Rediscovering Ritual:

Rediscovering Ritual Paul D. Jones, 1973 *Rediscovering Reverence* Ralph Ripley Heintzman, 2011 A surprising and insightful work *Rediscovering Reverence* offers a rational explanation of what the modern western world calls religion and argues that it is not what most people assume Questioning western culture's evolving use of the word religion over the last five centuries Ralph Heintzman strips away misunderstandings to demonstrate that faith is not the same as belief He shows how faith is not something one has but something one does leading the reader to a deeper understanding of religious practice and its necessary place in human life Drawing on familiar experiences as well as aspects of western and eastern spiritual traditions Heintzman argues that religious practice is rooted in two basic ways human beings act in the world It is therefore an element in the structure of the human spirit not a phase in its history Explaining the meaning of religious practice in contemporary language *Rediscovering Reverence* is addressed to anyone who wants to explore the meaning and promise of a religious life A unique and thoughtful meditation on the role of reverence in everyday life *Rediscovering Reverence* presents new perspectives on modern faith religion and both personal and societal well being **Rediscover the Magick of the Gods and Goddesses** Jean-Louis de Biasi, 2014-07-08 The philosophical roots of much of Wicca and Paganism as well as Western ceremonial magick come from ancient Egypt In this thoroughly researched book the Grand Master of the Aurum Solis shares the history and evolution of the theurgic tradition including the origins of Hermeticism in Egypt and the Mediterranean world the birthplace of the theurgic tradition and how to instructions for discovering the presence of the divine in the world Providing a seven step system of exercises and rituals to help the reader achieve higher levels of consciousness Jean Louis de Biasi also includes tips and techniques for working with sacred texts information about the five temples of the human being The Great Work the three cosmic rituals and the real planetary days A valuable resource for those interested in the history and practices of the Western Mystery Tradition *Rediscovering the Divine* Consiglio, Cyprian, 2023-06-01 Consiglio challenges conceptions of God inviting us experience God in a new way *The Ritual Effect* Michael Norton, 2025-05-20 In the bestselling tradition of Charles Duhigg's *The Power of Habit* and Angela Duckworth's *Grit* a renowned social psychologist demonstrates how a subtle turning of habits into rituals can clear a little space for everyday magic The Guardian in our lives Our lives are filled with repetitive tasks meant to keep us on track what we come to know as habits Over time these routines like brushing your teeth or putting on your right sock first tend to be performed automatically But when we're more mindful about these actions when we focus on the precise way they are performed they can instead become rituals Shifting from a habitual mindset to a ritual mindset can convert ordinary acts from black and white to technicolor Think about the way you savor a certain beverage the care you take with a particular outfit that gets worn only on special occasions the unique way that your family gathers around the table during holidays or the secret language you enjoy with your significant other To some these behaviors may seem quirky but because rituals matter so

deeply to us on a personal level they give our lives purpose and meaning Drawing on a decade of original research Norton shows that rituals play a role in healing communities experiencing a great loss marking life s major transitions driving a stadium of sports fans to ecstasy and helping us rise to challenges and realize opportunities Compelling insightful and practical The Ritual Effect reminds us of the intention filled acts that drive human behavior and create surprising satisfaction and enjoyment
