Russian Literature Modern English Fict:

Handbook of Russian Literature Victor Terras, 1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays *Russian Literature and Modern English Fiction* Donald Davie, 1965 **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public **The Supernatural in Modern English Fiction** Dorothy Scarborough, 2022-05-28 Dorothy Scarborough's *The Supernatural in Modern English Fiction* offers a perspicacious examination of the horror and fantasy genres tracing their lineage with unparalleled precision The book excavates the foundation of our cultural fascination with the supernatural presenting a literary tapestry rich with historical context and insightful analysis Scarborough's prose is both scholarly and engaging effectively encompassing a wide spectrum of works from Gothic romances to modern psychological horror This text serves not only as a guide to the seminal works that have shaped the landscape of English literature but also as a mirror reflecting the evolving societal attitudes towards the uncanny and the marvelous In an intricate dance of literary criticism and cultural history Scarborough encapsulates trends and tropes that define and drive the allure of the supernatural within the canon of English fiction Dorothy Scarborough an erudite literary historian and critic penned this work with a clear command of the genre's vast terrain Her scholarly pursuits encompassed the probing of psychological depths within literature an interest manifested in this thorough exploration The impulses that drove her to study and curate these genre defining narratives were undoubtedly rooted in a deep intellectual curiosity and an appreciation for the longstanding tradition of English storytelling that revels in the fantastic and otherworldly Scarborough's own academic background significant for its time and indicative of a barrier breaking spirit imbues her work with authority and authenticity *The Supernatural in Modern English Fiction* is an essential read for enthusiasts and scholars alike The book reveals the intricate layers of meaning behind the works cited effectively making it a foundational text for anyone interested in understanding the cultural significance and literary merit of supernatural fiction Scarborough's work serves as a bridge connecting the realms of entertainment and erudition for readers weaving together the narrative threads that have perennially captivated the human imagination Russomania Rebecca Beasley, 2020-03-31 *Russomania* *Russian Culture and the Creation of British Modernism* provides a new account of modernist literature's emergence in Britain British writers played a central role in the dissemination of Russian literature and culture during the early twentieth century and their writing was transformed by the encounter This study restores the thick history of that moment by analyzing networks of dissemination and reception to recover the role of neglected as well as canonical figures and institutions as well as individuals The dominant account of British modernism privileges a Francophile genealogy but the turn of the century debate about the future of British writing was a triangular debate a debate not only between

French and English models but between French English and Russian models Francophile modernists associated Russian literature especially the Tolstoyan novel with an uncritical immersion in life at the expense of a mastery of style and while individual works might be admired Russian literature as a whole was represented as a dangerous model for British writing This supposed danger was closely bound up with the politics of the period and this book investigates how Russian culture was deployed in the close relationships between writers editors and politicians who made up the early twentieth century intellectual class the British intelligentsia Russomania argues that the most significant impact of Russian culture is not to be found in stylistic borrowings between canonical authors but in the shaping of the major intellectual questions of the period the relation between language and action writer and audience and the work of art and lived experience The resulting account brings an occluded genealogy of early modernism to the fore with a different arrangement of protagonists different critical values and stronger lines of connection to the realist experiments of the Victorian past and the anti formalism and revived romanticism of the 1930s and 1940s future

Dostoevsky and English Modernism 1900-1930 Peter Kaye, 1999-05-06 When Constance Garnett's translations 1910-20 made Dostoevsky's novels accessible in England for the first time they introduced a disruptive and liberating literary force and English novelists had to confront a new model and rival The writers who are the focus of this study Lawrence Woolf Bennett Conrad Forster Galsworthy and James either admired or feared Dostoevsky as a monster who might dissolve all literary and cultural distinctions Though their responses differed greatly these writers were unanimous in their inability to recognize Dostoevsky as a literary artist They viewed him instead as a psychologist a mystic a prophet and in the cases of Lawrence and Conrad a hated rival who compelled creative response This study constructs a map of English modernist novelists misreadings of Dostoevsky and in so doing it illuminates their aesthetic and cultural values and the nature of the modern English novel

The Journal of English and Germanic Philology, 1918

A History of the Modernist Novel Gregory Castle, 2015-06-25 A History of the Modernist Novel reassesses the modernist canon and produces a wealth of new comparative analyses that radically revise the novel's history It also considers the novel's global reach while suggesting that the epoch of modernism is not yet finished

The Woman Question in Nineteenth-Century English, German and Russian Literature Kathryn L. Ambrose, 2015-09-29 Kathryn Ambrose offers a new approach to the Woman Question in mid to late nineteenth century English German and Russian literature Using a methodological framework based on feminist theory and post structuralism she provides a re vision of canonical texts such as Jane Eyre Wuthering Heights Middlemarch Effi Briest Fathers and Children and Anna Karenina alongside lesser known works by Emily and Charlotte Bront George Eliot Theodor Storm Theodor Fontane Ivan Turgenev and Leo Tolstoy Her exploration of the semiotics of barriers as opposed to the established approach of the semiotics of space makes for a rewarding reading of this period of literature and establishes new cross cultural and literary connections between the three

the therapeutic self clarification Wittgenstein saw as the true work of philosophy Seen in this light Wittgenstein resembles his modernist contemporaries more than might first appear Like the literary innovators of his time Wittgenstein believed in the productive power of difficulty in varieties of spiritual experience in the importance of age old questions about life s meaning and in the possibility of transfigurative shifts toward the right way of seeing the world In a series of absorbing chapters Zumhagen Yekpl shows how Kafka Woolf Joyce and Coetzee set their readers on a path toward a new way of being Offering a new perspective on Wittgenstein as philosophical modernist and on the lives and afterlives of his indirect teaching *A Different Order of Difficulty* is a compelling addition to studies in both literature and philosophy

A History of Russian Literature Andrew Kahn, Mark Naumovich Lipovet'skiĭ, Irina Reyfman, Stephanie Sandler, 2018 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century *A History of Russian Literature* provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular bring out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation
