Refugees Asylum In Europe:

Geographies of Asylum in Europe and the Role of European Localities Birgit Glorius, Jeroen Doomernik, 2019-10-03 This open access book describes how the numerous arrivals of asylum seekers since 2015 shaped reception and integration processes in Europe. It addresses the structuration of asylum and reception systems and spaces and places of reception on European national, regional and local level. It also analyses perceptions and discourses on asylum and refugees, their involvement and the consequences for policy development. Furthermore, it examines practices and policy developments in the field of refugee reception and integration. The volume shows and explains a variety of refugee reception and integration strategies and practices as specific outcome of multilevel governance processes in Europe. By addressing and contextualizing those multiple experiences of asylum seeker reception, the book is a valuable contribution to the literature on migration and integration, societal development and political culture in Europe.

Queering Asylum in Europe Carmelo Danisi, Moira Dustin, Nuno Ferreira, Nina Held, 2021-08-31 This two volume open access book offers a theoretically and empirically grounded portrayal of the experiences of people claiming international protection in Europe on the basis of their sexual orientation or gender identity (SOGI). It shows how European asylum systems might and should treat asylum claims based on people's SOGI in a fairer, more humane way. Through a combined comparative interdisciplinary socio-legal human rights feminist queer and intersectional approach, this book examines not only the legal experiences of people claiming asylum on grounds of their SOGI but also their social experiences outside the asylum decision making framework. The authors analyse how SOGI related claims are adjudicated in different European frameworks: European Union, Council of Europe, Germany, Italy and UK, and offer detailed recommendations to adequately address the intersectional experiences of individuals seeking asylum. This unique approach ensures that the book is of interest not only to researchers in migration and refugee studies, law and wider academic communities but also to policy makers and practitioners in the field of SOGI asylum.

This edited collection is a comprehensive up to date account of the social policies of European welfare states towards refugees and asylum seekers.
