Selfless Revolutionaries Allan Aubrey Boesak, 2021-07-23 At this historic moment of global revolutions for social justice inspired by the Black Lives Matter movement the philosophy of Black Consciousness has reemerged and gripped the imagination of a new generation and of the merciless exposure by COVID 19 of the devastating long existent fault lines in our societies Frantz Fanon James Baldwin and Steve Biko have been rediscovered and reclaimed In this powerful book Black liberation theologian and activist Allan Boesak explores the deep connections between Black Consciousness Black theology and the struggles against racism domination and imperial brutality across the world today In a careful meticulous and sometimes surprising rereading of Steve Biko's classic *I Write What I Like* Boesak reflects on the astounding relevance of Black Consciousness for the current academic debates on decolonization and coloniality Africanity and imperialism as well as for the struggles for freedom justice and human dignity in the streets With passion forthrightness and inspiring eloquence Boesak brings his considerable political experience and deep theological insight to bear in his argument for a global ethic of solidarity and resistance in the ongoing struggles against empire Beginning with Biko's *Where do we go from here* progressing to Baldwin's *The fire next time* and ending with Martin Luther King Jr's *There is no stopping short of victory* this is a sobering hopeful and inspiring book

Seminary in Louisville Kentucky Tuck is the author or editor of more than a dozen books including *The Lord's Prayer Today* Authentic Evangelism Sharing the Good News with Sense and Sensitivity and *Our Baptist Tradition* *Political Protest and Social Change* C. Andrain, D. Apter, 1994-12-19 This book probes three issues about the linkage between political protests and social change First why do individuals participate in protest activities including nonviolent movements and revolutions How do cultural beliefs sociopolitical structures personal attitudes motives and perceptions shape the decision to participate Second why do participants choose certain tactics Protesters use different types of tactics violent vs nonviolent public vs covert organized vs spontaneous and confrontation vs accommodation with other groups political parties and government agencies Most activists view a particular tactic as a useful means to attain their policy demands Third what policy consequences emerge from the activities of protest movements The book explores the impact of protests on social change and on the distribution of political power particularly greater access of subordinate groups to government policymakers A theory of political opportunities helps explain these issues about the origins activities and outcomes of protests **Political Protest and Social Change** Charles F. Andrain, David Ernest Apter, 1995 At the close of the twentieth century political protests have erupted throughout the world While the collapse of communism was certainly one of the most spectacular protest related events smaller protests have become ubiquitous In Los Angeles labor activists campaign against commercial real estate owners to unionize janitors mainly Latina immigrants In the People's Republic of China peasants revolt against tax collectors Amazonian Indians protest public and economic policies that destroy their culture and rainforest habitat This book analyzes the reciprocal impact of cultural beliefs sociopolitical structures and individual behaviors on protests throughout the world Why do individuals participate in protest activities How do cultural beliefs personal attitudes and subjective perception influence the potential protester Addressing the issue of agency in protest the authors also examine why protestors enlist different tactics to achieve their goals Why are some protests violent and others nonviolent When and why do activists conclude that it is better to accommodate than confront Finally and crucially what are the consequences of protest movements **Inventing the New Dispensation in Zimbabwe** Ezra Chitando, Lovemore Togarasei, Joram Tarusarira, 2024-11-14 How does a regime whose members have been actively involved in the previous one appropriate and deploy religious ideas and rhetoric to cast itself as born again and attractive Exploring intersections between politics religion and economics this book examines invention of Zimbabwe's New Dispensation the regime of Emmerson D Mnangagwa and how it has aimed to separate itself from the previous regime of Robert G Mugabe Utilizing the concept of invention contributors reflect on how Mnangagwa and his publicists deploy religious ideas concepts and rhetoric in the quest for legitimacy in a heavily contested political field The book also reflects on the ways opposing political actors have utilized the same template in their quests to secure power The contributors interrogate the use of time theological ideas and religious practices to separate Mnangagwa's regime from Mugabe's This book provides insight into how religious rhetoric is used not

only to gain but also to contest legitimacy in Zimbabwe's political sphere **The Age of Dissent** Martín Bowen, 2023-05-15

