An Ode to Salonika Renée Levine Melammed,2013-04-30 Through the poetry of Bouena Sarfatty 1916 1997 An Ode to Salonika sketches the life and demise of the Sephardi Jewish community that once flourished in this Greek crossroads city A resident of Salonika who survived the Holocaust as a partisan and later settled in Canada Sarfatty preserved the traditions and memories of this diverse and thriving Sephardi community in some 500 Ladino poems known as coplas The coplas also describe the traumas the community faced under German occupation before the Nazis deported its Jewish residents to Auschwitz The coplas in Ladino and in Ren e Levine Melammed s English translation are framed by chapters that trace the history of the Sephardi community in Salonika and provide context for the poems This unique and moving source provides a rare entrance into a once vibrant world now lost

The Campus Murders Ellery Queen,2015-09-29 A college student s disappearance threatens to upend the race for governor Tisquanto is a quiet college town and its chief of police wants to keep it that way For years the only trouble the students gave the locals was the occasional fraternity party that got out of hand But now there are kids on campus calling for revolution When the governor s right hand man Mike McCall comes to Tisquanto the chief of police promises he ll keep the students in line no matter how many bones he has to break But McCall isn t here about student unrest He s come to save a life The daughter of the governor s greatest political rival has disappeared from the school and if McCall can t find her the whole future of the state is in doubt But to track her down he ll have to wade into a campus that s about to turn into a war zone

The Return of Ulysses Edith Hall,2008-01-30 Whether they focus on the bewitching song of the Sirens his cunning escape from the cave of the terrifying one eyed Cyclops or the vengeful slaying of the suitors of his beautiful wife Penelope the stirring adventures of Ulysses Odysseus are amongst the most durable in human culture The picaresque return of the wandering pirate king is one of the most popular texts of all time crossing East West divides and inspiring poets and film makers worldwide But why over three thousand years has the Odyssey s appeal proved so remarkably resilient and long lasting In her much praised book Edith Hall explains the enduring fascination of Homer s epic in terms of its extraordinary susceptibility to adaptation Not only has the story reflected a myriad of different agendas but from the tragedies of classical Athens to modern detective fiction film travelogue and opera it has seemed perhaps uniquely fertile in generating new artistic forms Cultural texts as diverse as Joyce s Ulysses Suzanne Vega s Calypso Monteverdi s Il Ritorno d Ulisse in Patria the Coen Brothers O Brother Where Art Thou Daniel Vigne s Le Retour de Martin Guerre and Anthony Minghella s Cold Mountain all show that Odysseus is truly a versatile hero His travels across the wine dark Aegean are journeys not just into the mind of one of the most brilliantly creative of all the ancient Greek writers They are as much a voyage beyond the boundaries of a narrative which can plausibly lay claim to being the quintessential global phenomenon

Purgatorio Dante Alighieri,2016-06-14 The enjoyment of The Divine Comedy is a continuous process

