## **Revelations Diaries Of Women:**

*Revelations* Mary Jane Moffat, Charlotte Painter, 2011-04-20 Excerpts from the private diaries of women known and unknown among them Louisa May Alcott Sophie Tolstoy George Eliot Anais Nin      **Revelations** Mary Jane Moffat, 1974

**Errant Plagiary** Anne Kugler, 2002 This is the story of Lady Sarah Cowper based on a diary that she kept from 1700 to 1716 She reveals not only her personal life but also her thoughts about religion politics and society weaving her own words with unattributed quotations from conduct manuals sermons periodicals and other sources      **Foundations for a Feminist Restructuring of the Academic Disciplines** Michele Antoinette Paludi, Gertrude A. Steuernagel, 1990 Here is a useful and illustrative guide for those interested in the impact of feminist scholarship on traditional academic disciplines This important book explores the changes that have taken place in the academic world as a result of feminist approaches to scholarship including issues of staffing organization administration recruitment student support faculty advancement and learning Appropriate for readers not familiar with feminist scholarship as well as for those who are deeply interested in the message of feminist scholarship Foundations for a Feminist Restructuring of the Academic Disciplines comes out of the experiences of women who are intimately involved with feminist pedagogy and curriculum transformation The contributors describe a variety of educational environments that feminists have established in the academy reflecting various disciplines This profoundly important book raises new questions about the bias in traditional education and challenges basic assumptions about women in education and society In chapter after chapter readers discover changes in perspective and knowledge brought on by feminist approaches to scholarship the common images of women in literature written by men and contrast them with women writers revisions of these traditional images the elimination and or misrepresentation of women in the history books a feminist perspective on and critique of the image of women as traditionally analyzed by economists the major feminist challenges to political science the traditional and contemporary approaches to women in psychological theory and research how the teaching and practice of medicine as it is related to women and women s health issues has served to communicate an unfair and erroneous image of woman      [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1976      **Something Like An Autobiography** Akira Kurosawa, 2011-07-27 Translated by Audie E Bock A first rate book and a joy to read It s doubtful that a complete understanding of the director s artistry can be obtained without reading this book Also indispensable for budding directors are the addenda in which Kurosawa lays out his beliefs on the primacy of a good script on scriptwriting as an essential tool for directors on directing actors on camera placement and on the value of steeping oneself in literature from great novels to detective fiction Variety For the lover of Kurosawa s movies this is nothing short of must reading a fitting companion piece to his many dynamic and absorbing screen entertainments Washington Post Book World      *The New Diary* Tristine Rainer, 1979-07-01 The New Diary is about a completely modern concept of journal writing It has little to do with the rigid daily calendar diary you may have kept as a child or the factual

travelogue you wrote to recall the Grand Canyon Instead it is a tool for tapping the full power of your inner resources The New Diary is as much for those who already keep a journal as it is for those who have never kept one It does not tell you the right way to keep a diary rather it offers numerous possibilities for using the diary to achieve your own purposes It is a place for you to clarify goals visualize the future and focus your ennergies a means of freeing your intuition and imagination a workbook for exploring your dreams your past and your present life It is for everyone seeking concrete methods for dealing with personal problems It is for women and men interested in achieving self reliance and inner liberation for artists and writers seeking new techniques for overcoming blocks to creativity     Keeping Secrets Mary E. Lyons,1995-05-15 Louisa May Alcott Charlotte Forten Sarah Jane Foster Kate Chopin Alice Dunbar Nelson Ida B Wells Charlotte Perkins Gilman

*The Diary* Batsheva Ben-Amos,Dan Ben-Amos,2020-03-10 The diary as a genre is found in all literate societies and these autobiographical accounts are written by persons of all ranks and positions The Diary offers an exploration of the form in its social historical and cultural literary contexts with its own distinctive features poetics and rhetoric The contributors to this volume examine theories and interpretations relating to writing and studying diaries the formation of diary canons in the United Kingdom France United States and Brazil and the ways in which handwritten diaries are transformed through processes of publication and digitization The authors also explore different diary formats including the travel diary the private diary conflict diaries written during periods of crisis and the diaries of the digital era such as blogs The Diary offers a comprehensive overview of the genre synthesizing decades of interdisciplinary study to enrich our understanding of research about and engagement with the diary as literary form and historical documentation     Time, Space, and Gender in the Nineteenth-Century British Diary R. Steinitz,2011-10-24 Through close examinations of diaries diary publication and diaries in fiction this book explores how the diary s construction of time and space made it an invaluable and effective vehicle for the dominant discourses of the period it also explains how the genre evolved into the feminine emotive private form we continue to privilege today     **Claiming Reality** Louise Levesque-Lopman,1988-10-11 An important yet little explored area of feminist research is women s subjective experience of everyday life Claiming Reality is the first study to apply the insights of the growing discipline of phenomenological sociology to women s experience particularly the experience of childbirth in an attempt to develop a feminist phenomenological perspective     The Extraordinary Work of Ordinary Writing Jennifer Sinor,2002-11-13 Krutch s trenchant observations about life prospering in the hostile environment of Arizona s Sonoran Desert turn to weighty questions about humanity and the precariousness of our existence putting lie to Western denials of mind in the lower forms of life Let us not say that this animal or even this plant has become adapted to desert conditions Let us say rather that they have all shown courage and ingenuity in making the best of the world as they found it And let us remember that if to use such terms in connection with them is a fallacy then it can only be somewhat less a fallacy to use the same terms in connection with ourselves     **Writing Away** Lavinia Spalding,2009 Designed to accompany awaken and

inspire the journal writing traveller Includes more than fifty lively experimental exercises to keep you interested in journaling and channel you experience into fulfilling projects that also preserve memories