The Age of Dissent argues that the defining feature of the Age of Revolutions in Latin America was the emergence of dissent as an inescapable component of political life. While contestation and seditious ideas had always been present in the region, never before had local regimes been forced to consider radical dissension as an unavoidable dimension of politics. Focusing on urban Chile between the first anticolonial conspiracy of 1780 and the consolidation of an authoritarian regime in 1833, the book argues that this revolution was caused by how people practiced communication and framed its power. **Revolution and Reaction** Kurt Weyland, 2019-03-28 Explains how bold efforts at profound progressive change provoked a powerful reactionary backlash that led to the imposition of brutal regressive dictatorships. **Revolution from Without** G. M. Joseph, 1982-03-31 A history of the Mexican Revolution through focusing on Yucatan. The Massacre of the Innocents Warren Carter, 2023-01-30 In *The Massacre of the Innocents: Studies in the Cultural Afterlife of a Gospel Scene*, Warren Carter examines some fifty instances of the interpretation of the Matthean Massacre of the Innocents (Matt 2:16-18). He emphasizes the agency of interpreters who in their particular contexts and media think with the shocking Matthean scene to address the often tragic circumstances of their audiences. He argues throughout that the structure of the Gospel scene facilitates this thinking with the scene structured as a triad of power relations with a tyrant (Herod), victims (infants and parents), and violent means of tyranny (the massacre). Interpreters use this triad of power relations to identify tyrant's victims and means of tyranny in their own situations. Carter illustrates the use of this triad of power relations across two millennia in numerous socio-political contexts and media as diverse as sermons, images, poems, and hymns, dramas, and festivals, films, novels, Christmas carols, and Children's Bibles. **Redeeming the Revolution** Joseph U. Lenti, 2017-08 A tale of sin and redemption. Joseph U. Lenti's *Redeeming the Revolution* demonstrates how the killing of hundreds of student protestors in Mexico City's Tlatelolco district on October 2-3, 1968, sparked a crisis of legitimacy that moved Mexican political leaders to reestablish their revolutionary credentials with the working class, a sector only tangentially connected to the bloodbath. State-allied labor groups hence became darlings of public policy in the post-Tlatelolco period, and with the implementation of the New Federal Labor Law of 1970, the historical symbiotic relationship of the government and organized labor was restored. Renewing old bonds with trusted allies such as the Confederation of Mexican Workers bore fruit for the regime, yet the road to redemption was fraught with peril during this era of Cold War and class contestation. While Luis Echeverría, a Fidel Velázquez, and other officials appeased union brass with discourses of revolutionary populism and policies that challenged business leaders, conflicts emerged, and repression ensued when rank-and-file workers criticized the chasm between rhetoric and reality and tested their leaders' limits of toleration. **China's Conservative Revolution** Brian Tsui, 2018-04-19 Interweaving political, intellectual, cultural, and diplomatic histories, Tsui demonstrates how the Guomindang's national revolution turned conservative after the 1927 anti-Communist coup and contributed to the ascendancy of the global radical

right This revisionist reading of Nationalist China will appeal to a wide range of students and scholars

How to Catch Feelings for Jesus Andrew Christopher Uttaro, 2022-11-09 Jesus Christ is a character not unlike Elvis to many of us born into places that have historically been bathed in Christianity Sure maybe he s a decent guy but I don t want to put on the shiny blazers The whole idea of a relationship with Jesus may be quite off putting on the face of it for those of us not keen on throwing our hands up in the air in praise concerts or kneeling and reciting centuries old creeds on a weekly day off The way to a relationship with Jesus that often gets lost in all the preaching is that it s caught not taught As someone who began his relationship with Jesus with a simple I ll give this Jesus thing a try Uttaro still struggles with the awkwardness of it all Sometimes the only way we can get past all the deafening noise of the faith as it exists in our culture is to give ourselves the opportunity to catch feelings instead of endure being taught the same tired anachronisms that orbit that name Jesus In *How to Catch Feelings for Jesus* we will go about a personal step by step journey to such a relationship with Jesus

The Russian Question Wayne Allensworth, 1998 Who are we is a question that has haunted Russians for centuries The crisis of identity that underlies Russia s efforts to answer that question and the country s attempts to grapple

with modernity_the invention of an alien civilization_is explored in this timely book Russia's response to the universal challenge posed by modernization's erosion of community has been to fall back on that most enduring bond of human association_the kinship tie_as Allensworth here defines as nationalism The author draws on rare Russian sources to explore the various ways nationalists have responded to modernization and to chart a likely course for Russia's future development From National Bolshevism to Christian nationalism from Zhirinovskiy to Solzhenitsyn this study ties the ideas and ideologies of nationalism to the question that produced them and cements their connection to the crisis of modernity
