people and continues to this day Ukraine's Revolt Russia's Revenge is based on the author's own observations and the multitude of reports of his Embassy colleagues who were eyewitnesses to a crucial event in contemporary history

**Ambicoloniality and War** Svitlana Biedariva, 2025-02-24 This book proposes a new notion of ambicoloniality to speak about the current situation when Ukraine has become Russia's territory of obsession and Russia in its desire to occupy Ukraine has in effect subjected itself to Ukraine's symbolic dominance Ambicoloniality presents a key point of divergence from already existing models as the mutual impact of the two countries over centuries has gone both ways over a shared border in contrast to other empires that established their colonial power relations at a distance The Ukrainian Russian case is very different from the examples covered by both postcolonial and decolonial theorists To explore the reasons and consequences of such a differing process of colonial expansion anti colonial struggle decolonial release the book inquires into the historical and cultural reasons for the emerging gap between the two states It explores which role cultural hybridity plays in political self identification in both Ukraine and Russia and how this hybridity has manifested in society and culture including examples of art and literature following the dissolution of the Soviet Union in 1991 until 2023 *Yakimchuck V. Immigration and Naturalization Service*, 1999

**Ukraine on the Road to Europe** Lutz Hoffmann, Felicitas Möllers, 2012-12-06 by Viktor A Yushchenko Prime Minister of Ukraine The intensification of the integration processes on our continent entirely coincides with the national interests of Ukraine a country which is undoubtedly European both geographically and politically What kind of Europe do we now have and what should it be in the future What should the role of Ukrainian society be in the economic social and cultural integration of the countries on the European continent These questions are the subject of research and scientific analysis by the well known economists whose work is contained in this book Let there be no doubt the strategic goal of Ukraine's foreign policy is the active participation of our country in the European integration process Thus the move toward co operation and gradual integration with the European Union was defined as one of the main priorities of the Ukrainian Government's programme Reforms for Well being which is based on President Leonid Kuchma's speech Ukraine Steps into XXI century and was approved by the Ukrainian Parliament This move is not a hasty response to a new trend but rather a pragmatic decision since the EU will define the face of Europe for the next century
