Reds Or Rackets The Making Of Radical And Conservative Unions On The Waterfront:

Reds or rackets ? Howard Kimeldorf, 1988 *Working Stiffs, Union Maids, Reds, and Riffraff* Tom Zaniello, 2018-05-31

The revised and expanded edition of *Working Stiffs Union Maids Reds and Riffraff* offers 350 titles compared to the original edition's 150. The new book is global in scope with examples of labor films from around the world. Viewers can turn to this comprehensive annotated guide for films about unions or labor organizations, labor history, working class life, where an economic factor is significant, political movements if they are tied closely to organized labor, production or the struggle between labor and capital from a top down, either entrepreneurial or managerial perspective. Each entry includes a critical commentary, production data, cast list, MPAA rating if any, suggested related films, annotated references to books and websites for further reading and information about availability of films for rental and or purchase. This edition addresses both historical and contemporary films and features many more documentaries and hard to find information about agitprop and union financed films. *Working Stiffs Union Maids Reds and Riffraff: An Expanded Guide to Films about Labor* features fifty eight production stills and frame enlargements. It also includes a greatly expanded Thematic Index of Films. Two new sections will help the reader discover labor films in chronological order or by nationality or affiliation with certain cinematic movements. To read Tom Zaniello's blog on the cinema of labor and globalization featuring even more reviews visit <http://tzaniello.wordpress.com>. Praise for the earlier edition: Zaniello has created a useful and far reaching guide with abundant information. These are the sorts of films that prove what James Agee wrote in these pages nearly fifty years ago: The only movies whose temper could possibly be described as heroic or tragic or both have been made by leftists. The Nation. Zaniello has done a monumental job identifying the films that should be included in this genre. *Working Stiffs Union Maids Reds and Riffraff* is sorely needed and long overdue. Cineaste. An engaging and opinionated book. Even though mining, trucking, Jimmy Hoffa and class warfare are the book's major themes, what holds the project together is Zaniello's sense of fun and wit. Zaniello is a better writer than most major film critics. Village Voice Literary Supplement. **Waterfront Workers** Calvin Winslow, 1998. Few work settings can compete with the waterfront for a long, rich history of multi ethnic and multiracial interaction. Here five scholars focus on the complex relationships involved in this intersection of race, class and ethnicity. Opens up some of the most significant questions in American labor and social history including the struggle for control at the workplace and even more important, the relationship between black and white workers and among various ethnic groups on the docks. David Brundage, author of *The Making of Western Labor Radicalism: Denver's Organized Workers 1878-1905*. A volume in the series *The Working Class in American History* edited by David Brody, Alice Kessler Harris, David Montgomery and Sean Wilentz. **Radical Unionism in the Midwest, 1900-1950** Rosemary Feurer, 2006. In *Radical Unionism in the Midwest 1900-1950*, Rosemary Feurer examines the fierce battles between Midwestern electrical workers and bitterly anti union electrical and metal industry companies during the 1930s and 40s. Organized as District 8 of the United Electrical

Radio and Machine Workers UE and led by open Communist William Sentner workers developed a style of unionism designed to confront corporate power and to be a force for social transformation in their community and nation Feurer studies District 8 through a long lens establishing early twentieth century contexts for these conflicts Exploring the role of radicals in local movement formation Feurer argues for a civic unionism that could connect community and union concerns to build solidarity and contest the political economy District 8 s spirited unionism included plant occupations in St Louis and Iowa campaigns to democratize economic planning and local strategies for national bargaining that were depicted as a Communist conspiracy by a corporate influenced Congressional committee in Evansville Indiana District 8 was destroyed through reactionary networks and the anti Communist backlash of the mid twentieth century but Feurer argues that its history tells another side of the labor movement s formation in the 1930s and 40s and can inform current struggles against corporate power in the modern global economy A website with more photographs and documents is available at www.radicalunionism.niu.edu **War and**

Democracy: A Comparative Study of the Korean War and the Peloponnesian War David R. McCann, Barry S. Strauss, 2015-03-04 A comparison of the cultural and political institutional dimensions of war s impact on Greece during the Peloponnesian War and the United States and the two Koreas North and South during the Korean War It demonstrates the many underlying similarities between the two wars **Post-Ghetto** Josh Sides, Andrea Asuma, Robert Gottlieb, Edna

Bonacich, 2012-10-10 Is South Los Angeles on the mend How is it combating the blight of crime gang violence high unemployment and dire poverty In provocative essays the contributing authors to Post Ghetto address these questions by pointing out robust signs of hope for the area s residents an increase in corporate retail investment a decrease in homicides a proliferation of nonprofit service providers a paradigm shift in violence and gang prevention programs and progress toward a strengthened more racially integrated labor movement By charting the connections between public policy and the health of a community the authors offer innovative ideas and visionary strategies for further urban renewal and remediation
