Executioners Christopher Hale,2011-04-11 In Hitler s Foreign Executioners Heinrich Himmler s secret master plan for Europe is revealed an SS empire that would have no place for either the Nazi Party or Adolf Hitler His astonishingly ambitious plan depended on the recruitment of tens of thousands of Germanic peoples from every corner of Europe and even parts of Asia to build an SS Europa This revised and fully updated book researched in archives all over Europe and using first hand testimony exposes Europe s dirty secret nearly half a million Europeans and more than a million Soviet citizens enlisted in the armed forces of the Third Reich to fight a deadly crusade against a mythic foe Jewish Bolshevism Even today some apologists claim that these foreign SS volunteers were merely soldiers like any other and fought a decent war against Stalin s Red Army Historian Christopher Hale demonstrates conclusively that these surprisingly common views are mistaken By taking part in Himmler s murderous master plan these foreign executioners hoped to prove that they were worthy of joining his future SS Europa But as the Reich collapsed in 1944 Himmler s monstrous scheme led to bitter confrontations with Hitler and to the downfall of the man once known as loyal Heinrich *Hitler's Charisma* Laurence Rees,2013-04-16 Fuelled by hate incapable of forming normal human relationships unwilling to listen to dissenting voices Adolf Hitler seemed an unlikely leader and yet he commanded enormous support and was able to exert a powerful influence over those who encountered him

How did Hitler become such an attractive figure to millions of people That is the question at the core of Hitler s Charisma Acclaimed historian and documentary filmmaker Laurence Rees examines the nature of Hitler s appeal and reveals the role his supposed charisma played in his success Here is a fascinating social psychological and historical investigation into the formation of a personality whose determination and vision would at the outset convince a small group of like minded political and social outcasts but would eventually win over an entire nation and plunge the rest of the world into a cataclysm unlike any that had ever been seen before Hitler s Charisma is a natural culmination of twenty years of writing and research on the Third Reich and a remarkable examination of the man and the mind at the heart of it all With 16 pages of black and white illustrations

Hitler's Words Adolf Hitler,American Council on Public Affairs,1944 *At Hitler's Side* Nicolaus von Below,2024-02-19 This is the personal account of a Luftwaffe aide always at Hitler s side from 1937 until the last days in

Berlin now published for the first time in English Nicolaus von Below was a 29 year old pilot when Goering selected him for the position of Hitler's Luftwaffe adjutant. He was with Hitler at every stage as the Second World War unfolded. His observations tell of Hitler's responses to momentous events as well as military decisions and policy making at Fuhrer Headquarters. This is a superb source describing life in Hitler's inner circle relied upon on by Gitta Sereny in her biography of Albert Speer. He provides fascinating insight into how Hitler planned the invasions of Poland and Russia what he thought of Britain and America why he placed his faith in the V 1 and V 2 projects how others dealt with him and much more. Von Below was present at the assassination attempt in July 1944 and records the effect on Hitler and his followers. Von Below was the last of Hitler's close military entourage to emerge from the bunker alive. His frank memoir will appeal to anyone interested in how Hitler ran his war. He was denounced to the British in 1946 and imprisoned as a material witness at Nuremberg until being discharged in 1947. **Walter Lippmann and the American Century** Ronald Steel, 2017-09-29

Walter Lippmann began his career as a brilliant young man at Harvard studying under George Santayana taking tea with William James a radical outsider arguing socialism with anyone who would listen and he ended it in his eighties writing passionately about the agony of rioting in the streets war in Asia and the collapse of a presidency. In between he lived through two world wars and a depression that shook the foundations of American capitalism. Walter Lippmann 1889-1974 has been hailed as the greatest journalist of his age. For more than sixty years he exerted unprecedented influence on American public opinion through his writing especially his famous newspaper column Today and Tomorrow. Beginning with The New Republic in the halcyon days prior to Woodrow Wilson and the First World War millions of Americans gradually came to rely on Lippmann to comprehend the vital issues of the day. In this absorbing biography Ronald Steel meticulously documents the philosophers and politics the friendships and quarrels the trials and triumphs of this man who for six decades stood at the center of American political life. Lippmann's experience spanned a period when the American empire was born matured and began to wane a time some have called the American Century. No one better captured its possibilities and wrote about them so wisely and so well no one was more the mind the voice and the conscience of that era than Walter Lippmann journalist moralist public philosopher. **The Nine Pillars of History** Gunnar Sevelius, 2016-05-21 Human society as we know it goes back some 200 000 years to a time when we learned to speak and communicate our thoughts. The Nine Pillars of History are defined from nine basic requirements for a healthy and prosperous society during the following 190 000 years of Hunting and Gathering. Sexuality a fundamental human need that goes even further back in history than society had to be mitigated with a social rule. The Golden Rule. The Nine Pillars of History are used as non political common denominators to judge the political evolution of some thirty major countries or cultures. In addition the Pillars are partnered with the Golden Rule to explore five world religions Hinduism Buddhism Judaism Christianity and Islam. The relevance of The Nine Pillars of History is proven by the fact that they exist intergraded across multiple societies since the dawn of time and are still relevant for our modern

world This historical review reveals that dogmatic religions and harsh politics have caused 10 000 years of war by challenging the relevance of The Nine Pillars of History Dr Sevelius gives his views as nonpolitical nonreligious thoughts Each paragraph has been numbered to offer an easy to use reference system for community discussion of specific statements The Nine Pillars of History gives you Dear Friend and Reader a vision for peace As Dr Sevelius respectfully borrows President Lincolns enduring truth that governments of the people by the people and for the people shall not perish from the earth

