Russian Intellectual History Marc Raeff,1966 Russian Intellectual History Marc Raeff,1966 Russian Intellectual History. An Anthology ... With an Introduction by Isaih Berlin, Etc. [Edited by Marc Raeff,]. Marc Raeff,1966

Russian Intellectual History Marc Raeff,1966 Russian intellectual history: an anthology, with an introd Marc Raeff, Checklist of Documents, 2006 Russia and Western Civilization Russell Bova,2015-02-12 This volume introduces readers to an age old question that has perplexed both Russians and Westerners Is Russia the eastern flank of Europe Or is it really the heartland of another civilization In exploring this question the authors present a sweeping survey of cultural religious political and economic developments in Russia especially over the nineteenth and twentieth centuries Based on the inter disciplinary Russian studies program at Dickinson College this splendid collection will complement many curricula The text features highlight boxes and selected illustrations Each chapter ends with a glossary study questions and a reading list

A History of Russian Thought William Leatherbarrow, Derek Offord, 2010-04-01 The history of ideas has played a central role in Russia's political and social history Understanding its intellectual tradition and the way the intelligentsia have shaped the nation is crucial to understanding the Russia of today This history examines important intellectual and cultural currents the Enlightenment nationalism nihilism and religious revival and key themes conceptions of the West and East the common people and attitudes to capitalism and natural science in Russian intellectual history Concentrating on the Golden Age of Russian thought in the mid nineteenth century the contributors also look back to its eighteenth century origins in the flowering of culture following the reign of Peter the Great and forward to the continuing vitality of Russia's classical intellectual tradition in the Soviet and post Soviet eras With brief biographical details of over fifty key thinkers and an extensive bibliography this book provides a fresh comprehensive overview of Russian intellectual history Russian Intellectual History, 1978 Russian Intellectual History Dmitrij Tschižewskij,1978 Russian Philosophy, Volume 1 James M. Edie, 2025-03-14 Russian philosophy begins through the impregnation of the ancient Byzantine tradition of Old Russia by the Western thought of the French Enlightenment and then by German Romanticism The first original Russian philosopher Gregory Skovoroda the Russian Socrates was followed by the early philosophy of history and culture Alexander Radishchev and Peter Chasadayev The fateful break of Russian philosophiers into two opposed camps of the Slavophiles was accomplished by the middle of the nineteenth century **The Agony of the Russian Idea** Tim McDaniel, 1998-07-13 Boris Yeltsin's attempts at democratic reform have plunged a long troubled Russia even further into turmoil This dramatic break with the Soviet past has left Russia politically fragmented and riddled with corruption its people with little hope for the future In a fascinating account for anyone interested in Russia's current political struggles Tim McDaniel explores the inability of all its leaders over the last two centuries tsars and Communist rulers alike to create the foundations of a viable modern society. The problem then and now he argues is rooted in a cultural trap endemic to Russian society and linked to a

unique sense of destiny embodied by the Russian idea In its most basic sense the Russian idea is the belief that Russia can forge a path in the modern world that sets itself apart from the West through adherence to shared beliefs community and equality These cultural values according to McDaniel have mainly reversed the values of Western society rather than having provided a real alternative to them By relying on the Russian idea in their programs of change dictatorial governments almost unavoidably precipitated social breakdown When the Yeltsin government declared war on the Communist past it broke with deeply held Russian values and traditions McDaniel shows that in cutting people off from their pasts and promoting the West as the sole model of modernity the reformers have simultaneously undermined the foundations of Russian morality and the people's sense of a future Unwittingly the Yeltsin government has thereby annihilated its own authority McDaniel lived in Russia for three years during both the Communist and post Communist periods Basing his analysis on broad historical research extensive travels countless interviews and conversations and friendships with Russians from all walks of life McDaniel emphasizes the perils of assuming that Russians understand the world in the same way that we do and so can and should become like us Challenging and provocative in its claims this book is intended for anyone seeking to understand Russia's attempts to create a new society A History of Russian Philosophy 1830-1930 G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy s main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today

Nicholas Karamzin and Russian Society in the Nineteenth Century J. Laurence Black, 1975-12-15 Nicholas Karamzin 1766 1826 was a remarkably active thinker and writer during a time that was trying to all Europeans A first hand witness to the French Revolution Napoleonic suzerainty over Europe the burning of Moscow and the Decembrist revolt in St Petersburg he presented in his voluminous correspondence and published writings a world view that recognized the weaknesses of the Russian Empire and at the same time foresaw the dangers of both radical change and rigid autocracy Russian conservatism owes much to this man even though he would have agreed with very few of those who came after him and were called conservative he supported autocracy but was committed to enlightenment he abhorred constitutions. The fact that his writing had lasting significance has rarely been challenged but the social and political nature of that contribution has never before been demonstrated

Previous studies of Karamzin have dealt with his literary career This monograph focuses on the final third of his life on his career at court 1816 26 and on the cultural heritage he left to the Russian Empire As the historian of Russia most widely read by his and later generations his historical interpretations mirrored and helped shape the image Russians had of themselves Professor Black s study of Karamzin is crucial to any examination of Russia s enlightenment conservatism historical writing and national self consciousness The Cambridge Companion to Modern Russian Culture Nicholas Rzhevsky, 2012-04-05 A fully updated new edition of this overview of contemporary Russia and the influence of its Soviet past of Reaction and Reform 1801-1881 David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis The Russian Revolution of 1905 Anthony J. Heywood, Jonathan D. Smele, 2013-04-03 2005 marks the centenary of Russia's first revolution an unplanned spontaneous rejection of Tsarist rule that was a response to the Bloody Sunday massacre of 9th January 1905 A wave of strikes urban uprisings peasant revolts national revolutions and mutinies swept across the Russian Empire and it proved a crucial turning point in the demise of the autocracy and the rise of a revolutionary socialism that would shape Russia Europe and the international system for the rest of the twentieth century The centenary of the Revolution has prompted scholars to review and reassess our understanding of what happened in 1905 Recent opportunities to access archives throughout the former Soviet Union are yielding new provincial perspectives as well as fresh insights into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions This text brings together some of the best of this new research and reassessment and includes thirteen chapters written by leading historians from around the world together with an introduction from Abraham Ascher

The Russian Revolution of 1905 Jon Smele, Anthony Heywood, 2005 This book presents new perspectives and fresh insight into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions in the 1905 Russian revolution

A Documentary History of Russian Thought William J. Leatherbarrow, Derek Offord, 1985

Russian Populism Christopher Ely, 2021-12-30 Russian populism the belief that the peasantry embodied authentic Russian identity and once liberated from their poverty would lead the country to a brighter future has animated Russian thought across the political spectrum and inspired much of Russia's world historical literature music and art in the 19th century This book offers the fullest and most authoritative account of the rise proliferation and influence of populist values and ideology in modern Russia to date Christopher Ely explores the complete story of Russian populism Starting from the cursed question of how to reconnect the popular masses with the Europeanized elite he examines the populist obsession with the peasant commune as a model for a future socialist Russia He shows how the desire for revolution led Russian

radicals to flood into the countryside and later to pioneer terrorism as a form of political action He delves into those artists influenced by populist ideals and he tells the story of the collapse of populist optimism and its rebirth among the Socialist Revolutionary neo populists The book demonstrates that populism existed in forms ranging from radical socialist to religious conservative Blending lively theoretical analysis with a wealth of primary sources and illustrations Russian Populism provides a highly engaging overview of this complex phenomenon it is invaluable reading for anyone interested in the momentous final decades of the Russian Empire
