Reese's Pieces Count by Tens Jerry Pallotta, 2004 **Math at Their Own Pace** Greg Nelson, 2007-09-04 As a dedicated early childhood teacher you aim to provide an environment where students make new discoveries and test their limits But when it comes to teaching developmentally appropriate math you might welcome help from an expert with teaching experience based on the latest research on math learning Math at Their Own Pace offers a series of predesigned inexpensive activities that you can create and place on the shelf for children to use when they are developmentally ready and interested This child directed approach provides a broad range of hands on math experiences that will help your students learn to solve problems creatively Math at Their Own Pace covers awareness of stable quantities and emergence of counting skills recognizing and writing the numerals 0 through 9 counting to 10 and beyond emergence of whole part awareness Greg Nelson PhD is a professor of early childhood education at Bridgewater State College in Bridgewater Massachusetts and has been a lead teacher in a Montessori program He holds a PhD in educational psychology human development and cognition

Teaching Mathematics in Elementary and Middle School Joseph G. R. Martinez, Nancy Conrad Martinez, 2007 With an emphasis on inquiry and process Teaching Mathematics in Elementary and Middle School embraces active mathematics instruction and the development of mathematical thinking through problem solving The text challenges future teachers to prepare their K 8 students for a world that requires a higher level of mathematical literacy and enables them to compete in a global society Teachers will develop their own mathematical abilities allowing them to help students discover a rich combination of thinking processes and problem solving strategies raising the learning expectations for all Unique text features TIE Thought Investigation and Exploration features ask pre service teachers to develop their own thinking and learning abilities preparing them to better challenge their students Mathematics in the Real World Idea Files and Teacher Profiles model best practices and supply readers with concrete teaching tools and strategies Mathematical Thinking Mathematical Games and Mathematics and Technology features detail activities to engage and develop students mathematical thinking Accompanying student artifacts illustrate the progression of students conceptual understanding CD logo replaces bullet Math Activities CD ROM provides an outstanding text component containing more than 100 activities that use a three step process explore invent discover to foster the development of mathematical thinking through guided inquiry Aligned with the NCTM standards each activity is integrated within the text and designed to help develop students conceptual understanding of mathematics Mathematics in Literature offers thoroughly developed ideas for using children s literature to create meaningful contexts for mathematics learning An extensive bibliography that can be used for this purpose appears on the CD Rom I think the text is an excellent resource for elementary and middle school methods courses In particular I like how the textbook handles the bigger issues such as geometric reasoning rather than just geometry I also like the excellent foundation in educational research that the textbook provides as well as some very careful attention and

consistent referencing to the NCTM standards and principles The incorporation of classroom vignettes teacher illustrations and samples of student work also all add to the excellent grounding of the text in real world classroom work Dr Neal Grandgenett University of Nebraska at Omaha **Learning Mathematics in Elementary and Middle Schools** W.
