Jones, 2019-11-11 In Wild Capital Barbara Jones demonstrates that looking at nature through the lens of the marketplace is a surprisingly effective approach to protecting the environment Showing that policy makers and developers rarely associate wild places with monetary values Jones argues that nature can and should be viewed as a capital asset like any other in order for environmental preservation to be a competitive alternative to development Jones describes how the ecosystem services model a tool that connects human well being with the services nature provides can play a critical role in assigning species and their habitats measurable values She uses five highly recognizable animal species moose manatees sharks wolves and bald eagles as examples to show how highly valued charismatic fauna can serve as symbolic representations of entire ecosystems at risk Through an emphasis on branding incentives and ecotourism Jones advocates for channeling the social and economic power of these and other faces of nature to inspire greater environmental awareness and stewardship Contending that many people don't realize how fiscally pragmatic environmental initiatives can be Jones is optimistic that by recognizing the costs of habitat destruction and diminished biodiversity we will make better choices regarding conservation and development In doing so we can more readily move toward co existence with nature and a sustainable future *Red Wolves* Meish Goldish, 2009-01-01 Was it too late to save the red wolf For hundreds of years these remarkable creatures had roamed freely across North America Yet by the 1960s red wolves were pushed to the brink of extinction by hunting habitat destruction and disease Could scientists and wildlife officials find a way to restore red wolves to the wild In *Red Wolves And Then There Were Almost None* children relive the inspiring and heroic efforts of people who stepped in to save red wolves when all seemed lost Through this true tale of wildlife survival kids discover the bold and creative ideas that Americans and their government have used to protect and care for the country's endangered wildlife **Clever Dog: Life Lessons From the World's Most Successful Animal** Ryan O'meara, 2011-06-15 Review Looks at the skills and talents that dogs have utilised over thousands of years to become the most successful domestic animal of all a master survivor Dogs Today Book Description The dog is undeniably the most successful domestic animal of all time He shares his life with ours has integrated into our society and won the hearts and minds of millions of us We call ourselves dog lovers because we do sincerely love them they are fully fledged members of our family and we have elevated them to positions of authority in the human world Assistance dogs protection dogs detection dogs companion dogs they all enhance our lives immeasurably In this book we will examine a whole raft of canine skills and talents and try to piece together how and why the dog has enjoyed such immense success as a domesticated animal We will look at the dog as a problem solver conflict resolver and health asset and as a

decision maker and hero Also he is a loyal and trusted friend Clever Dog is a compendium of life lessons we can learn from our dogs based on a combination of what we know about them and indeed what we think we might know about them He s earned his epithet Man s best friend in this book our aim is to examine how he did it and how we might emulate his talents in order to enjoy the same fortune and fulfillment in our lives Be happy and successful learn from the best **Gray Wolf, Red Wolf** Dorothy Hinshaw Patent,1994-04 A fascinating fact filled book on endangered gray and red wolves Amply illustrated with handsome photographs It may never be possible to reconcile human greed with a harmonious natural ecology but the respectful account of endangered wolves suggests that the effort is eminently worthwhile The Horn Book Full color photos

Opal's Journey Lionel Gambill,2014-06-05 Refusing to give up their ancestral land and be driven into the newly established reservation several Nez Perce bands led by Chief Joseph White Bird and Looking Glass embarked on a fighting retreat covering four states Washington Idaho Wyoming and Montana with an attempt to reach safety in Canada Along the way the native warriors outwitted the U S Cavalry again and again but eventually surrendered some 40 miles from the Canadian border where Chief Joseph made his famous I will fight no more forever speech About 750 men women children and elderly set out on the march over 100 died in battles and extreme hardship Based on historical facts mostly the story was told through the eyes of a fictitious nine year old white girl Opal who befriends the Nez Perce and goes through the war with them the oppression of the Native Americans was one of the darkest pages in the U S history yet the spirit of these proud people could never be destroyed even in the face of death and exile and material impoverishment Also the spirit of reconciliation prevailed as the peacemaker Chief Joseph eloquently summed up Whenever the white man treats the Indians as they treat each other then we shall have no more wars We shall be all alike brothers of one father and one mother with one sky above us and one country around us and one government for us all Then the Great Spirit Chief who rules above will smile upon this land and send rain to wash out the bloody spots made by brothers hands upon the face of the earth for this time Indian race is waiting and praying I hope that no more groans of wounded men and women will ever go to the ear of the Great Spirit Chief above and that all people may be one people Secret World of Red Wolves T.
