Redbones Of Louisiana:

Redbones of Louisiana Don C. Marler, 2003-01-01 Redbones of Louisiana explores and documents the name Redbone and the history of their migration from the Carolinas to Louisiana and east Texas two hundred years ago It focuses on the Redbone culture developed in small communities in the former Neutral Zone including the culture of violence that still exists in attenuated form The Louisiana Redbones Don C. Marler, 1997 Redbones of Louisiana Stacy R Webb, Don C Marler, 2021-01-04 Don Marler has written a groundbreaking work on a fascinating group of people known collectively as the Redbones With likely connections to many of the South's early mixed ethnic populations the Redbones have almost certainly played a larger role in the westward settlement of this nation than history has heretofore acknowledged He approaches his subject with a firm hand and talked a broad view of both the importance and the impact of these long ignored settlers

"The Geechee Lady" Carmen Uter, 2011-08-24 The Geechee Lady subtitled Grandma and the Secret Castas is an adaptation from the poem Miss Willamina written by the same author The true story written in rhythmic pattern tells of how a wizened older woman born in 1885 on one of the Sea Islands off the coast of South Carolina relates to a much younger female in the 1950s 1960s setting of Harlem New York Divisive tactics taught in previous generations to the black slaves by their white masters somehow seep their way into the lives of these two people causing an awkward relationship between the old woman and the young girl It is an awkwardness which stems from the most sensitive human dynamic of that post slavery era a dynamic manifested in myriad ways in regard to skin tones hair types facial features and other physical traits bringing about the creation of a very subtle yet highly sensitive caste system among people of color This caste system though well known among all inhabitants of the colonies in the Americas as well as among its European progenitors is rarely discussed openly even nowadays in 2010 2011 as it is still kept hush hush as a topic to be discussed secretly behind closed doors Therefore an exciting must see section of this book is Part 4 Grandma and the Secret Castas which shows copies of 16th and 17th century paintings which still hang today on the walls of the world's greatest museums These great revolutionary works of art in a genre called La pintura de Casta or Casta Paintings depict the lives of the people who represented the original population and who were contributors to the formation of this dominant and highly structured Latin American caste system This social system called Mestizaje created by the royal monarchy of Spain and Portugal out of their desire to bring some semblance of order to the new colonies in the Americas originally existed as an accepted form of concubinage in the Portuguese and Spanish colonies of the Americas then it caught on though not quite as successfully in the British owned 13 original USA colonies and then concurrently in all the English speaking Caribbean territories including Jamaica Trinidad Tobago the Bahamas Antigua Barbados British Honduras and Bermuda in French speaking Louisiana USA and the French speaking islands of Martinique Guadalupe and Haiti in the Spanish speaking islands of Puerto Rico Cuba Dominican Republic in Spanish Honduras and on Roatan Island and Spanish owned Belize before it was annexed to the British Empire in the
