Russian Resurrection:

Russian Baptists and Spiritual Revolution, 1905-1929 Heather J. Coleman, 2005-04-20 a fascinating read for everyone interested in Russia religion and modernity Nadieszda Kizenko In the early 20th century Baptists were the fastest growing non Orthodox religious group among Russians and Ukrainians Heather J Coleman traces the development of Baptist evangelical communities through a period of rapid industrialization war and revolution when Russians found themselves asking new questions about religion and its place in modern life Baptists faith helped them navigate the problems of dissent of order and disorder of modernization and westernization and of national and social identity in their changing society Making use of newly available archival material this important book reveals the ways in which the Baptists own experiences and the widespread discussions that they generated illuminate the emergence of new social and personal identities in late Imperial and early Soviet Russia the creation of a public sphere and a civic culture and the role of religious ideas in the modernization process

Russian Baptists and Orthodoxy, 1960-1990 Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western

world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture

Europasian,2017-07-06 Originally published in 1928 this volume examines the idea of being Europasian that is Russia s uniqueness as a country belonging to and influenced by both Europe and Asia The book is divided into 3 parts the first outlines unwesternized Russia and argues that the land her races history and culture up to Peter the Great are Europasian The middle part discusses the weaknesses of the Imperial Regime and the chaos of Bolshevik rule The final section gives an outline of the Europasian movement and its economic and political programme *Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999* John Edward White,2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges **The Development of Russian Evangelical Spirituality**

Gregory L. Nichols,2011-11-09 Today many evangelicals in the Russian speaking world emphasize sanctification as a distinctive mark of their Christian faith This is a unique characteristic particularly in the European context Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century Missionary efforts of the German Baptists a revival sparked by a British evangelist and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant Baptist and Anabaptist heritage Ivan Kargel uniquely participated in the formation and ministry of each of these threads His life spans from Tsarist Russia to the Soviet Union Kargel refused to adhere to a systematic view of theology Instead he urged believers to go to Scripture and draw from the riches of a life united with Christ Kargel s influence today is keenly felt across the Russian speaking evangelical world as they

seek to identify the roots of their spiritual identity This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality *Kenai Peninsula Tour Guidebook*, 2004-04 Tour guidebook of Alaskas Kenai Peninsula Detailed road tours from Anchorage to Homer and Seward with city and town information and tours to points inbetween Campground and camping information to over fifty state federal and municipal campgrounds Free e book included Over two hundred photos all inlargable and printable A great way to plan the next days adventure

Baptists and War Gordon L. Heath, Michael A. G. Haykin, 2015-03-11 While Baptists through the years have been certain that war is hell they have not always been able to agree on how to respond to it This book traces much of this troubled relationship from the days of Baptist origins with close ties to pacifist Anabaptists to the responses of Baptists in America to the war in Vietnam Essays also include discussions of the English Baptist Andrew Fuller s response to the threat of Napoleon how Baptists in America dealt with the War of 1812 the support of Canadian Baptists for Britain s war in Sudan and Abyssinia in the 1880s the decisive effect of the First World War on Canada s T T Shields the response of Australian Baptists to the Second World War and how Russian Baptists dealt with the Cold War These chapters provide important analyses of Baptist reactions to one of society s most intractable problems *Struggling Russia* Arkady Joseph Sack, 1920 Human Rights and Democratization in the Newly Independent States of the Former Soviet Union United States. 23 nations have collaborated to generate this unique global resource and anthology Ajith Fernando of Sri Lanka and Christopher Wright of the UK each wrote prefaces to the book This latest WEA volume has the potential of profoundly shaping our approach to mission in today's challenging and increasingly dangerous world **A Long Walk To Church** Nathaniel Davis, 2018-10-08 Making use of the formerly secret archives of the Soviet government interviews and first hand personal experiences Nathaniel Davis describes how the Russian Orthodox Church hung on the brink of institutional extinction twice in the past sixty five years In 1939 only a few score widely scattered priests were still functioning openly Ironically Hitler's invasion and Stalin's reaction to it rescued the church and parishes reopened new clergy and bishops were consecrated a patriarch was elected and seminaries and convents were reinstituted However after Stalin's death Khrushchev resumed the onslaught against religion Davis reveals that the erosion of church strength between 1948 and 1988 was greater than previously known and it was none too soon when the Soviet government changed policy in anticipation of the millennium of Russia's conversion to Christianity More recently the collapse of communism has created a mixture of dizzying opportunity and daunting trouble for Russian Orthodoxy The newly revised and updated edition addresses the tumultuous events of recent years including schisms in Ukraine Estonia and Moldova and confrontations between church traditionalists conservatives and reformers The author also covers battles against Greek Catholics Roman Catholics Protestant evangelists and pagans in the south and east the canonization of the last Czar the church's financial crisis and hard data on the slowing Russian orthodox recovery and growth Institutional rebuilding and moral leadership now beckon between promise and possibility **Freedom of Conscience in (Post)Soviet Space** Julie K. deGraffenried, Michael Long, Xenia Dennen, 2025-08-15 Freedom of Conscience in Post Soviet Space a collection of original essays edited by Julie K deGraffenried Michael Long and Xenia Dennen is inspired by the work of Michael Bourdeaux the holdings of the Keston Archive and continuing questions of freedom of conscience Ranging from England to Siberia and moving chronologically from 1917 to the twenty first century this book reveals the unique organization and methodology behind the Keston's collection of materials and the ways those in the West thought about religion and communism during the Cold War including the connection between religious liberty and human rights The essays demonstrate the depth and breadth of current research on religion in communist and postcommunist contexts a much needed corrective to contemporary political uses of religious freedom Bourdeaux's activism and preservation of materials influenced many fields of study as reflected by contributing authors varied disciplines history theology sociology languages and literature A preface by the theologian and former Archbishop of Canterbury Rowan Williams comments on Michael Bourdeaux's life and significance *Russia's Uncertain Economic Future* John P. Hardt, Robert F. Bennett, 2015-04-15 The contributors to this volume analyze the present state of the Russian economy and its future prospects which now seem brighter than at any previous time in the country's history The Russian economy is now showing positive GDP growth and a positive balance of payments portending a trend of sustained

growth The record of the Putin presidency with respect to the establishment of market friendly legal and administrative environments is substantially positive On the other side of the ledger the contributors identify the persistence of monopolies in energy transportation and agriculture distortions resulting from corruption infrastructural inadequacies and the maldistribution of political power and decision making authority demographic decline and the erosion of human capital as manifested in the health education and welfare of the population Russia s successful development as a democratic society with a market economy is of great importance to its neighbors and to the global economy and specifically to the United States which is why the U S Congress commissioned these studies by expert analysts This edition includes a comprehensive subject index making the volume user friendly The English Catalogue of Books Sampson Low,1906 Volumes for 1898 1968 include a directory of publishers