observed T S Eliot It is not necessary to understand the meaning first to enjoy the poetry our enjoyment of the poetry makes us want to understand the meaning Arguably the greatest single poem ever written The Divine Comedy presents Dante Alighieri s all encompassing vision of the three realms of Christian afterlife In the Purgatorio Dante struggles up the terraces of Mount Purgatory still guided by Virgil in continuation of his difficult ascent to purity The clean force of the original comes through with astonishing success said poet and translator Dudley Fitts in praise of John Ciardi s rendition of the Purgatorio Dante cannot speak in English perhaps but Ciardi has given us the next best thing a credible passionate persona of the poet stripped of the customary guards of rhetoric and false decoration strong and noble in utterance **Hell To Pay** Vijay Martis, Hell to Pay by Vijay Martis Wes Shepherd had it all wealth fame and a life of endless pleasure as Los Angeles most notorious playboy But when a near fatal overdose gives him a terrifying glimpse of hell Wes is forced to confront the devastating consequences of his hedonistic lifestyle Now struggling to maintain his newfound sobriety Wes must navigate the temptations of his old world while trying to make amends for his past With his sister Lily s ultimatum hanging over him and the memory of eternal damnation haunting his dreams Wes embarks on a journey of redemption that will test the limits of his resolve As he fights to reclaim his life and soul Wes discovers that the road to recovery is far more treacherous than he ever imagined Will he find the strength to resist his demons or will the siren call of his former life drag him back into the inferno A gripping tale of addiction redemption and the battle for one s very soul Hell to Pay is an unflinching look at the dark underbelly of fame and the painful path to recovery or the ultimate loss **Invasive Objects** Paul Williams, 2014-04-08 The Director controls Ms B s life He flatters her beguiles her derides her His instructions pervade each aspect of her life including her analytic sessions during which he suggests promiscuous and dangerous things for Ms B to say and do when he suspects that her isolated state is being changed by the therapy The Director is a diabolical foreign body installed in the mind who purports to protect but who keeps Ms B feeling profoundly ill and alone The story of Ms B s analysis is one of many vivid illustrations presented in this collection of papers by Paul Williams who shares his lifetime of experience working with severely disturbed patients As the title suggests the unifying thread of these papers is the investigation of serious mental disturbance often characterized by the presence of intrusive and invasive thoughts and fantasies that originate in a traumatic past but which can colonize and destroy the rational mind The diverse papers are grouped into two related sections Part one is comprised of papers with a clinical orientation including a summary of the analysis of Ms B as well as a speculative paper on the psychosis and recovery of John Nash In part two applied psychoanalytic thinking is integrated with Williams other professional passion anthropology in a paper that exemplifies generative thought through art poetry and tribal masks Other papers in this section include a short essay that takes Freud bashers to task a reappraisal of the Rat Man and a lively discussion of Andr Green s central phobic position in borderline thinking Whether engaging in the coconstructed therapeutic relationship or the implications for madness in society at large Williams diverse influences psychoanalytic and otherwise

repeatedly come to the fore in an intellectually stimulating and clinically enriching way It goes without saying that work with patients whose thinking is psychotic is a challenge as these papers clearly demonstrate but Williams reminds us that it is a challenge that psychoanalysis can not only engage but also treat with enduring and impressive therapeutic results **Out of the Depths** Rabbi Israel Meir Lau,2011-11-01 Israel Meir Lau one of the youngest survivors of Buchenwald was just eight years old when the camp was liberated in 1945 Descended from a 1 000 year unbroken chain of rabbis he grew up to become Chief Rabbi of Israel and like many of the great rabbis Lau is a master storyteller Out of the Depths is his harrowing miraculous and inspiring account of life in one of the Nazis deadliest concentration camps and how he managed to survive against all possible odds Lau who lost most of his family in the Holocaust also chronicles his life after the war including his emigration to Mandate Palestine during a period that coincides with the development of the State of Israel The story continues up through today with that once lost boy of eight now a brilliant charismatic and world revered figure who has visited with Popes John Paul and Benedict the Dalai Lama Nelson Mandela and countless global leaders including Ronald Reagan Bill and Hillary Clinton and Tony Blair The Language and Imagery of Coma and Brain Injury Matthew Colbeck,2021-04-22 What occurs within coma What does the coma patient experience How does the patient perceive the world outside of coma if at all The simple answer to these questions is that we don t know Yet the sheer volume of literary and media texts would have us believe that we do Examining representations of coma and brain injury across a variety of texts this book investigates common tropes and linguistic devices used to portray the medical condition of coma giving rise to universal mythologies and misconceptions in the public domain Matthew Colbeck looks at how these texts represent or fail to represent long term brain injury drawing on narratives of coma survivors that have been produced and curated through writing groups he has run over the last 10 years Discussing a diverse range of cultural works including novels by Irvine Welsh Stephen King Tom McCarthy and Douglas Coupland as well as film and media texts such as The Sopranos Kill Bill Coma and The Walking Dead Colbeck provides an explanation for our fascination with coma With a proliferation of misleading stories of survival in the media and in literature this book explores the potential impact these have upon our own understanding of coma and its victims Caliber Rounds #2 Aleister Gilgrim,Don Lomax,Tony Miello,Gary Reed,Wayne Vansant,2016-09-12 The second issue of the FREE magazine of Caliber Rounds profiling Caliber s creators and titles In this issue we take a look at Caliber s war comics plus interviews with Wayne Vansant and Don Lomax Also a profile on the Sin Eternal series which is a modern updating of Dante s Inferno Tony Miello starts off his regular Gapo the Clown all new feature and for our bonus this issue we have a very early tale of Deadworld in Gideon s Guns for Sale Landscapes of Madeira John Underwood,Pat Underwood,2002 Winner of the Thomas Cook Travel Guide Award John and Pat Underwood s guide to Madeira makes essential reading whether you choose to tour the island by car or explore on foot *Aspects of the Performative in Medieval Culture* Manuele Gagnoli,Almut Suerbaum,2010-04-29 The volume assesses performative

