Reden ist Schweigen, Silber ist Gold Helen Leuninger, 1999 **Versprecher - ein Thema im Deutschunterricht**

Garrigós, 2020-04-15 Diachronic linguistics has been experiencing a strong revival during the last few decades since an
increasing number of researchers have assumed that evolutionary and historical factors must be considered to properly
understand how natural languages work This book offers new data and insights on some of the research lines which are
currently being developed within the framework of diachronic language research The papers brought together in this volume
are characterized both by their originality and by their methodological diversity the reader will thus find herein theoretical as
well as empirical works undertaken from various perspectives of analysis diachronic cognitive semantics grammaticalization

theory discursive traditions historical phraseology etc The final outcome is an eclectic volume which offers valuable information for every reader regardless of whether they are experienced linguists or junior researchers willing to know the latest epistemological advances in this discipline **Grammar as Processor** Roland Pfau, 2009-01-14 Spontaneous speech errors provide valuable evidence not only for the processes that mediate between a communicative intention and the articulation of an utterance but also for the types of grammatical entities that are manipulated during production This study proposes an analysis of speech errors that is informed by grammar theory In particular it is shown how characteristic properties of erroneous German utterances can be accounted for within Distributed Morphology DM The investigation focuses on two groups of errors Errors that result from the manipulation of semantic and morphosyntactic features and errors which appear to involve the application of a post error repair strategy It is argued that a production model which incorporates DM allows for a straightforward account of the attested sometimes complex error patterns DM mechanisms for instance render unnecessary the assumption of repair processes Besides providing an account for the attested error patterns the theory also helps us in explaining why certain errors do not occur In this sense DM makes for a psychologically real model of grammar Phraseologie / Phraseology. Error Analysis in the World. A Bibliography Bernd Spillner, 2017-05-11 Linguistic errors are manifold e.g. in the mother tongue in the acquisition of foreign languages in translations as slip of the tongue or typo The present compilation of all subject related publications is a comprehensive bibliography for the field of linguistic errors In a compact introduction Bernd Spillner additionally provides an overview of linguistic didactic and psycholinguistic methods of the analysis and assessment of the errors and their therapy For the first time publications from numerous countries around the world were included which have not yet been considered With the attached CD ROM making the bibliography searchable for keywords in many languages to find relevant publications among the more than 6 000 titles this is a very useful handbook for all linguists and teachers The Processing of Lexicon and Morphosyntax Linda Escobar, Vicenç Torrens, 2014-06-02 This volume showcases a selection of empirical research reports presented at the Experimental Psycholinguistics Conference 2012 held at the National University of Distance Learning in Madrid It deals with original experimental studies on the processing of language with special emphasis on word access word recognition acquisition of vocabulary and syntax development in numerous languages including Brazilian Portuguese English German Polish Russian and Spanish among others *Phraseological Substitutions in Newspaper Headlines* Sylvia Jaki, 2014-07-15 The major purpose of newspaper headlines is to trigger the reader's interest A popular way to achieve this goal is the use of phraseological modifications Based on previous findings from various linguistic disciplines this book provides an interdisciplinary approach to shed light on the reception of substitutions like More than Meats the Eye It develops an empirical methodology for investigating the complex cognitive

processes involved using a large sample of authentic examples for illustration Along these lines this volume not only shows what associations readers make when they encounter a lexical substitution and what factors facilitate the recognition of the canonical form It also addresses the question of how meaning is constructed in terms of Conceptual Integration Theory and establishes an experimentally supported model of interpretation This multifaceted perspective renders Phraseological Substitutions in Newspaper Headlines More than Meats the Eye relevant to scholars and advanced students from a wide range of linguistic areas such as phraseology cognitive linguistics psycholinguistics and humour research but also to interested journalists

"Kann man denn auch nicht lachend sehr ernsthaft sein?" Daniel Fulda, Antje Roeben, Norbert Wichard, 2010-02-23 So unwillkürlich es im konkreten Fall erscheinen mag Lachen in der Literatur und als Effekt nicht zuletzt auf dem Theater ist ein Gegenstand komplexer Inszenierungen und berührt Fluchtpunkt poetologischer anthropologischer und sogar sozialprogrammatischer Ansprüche Es ist mit einer ganzen Reihe von Gattungen und literarischen Formen verknüpft von Fastnachtspiel Posse und Komödie über Parodien und Satiren bis hin zum Sprachspiel oder essayistischen Witz Weitgefächert sind auch die möglichen Ursachen des Lachens Wer lacht kann dies spottend aus Vermut angesichts komischer Unfälle oder aus Verzweiflung tun Dass sich hinter dem Lachen einiges Ernsthaftes verbergen kann wusste bereits Lessings Minna von Barnhelm Die Literaturwissenschaft hat sich mit dem Lachen trotzdem häufig schwergetan weil es mit ihrer Seriosität unvereinbar schien Lachende Selbstdistanz kann jedoch gerade auch wissenschaftlich eine produktive Haltung sein Ihre Liebe zur Literatur bringt sie nicht durch Thesengravität oder Pathos zum Ausdruck sondern mit Kontingenzbewusstsein und Reflexion zumal auf die spielerischen Seiten der Literatur wie des Lebens
