The Russian Empire 1801-1917 Hugh Seton-Watson, 1967      The Russian empire Hugh Seton-Watson, 1990      **The Russian empire : 1801 - 1917** George Hugh Nicholas Seton Watson, 1967      *Imperial Russia, 1801-1917* Michael Karpovich, 1953      The Russian Empire, 1801-1917 Basil Collier, 1967      **A Social History of the Russian Empire 1801-1917** D Saunders Staff, 2003-09      Tsarist Russia, 1801-1917 John Hite, 1989 Provides a radical approach to the study of European History at AS and A Level Illustrated throughout in black and white      **The Decline of Imperial Russia, 1855-1914** Prof. Hugh Seton-Watson, 2017-02-07 The last sixty years of Imperial Russia are not only of great historical interest but are significant for other countries and other periods The social economic and political conditions which gave Lenin his opportunity were similar to those now giving birth to various types of revolutionary movements in many parts of the world Dr Seton Watson s penetrating analysis of the mainstreams of the declining decades of pre Revolutionary Russia establishes clearly that the nation as a whole was trying to catch up with the advances made by Western Europe But these attempts at social and economic change were nullified by one immutable and decisive factor the dogma of autocracy The tragedy of Russia was caused by the Czars insistence on absolute powers which they were incompetent to wield The history of these years throws light on some of the problems that most urgently beset the statesmen of our own day and provides an impressive array of mistakes which they would do well to avoid in order to safeguard the survival of the free world Illustrated with 8 maps First rate history clear and readable an admirable survey of Russian development from the reign of Alexander II to the outbreak of the First World War The New Leader      **The New Cambridge Modern History** Peter Burke, 1979 Annotation A comprehensive examination of the political economic social and cultural development of the world from 1493 to 1945      Encyclopedia of the Age of Imperialism, 1800-1914 Carl C. Hodge, 2007-11-30 In 1800 Europeans governed about one third of the world s land surface by the start of World War I in 1914 Europeans had imposed some form of political or economic ascendancy on over 80 percent of the globe The basic structure of global and European politics in the twentieth century was fashioned in the previous century out of the clash of competing imperial interests and the effects both beneficial and harmful of the imperial powers on the societies they dominated This encyclopedia offers current detailed information on the major world powers and their global empires as well as on the people events ideas and movements both European and non European that shaped the Age of Imperialism      **The Military History of the Russian Empire from Peter the Great until Nicholas II** John W. Steinberg, 2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs The Russian Military and the Creation of Empire uses a variety of archival sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately

dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 The Russian Military and the Creation of Empire is a vital study for all students of modern Russia and the history of modern warfare **Russian Empire** Jane Burbank, Mark von Hagen, A. V. Remnev, 2007-08-08 Perspectives on the strategies of imperial rule pursued by rulers officials scholars and subjects of the Russian empire This book explores the connections between Russia's expansion over vast territories occupied by people of many ethnicities religions and political experiences and the evolution of imperial administration and vision *Imperial Russia, 1801-1917* Michael M. **The Invention of Terrorism in Europe, Russia, and the United States** Carola Dietze, 2021-07-20 Terrorism's roots in Western Europe and the USA This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze's lucid account also reveals how the

spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to assassinate French Emperor Napoleon III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown's raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods
