Revitalizing Communities Innovative State And Local Programs:

Revitalizing Communities Kellie J. Dressler,1998-10-01 Documents a variety of initiatives including several among Native American tribal communities that focus on preventing crime and its consequences through community revitalization Among the problems targeted by these programs are neighborhood blight drug trafficking and related crime as well as inappropriate or ineffective jail sentences for youthful offenders Organized by state the 24 programs are funded under the Byrne Formula or Discretionary Grant programs The descriptions include ample information for the development and implementation of similar programs at the local level in other communities Revitalizing Communities ,1997 **NCJRS Catalog** ,1998

Federal Probation ,1997 *Criminal Justice and Political Cultures* Tim Newburn,Richard Sparks,2012-12-06 As crime increasingly crosses national boundaries and international co operation takes firmer shape so the development of ideas and policy on the control of crime has become an increasingly international and transnational affair These developments call attention not just to the many points of convergence in the languages and practices of crime control but also to their persistent differences This book is concerned both with the very specific issue of policy transfer within the crime control arena and with the issues raised by a more broadly conceptualized idea of comparative policy analysis The contributions in the book examine the different ways in which ostensibly similar vocabularies policies and practices are taken up and applied in the distinct settings they encounter **Native Agency** Valerie Lambert,2023-01-03 What happens when American

Indians take over an institution designed to eliminate them The Bureau of Indian Affairs was hatched in the U S Department of War to subjugate and eliminate American Indians Yet beginning in the 1970s American Indians and Alaska Natives took over and now run the agency Choctaw anthropologist Valerie Lambert argues that instead of fulfilling settler colonial goals the Indians in the BIA have been leveraging federal power to fight settler colonialism battle white supremacy and serve the interests of their people Although the missteps and occasional blunders of the Indians in the BIA have at times damaged the federal Indian relationship and fueled the ire of their people and although the BIA is massively underfunded Indians began crafting the BIA into a Native agency by reformulating the meanings of concepts that lay at its heart concepts such as tribal sovereignty treaties the trust responsibility and Indian land At the same time they pursued actions to strengthen and bolster tribes to foster healing to fight the many injustices Indians face and to restore the Indian land base This work provides an essential national level look at an intriguing and impactful form of Indigenous resistance It describes in great detail the continuing assaults made on Native peoples and tribal sovereignty in the United States during the twenty first century and it sketches the visions of the future that Indians at the BIA and in Indian Country have been crafting for themselves *Crime, Risk and Justice* Kevin Stenson,Robert R Sullivan,2012-12-06 Crime control has risen rapidly up the social and political

agendas to become a central feature of western societies This book is concerned with issues arising from these developments Top criminologists from Britain the USA and Australia explore the links between crime and risk through a range of themes from the depiction of crime in the media to the dilemmas of policing to the new punitiveness of criminal justice systems and the custodial warehousing of the poor and excluded Housing and Community Development Act of 1980 United States.