Frank Knox Christopher D. O'Sullivan,2023-07-04 Frank Knox served as Secretary of the Navy during some of the most eventful years in U S naval history his tenure coinciding with a number of dramas such as the innovative 1940 bases for destroyers initiative which he conceptualized prior to entering the administration the undeclared naval war in the Atlantic against Germany s U boats in 1941 the December 1941 attack on Pearl Harbor the subsequent naval war in the Pacific and naval landings in North Africa and Italy Knox s most important contribution to the war effort was his leadership in building a 1 000 ship fleet without which the much heralded landings and battles might never have been possible In this comprehensive biography Christopher D O Sullivan offers a portrait of the Roughrider in FDR s cabinet

The Architect of Genocide: Himmler and the Final Solution Richard Breitman,2022-09-05 A historian s carefully researched work based on a vast array of sources documenting Hitler s and Himmler s responsibility for the murder of European Jewry The book details the planning and the improvisations but emphasizes the former and Himmler s fanatical hatred of the Jewish race as the determinative cause of the Holocaust Dealing with a charged controversy Breitman makes a powerful case that by March 1941 the Final Solution was just a matter of time and timing i e that the Holocaust was not a reflex of Hitler s fear that the war in Russia could not be won Breitman argues that the Wannsee Conference merely ratified the plans and instructed other agencies to cooperate Breitman records the instances of resistance or opposition but notes that of course the cooperation of thousands many still alive and never tried and the complicity or silence of millions were needed to carry out the murder the book concludes that Himmler s brutality was more learned than instinctive or emotional a methodical murderer impelled by racist dogma Foreign Affairs Breitman s book is decisively important It should serve for years to come as required reading for all who wish to make sense of the Holocaust Daniel Jonah Goldhagen The New Republic Looking nothing like the Nordic ideal he advocated Heinrich Himmler chief of the Nazi SS was short flabby and balding his dull pedantic exterior disguising the caustic cowardly Machiavellian immensely cruel master of deceit within Breitman presents compelling evidence that the extermination of Jews was an early goal of Himmler a Bavarian and lapsed Catholic and his boss Adolf Hitler Drawing on previously untapped German records as well as other source materials this engrossing detailed study constitutes a powerful refutation of revisionist scholars who claim that Hitler did not plan the Final Solution in advance but instead improvised it out of either military or political frustration Publishers Weekly A truly path breaking book one of the few that will have a lasting impact on historical research of the period It shows both the primacy of Hitler as the motivating force in the mass

murder and the way in which his initiatives were accepted and internalized by the SS on the basis of ideology Holocaust and Genocide Studies Chilling expert history Kirkus An eminently sensible and judicious study that could well serve as a textbook on the topic The Historian Breitman's research is meticulous Especially valuable are his novel insights into the full and frequent communication between Himmler and Hitler who it is known seldom signed an order Mr Breitman presents his arguments cogently Michael H Kater The New York Times An absorbing important book that addresses the sequence of steps leading to the Final Solution Financial Times As Breitman persuasively demonstrates the situation kept changing but Hitler was always in charge and his goals always included ridding his empire of the Jews Los Angeles Times Breitman is on the hunt for smoking guns He finds the goods littered throughout Himmler's speeches and conversations Breitman shows that people knew Washington Post Book World The book is chillingly good on the uses and abuses of language to mask atrocity Newsday Breitman's study is an important addition to the literature on the origins of the Nazi genocide one that provides the most likely scenario and settles important disputed questions Breitman's study is a major step forward in our understanding of how the Nazis initiated mass murder German Studies Review An important book I much admire this work particularly for its resourceful combing of primary material there is much to learn from this book about the Final Solution its origins its implementation and its hate inspired architect The American Historical Review *Hitler's Warrior* Danny S.

The War Aims and Strategies of Adolf Hitler Oscar Pinkus,2005-06-29 Many have commented upon Hitler s inexplicable behavior during World War II He failed to invade England he neglected his air force he engaged enemies on multiple fronts Viewed in terms of Germany s struggle against the West these and other actions made little sense In truth however the war against Western powers had little to do with Hitler s grand plan to conquer Russia and lands to the east of Germany eradicate or enslave their populations and create a vast Teutonic empire In light of this goal Hitler s actions were consistent throughout In line with his dictum of All or Nothing once Hitler failed to defeat Russia in December 1941 he conducted the rest of the war with the sole purpose of inflicting maximum bloodshed and desolation including upon Germany itself Weakened sensing defeat he knew he was a drowning man and he was determined to take friend and foe alike down with him This evaluation of Hitler s objectives in World War II expands upon a theory gaining prominence among historians Hitler s true motive was a crusade against the East and he had little interest in waging war with England much less the United States It examines the different nature of the war on the Eastern and Western fronts the disparate treatment afforded the two groups of POWs and civilians and Hitler s scorched earth policy adopted after his primary objective proved beyond his grasp In poignant painful detail it recreates the Russians devastating four year struggle against Germany which went much further towards ensuring its defeat than any of the comparatively belated Western efforts
