7 Royal Historical Society,1998-01-15 The Royal Historical Society Transactions offers readers an annual collection of major articles representing some of the best historical research by some of the world s most distinguished historians Also available as a journal volume seven of the sixth series will include The Peoples of Britain and Ireland 1100 1400 IV Language and Historical Mythology Rees Davies The Limits of Totalitarianism God State and Society in the GDR Mary Fulbrook History as Destiny Gobineau H S Chamberlain and Spengler Michael Biddiss Constructing the Past in the Early Middle Ages The Case of the Royal Frankish Annals Rosamond McKitterick England Britain and the Audit of War Kenneth Morgan The Cromwellian Decade Authority and Consent C S L Davies Place and Public Finance R W Hoyle The Parliament of England Pauline Croft Thomas Cromwell s Doctrine of Parliamentary Sovereignty Conrad Russell Religion Christopher Haigh Sir Geoffrey Elton and the Practice of History Quentin Skinner Establishment Eschatology in England's Reformation Tim Patrick,2023-07-14 Exploring what the early English Protestants came to believe about the afterlife and how they arrived at their positions this much needed book fills a gap in the scholarly literature In surveying the authorised doctrinal works of the English church through the Reformation period the progress of eschatological thinking is traced from the earliest days of change to the solidification of the formularies which remain binding across the worldwide Anglican Church today Fresh observations are made on some well known texts such as the Books of Common Prayer Articles of Religion and official Tudor homilies and these are complemented by commentary on surprisingly understudied documents of the period including primers catechisms and the paratexts of the early printed English Bibles The result is a fascinating study of the English reformers navigation past both Roman Catholic and radical anabaptist beliefs and it shows that their arrival at a relatively barren destination was due in part to a complete switch in theological priorities and in part to a fear of the implications of formally adopting some of the highly contested views Establishment Eschatology will prove to be an important resource for students and scholars of England s early modern religious and cultural history History of the Reformation in the Sixteenth Century (Vol.1-5) Jean-Henri Merle d'Aubigné,2019-05-29 When writing the History of the Reformation in the Sixteenth Century author s intention was not to write the history of a religion but that of one of the greatest revolutions which had taken place among men Therefore this is the history of that mighty impulse which was given to the world five centuries ago and the influence of which is still everywhere perceived The history of the Reformation is different from the history of Protestantism The history of Protestantism might interest none but Protestants the history of the Reformation is for all Christians or rather all men
