Reformed and Always Reforming (Acadia Studies in Bible and Theology) Roger E. Olson, 2007-10-01 The community of evangelicals sometimes seems so broad as to defy definition but theological conservatism has been one consistent marker Now says theologian Roger Olson postconservatism is moving beyond conventional battles against liberalism and heresy to posit a dynamic and realistic approach While conservatives strive to preserve tradition and protect orthodoxy postconservatives urge openness to doctrinal reform without abandoning orthodoxy Where differences exist between doctrine and Scripture doctrine must be brought into conformity with the Word Postconservatives want to free evangelical theology from its paradoxical captivity to rationalism and its obsession with facts so that it may recognize truth in experience and personal knowledge Theologians pastors seminarians and serious thinkers will find many depths to plumb in this exhaustive survey of critics advocates and fellow travelers on the evangelical journey

Reforming the Christian Faith Mark W. Karlberg, 2017-10-12 Central to the mission of the church with each passing generation is the elucidation of the gospel of Christ which is the heart of the Christian message Witness to God's saving word in Scripture comes in response to discussions and debates arising over the course of church history Our study highlights some of the unity and disunity found within the Reformed tradition Reformation and modern Beginning with the subject of the development of doctrine over the course of church history we take up the foundational issue of biblical hermeneutics the question of how we are to interpret the Bible The year 2017 marks the Protestant Church's 500th anniversary October 31 We consider secondly Protestantism's two leading theological principles the formal the doctrine of Scripture and the material the doctrine of justification by faith alone In the final section we critique departures from the teaching of historic federalism found within contemporary Reformed orthodoxy which strikes at the very heart of what it means to be Reformed in theology Crucial in this long standing and ongoing dispute is the interpretation of the Mosaic Covenant as in some sense a republication of the original Covenant of Works with Adam at creation Covenant and justification are the focal doctrines under study

Trinity and Revelation Veli-Matti Karkkainen, 2014-04-19 In this book Pentecostal theologian Veli Matti Karkkainen develops a constructive theology of triune revelation and the triune God in dialogue with Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen's Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in a pluralistic world at the beginning of the third millennium With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a fullscale doctrinal theology

been attempted in such a wide and deep dialogical mode

Reforming the Art of Dying Austra Reinis, 2016-12-05 The Reformation led those who embraced Martin Luther's teachings to revise virtually every aspect of their faith and to reorder their daily lives in view of their new beliefs Nowhere was this more true than with death By the beginning of the sixteenth century the Medieval Church had established a sophisticated mechanism for dealing with death and its consequences The Protestant reformers rejected this new mechanism To fill the resulting gap and to offer comfort to the dying they produced new liturgies new church orders and new handbooks on dying This study focuses on the earliest of the Protestant handbooks beginning with Luther's Sermon on Preparing to Die in 1519 and ending with Jakob Otter's Christlich leben vnd sterben in 1528 It explores how Luther and his colleagues adopted traditional themes and motifs even as they transformed them to accord with their conviction that Christians could be certain of their salvation It further shows how Luther's colleagues drew not only on his teaching on dying but also on other writings including his sermons on the sacraments The study concludes that the assurance of salvation offered in the Protestant handbooks represented a significant departure from traditional teaching on death By examining the ways in which the themes and teachings of the reformers differed from the late medieval ars moriendi the book highlights both breaks with tradition and continuities that marked the early Reformation
