Rediscovering Palestine Merchants And Peasants In Jabal Nablus 1700 1900:

Rediscovering Palestine Beshara Doumani, 1995-10-12 Drawing on previously unused primary sources this book paints an intimate and vivid portrait of Palestinian society on the eve of modernity Through the voices of merchants peasants and Ottoman officials Beshara Doumani offers a major revision of standard interpretations of Ottoman history by investigating the ways in which urban rural dynamics in a provincial setting appropriated and gave meaning to the larger forces of Ottoman rule and European economic expansion He traces the relationship between culture politics and economic change by looking at how merchant families constructed trade networks and cultivated political power and by showing how peasants defined their identity and formulated their notions of justice and political authority Original and accessible this study challenges nationalist constructions of history and provides a context for understanding the Palestinian Israeli conflict It is also the first comprehensive work on the Nablus region Palestine s trade manufacturing and agricultural heartland and a bastion of local autonomy Doumani rediscovers Palestine by writing the inhabitants of this ancient land into history **Rediscovering**