structures within a variety of medieval forms of textuality from vernacular literature to records of parliamentary proceedings from prayer books to musical composition Three issues are central to the volume the role of ritual speech acts the way in which authorship can be seen as created within medieval texts rather than as a given category finally phenomena of voice created and situated between citation and repetition especially in forms which appropriate and transform literary tradition The volume encompasses articles by historians and musicologists as well as literary scholars It spans European literature from the West French German Italian to the East Church Slavonic vernacular and Latin it contrasts modes of liturgical meditation in the Western and Eastern Church with secular plays and songs and it brings together studies on the character of voice in major medieval authors such as Dante with examples of Dante reception in the early twentieth century

Littell's Living Age Eliakim Littell,Robert S. Littell,1890 *Christian Theology and Tragedy* Kevin Taylor,Giles Waller,2016-05-23 Drawing together leading scholars from both theological and literary backgrounds *Christian Theology and Tragedy* explores the rich variety of conversations between theology and tragedy Three main areas are examined theological readings of a range of tragic literature from plays to novels and the Bible itself how theologians have explored tragedy theologically and how theology can interact with various tragic theories Encompassing a range of perspectives and topics this book demonstrates how theologians can make productive use of the work of tragedians tragic theorists and tragic philosophers Common misconceptions that tragedy is monolithic easily definable or gives straightforward answers to theodicy are also addressed Interdisciplinary in nature this book will appeal to both the theological and literary fields The Modern Divine Comedy Book 4: Limboland 2 Departure Andrew J. Farrara,2022-10-13 This book continues exploring the experiences trials and tribulations of both the Journalist Romano known here as the First Man Adam and his Celestial Guide Zarathustra while they travel to the remaining Limboland Arenas and Inferno witnessing the horror of the after world with the contemptuous Devil and his swaggering Three Crown Princes in their secret Offices in the lowest Infernal Ring Here the disenchanted souls still struggle to survive with the interference of the narcissistic Devil and without the influence of God s help The remaining Limboland Arenas include the Black Afrikan the Primitives Mini Limboland the Russian Marxists the Conspiracy Theorists the Persians the Ottoman Turks the Filipino Mini Limboland and the Limbo Limbo Lands through the Gates of Hades The draconian Devil s Inferno sites include Ring One as the De Militarized Zone the Jungleland Inner Sanctum Ring Two as Carnality Ring Three as Gluttony Ring Four as Greed a Culinary Intermezzo Between Greed Ring Five of the Anger Ring Six of Heresy Ring Seven of Violence Ring Eight of the Evil Pouches Ring Nine of the Traitors and Ring Ten of Lucifer s Demonic Cabaret Not to be captured or outdone by the Devil the duo finally arrange Getting Out of Hell while the last scenes include The Devil s Last Hurrah and Lilith Gets the Last Laugh Infernus Not **The Flight of the Vernacular** Maria Cristina Fumagalli,2021-10-18 In this book Dante Seamus Heaney and Derek Walcott engage in an eloquent and meaningful conversation Dante s capacity for being faithful to the collective historical experience and true to the recognitions of the emerging self the permanent immediacy of his poetry the healthy state of his language which is so close to the object

that the two are identified and his adamant refusal to get lost in the wide and open sea of abstraction all these are shown to have affected and to continue to affect Heaney's and Walcott's work. *The Flight of the Vernacular* however is not only a record of what Dante means to the two contemporary poets but also a cogent study of Heaney's and Walcott's attitude towards language and of their views on the function of poetry in our time. Heaney's programmatic endeavour to be adept at dialect and Walcott's idiosyncratic redefinition of the vernacular in poetry as tone rather than as dialect apart from having Dantean overtones are presented as being associated with the belief that poetry is a social reality and that language is a living alphabet bound to the opened ground of the world.