The Justice Motive in Social Behavior Melvin J. Lerner, Sally C. Lerner, 2013-11-11 This volume was conceived out of the concern with what the imminent future holds for the have countries those societies such as the United States which are based on complex technology and a high level of energy consumption Even the most sanguine projection includes as base minimum relatively rapid and radical change in all aspects of the society reflecting adaptation or reactions to demands created by potential threat to the technological base sources of energy to the life support system itself Whatever the source of these threats whether they are the result of politically endogenous or exogenous forces they will elicit changes in our social institutions changes resulting not only from attempts to adapt but also from unintended consequences of failures to adapt One reasonable assumption is that whatever the future holds for us we would prefer to live in a world of minimal suffering with the greatest opportunity for fulfilling the human potential The question then becomes one of how we can provide for these goals in that scenario for the imminent future a world of threat change need to adapt diminishing access to that which has been familiar comfortable needed

Ordinary Women, Extraordinary Lives Kriste Lindenmeyer, 2000-06 This collection of seventeen minibiographies sheds light on the often neglected herstory of U S history from the revolutionary era through the late twentieth century In addition this volume suggests the complexity of studying the past when gender race class region age and ethnicity are included in the analysis This book is unique in that it focuses on the lives of ordinary women The names of the vast majority of those whose stories are included here will likely be unfamiliar even to serious students of American women's history The varied experiences of such women help to create a more complete picture of the past by revealing the influence general historical trends have had on the lives of ordinary individuals But ordinary does not mean lesser nor does it denote class race ethnicity or age The individual women's stories that are told in the following pages show that even people who are not featured in mainstream history texts led lives that deserve the attention of those interested in understanding the past The authors of these chapters have found support for generalizations commonly held by American women's historians Nonetheless their research has also led to unexpected findings that ask students of women's history to examine assumptions about the past more closely

The Search for Anne Perry Joanne Drayton, 2016-04-05 Acclaimed literary biographer Joanne Drayton was given unparalleled access to Anne Perry her friends relatives colleagues and archives to complete this book She intersperses the story of her life with an examination of her writing drawing parallels between Perry's own experiences and her characters and storylines The Search for Anne Perry is a gripping account of a life and provides understanding of the girl Anne was the adult she became her compulsion to write and her view of the world

*Voice of Her Own* Marlene A. Schiwy, 1996-05-27 As writers such as Virginia Woolf Audre Lorde and Anais Nin recognized keeping a journal is a powerful tool of creative expression and self healing In A Voice of Her Own a companion for both new and longtime diarists Marlene

Schiwy shows that journal writing is the ideal way to find one's individual voice an opportunity for women to explore feelings intuitions perceptions and ideas often suppressed in our society and to record the truths of their own experience Schiwy invites readers to share the journeys other women have made toward selfhood and encourages them to begin a journey of their own She weaves together passages from published and unpublished journals from works of literature psychology and women's studies with her personal insights A Voice of Her Own is a treasure chest of inspiration for every woman seeking deeper self awareness and new outlets for creativity

**Betraying Our Selves** NA NA,2016-04-30 This is a lively study of the autobiographical instinct in a variety of 16th and 17th century modes of writing in English from letters and memoirs to pastoral polemic and street ballads The book's central concern is how selves are betrayed in texts particularly in the centuries before the autobiography was a recognized genre It suggests that self representation in the early modern period was often indirect emerging in oblique and surprising ways *Encyclopedia of Life Writing* Margareta Jolly,2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important autobiographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms

**The Writing Culture of Ordinary People in Europe, c.1860-1920** Martyn Lyons,2012-10-11 As war and mass emigration across oceans increased the distances between ordinary people in the late nineteenth and early twentieth centuries many of them previously barely literate and unaccustomed to writing began to communicate on paper This fascinating account explores this surge of ordinary writing how people met the new challenges of literacy and the importance of scribal culture to the history of individual experience in modern Europe Focusing on correspondence and other writing genres produced by French and Italian soldiers in the trenches in the First World War as well as Spanish emigrants to the Americas the book reveals how these writings were influenced by dialect and oral speech and were oblivious to the rules of grammar spelling and punctuation Through their sometimes moving stories we gain an insight into the importance to ordinary peasants of family village and nation at a time of rapid social and cultural change
