew Paris as well as hundreds of lesser known items Beautifully illustrated throughout the catalogue contains descriptions of individual manuscripts with up to date assessments of their style origins and importance together with bibliographical references **Reading Revelation** Joseph L. Trafton,2005 Trafton has produced a clear understandable insightful reading of the book of Revelation not an easy

task for a book that has left many readers puzzled and confused One of the particular strengths of Trafton s commentary is his close attention to the structure of John s work and the internal connections between various passages of the book Readers will also benefit from Trafton s identification of John s extensive indebtedness to the Hebrew Bible for much of his imagery and ideas Mitchell G Reddish O L Walker Professor of Christian Studies and Chair Department of Religious Studies Stetson University

Suggestive readings on the Gospels. St. John Mrs. Charles James Hamilton, 1872 Later Middle English Literature, Materiality, and Culture Brian Gastle, Erick Kelemen, 2018-04-12 The essays in this volume consider the ways in which material and intellectual culture both shaped and were shaped by the literature of late medieval England The first section Textual Material reflects on cultural and social issues generally referred to as the History of Ideas and how those ideas manifest in later medieval English texts Essays address for example affect in The Book of Margery Kempe rhetoric in Sir Gawain and the Green Knight anarchy in late medieval political texts and temporality in Gower s Confessio Amantis The essays in the second section Material Texts examine physical objects from pilgrim badges to manuscripts to money to early printed editions and the cultural behaviors associated with them interpreting these objects and exploring their connections to the important literary and political texts of the age such as Piers Plowman Lydgate s Troy Book and Chaucer s Canterbury Tales All of the essays in this collection emerge from the relationships and connections between the issues that characterize Jim Dean s work the cultural material and aesthetic aspects of later medieval English literature So too do they reflect a movement in medieval literary studies presaged by Dean s career of scholarship and teaching that critical approaches to literary texts are best undertaken with an understanding of the complex cultural and historical milieu that defines both the production of those texts and the production of our own work on those texts

Binding Words Don C. Skemer, 2010-11-01 In the Middle Ages textual amulets short texts written on parchment or paper and worn on the body were thought to protect the bearer against enemies to heal afflictions caused by demonic invasions and to bring the wearer good fortune In Binding Words Don C Skemer provides the first book length study of this once common means of harnessing the magical power of words Textual amulets were a unique source of empowerment promising the believer safe passage through a precarious world by means of an ever changing mix of scriptural quotations divine names common prayers and liturgical formulas Although theologians and canon lawyers frequently derided textual amulets as ignorant superstition many literate clergy played a central role in producing and disseminating them The texts were in turn embraced by a broad cross section of Western Europe Saints and parish priests physicians and village healers landowners and peasants alike believed in their efficacy Skemer offers careful analysis of several dozen surviving textual amulets along with other contemporary medieval source materials In the process Binding Words enriches our understanding of popular religion and magic in everyday medieval life

Reading Christian Apocrypha Tobias Nicklas, Janet E. Spittler, 2025-09-16 Reading Christian Apocrypha provides a

fresh approach to the functions of apocryphal texts in the history of Christianity The apocryphal writings reveal that Christianity from the very beginning developed a variety of theological perspectives within diverse linguistic traditions and geographical areas

Clothing Sacred Scriptures David Ganz, Barbara Schellewald, 2018-12-03 According to a longstanding interpretation book religions are agents of textuality and logocentrism This volume inverts the traditional perspective its focus is on the strong dependency between scripture and aesthetics holy books and material artworks sacred texts and ritual performances The contributions written by a group of international specialists in Western Byzantine Islamic and Jewish Art are committed to a comparative and transcultural approach The authors reflect upon the different strategies of clothing sacred texts with precious materials and elaborate forms They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience By exploring how art shapes the religious practice of books and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art

On the Art of Reading Arthur Quiller-Couch, 1920

Apocalypse & Totalitarianism John Dik, Oleg Dik, 2025-07-14 In this volume the contributions analyze diverse apocalyptic phenomena religious and secular alike The authors use the category of entanglements in order to demonstrate that the terms religious and secular remain ideal type abstractions which dissolve upon a closer empirical look They converge on the assumption that apocalypse as literature genre and lens of interpretation either leads towards emancipation or totalitarian control The role of apocalypse in the advance of modernity is analyzed and how the once religious concept changes through secularization and adaptation by various movements on the political spectrum The main goal is to achieve mutual appreciation by both religious and secular actors alike who seek to enhance the common good Both the church and secular society must humbly recognize that each needs the other The church must recover its apocalyptic roots and the secular society admit its limitations
