**The War of 1812 U.S. War Department Correspondence, 1812-1815** John C. Fredriksen, 2016-07-12 The War of 1812 saw the United States wracked by political dissent and saddled with a problematic military policy The new nation notably failed in its attempted occupation of Canada in a bid to leverage better treatment from Great Britain but in two and a half years of fighting there were American victories and defeats none of which decisively altered events or advanced the national agenda In the end the grievances listed in President Madison's war message to Congress British harassment of American shipping the impressment of American citizens and the instigation of hostilities by Indian tribes were all mitigated by the time the Treaty of Ghent was signed in 1814 mainly attributable to the fall of Napoleon This collection of War Department correspondence gives a complete account through more than 11 000 official and unofficial letters annotated and indexed here for the first time      **Soldiers**, 1985      *FCC Record* United States. **Gazetteer of the State of New York** John Homer French,1995 French s unsurpassed Gazetteer of the State of New York is a complete history description of every county city town village locality in New York But more than that it is a record of the founders early settlers of practically every locality in the state an astonishing achievement the reason that the book has remained among the top genealogical reference works for New York State Of course no single person could have generated all this information on his own so under the supervision of J H French surveyors agents were instructed to visit every city town village to search records examine documents consult the best living printed manuscript authorities to make returns to the general office of all the reliable matter information obtained Thus was created an accurate comprehensive gazetteer with descriptions of each county city town village arranged according to a uniform plan of more value today to the genealogist than ever before Information provided for each locality includes founding founders early settlements settlers historical sketch to the time of writing leading institutions schools churches prominent representative citizens stories of general local interest statistics from state censuses names of every natural man made topographical feature Preceding this core part of the Gazetteer is a full 150 page survey of the government topography institutions of the state of New York Outstanding as the Gazetteer is its usefulness as a research tool is severely limited by the lack of an index to the thousands of names that appear in the text footnotes But this reprint edition puts an end to this unfortunate situation as it incorporates Frank Place s Index of Names a 16000 name index first published in 1962 by the Cortland County Historical Society In 1969 the Society issued a second printing of the Index incorporating a Supplement of additions corrections a third printing in 1983 included a Supplementary Index to Place Names With the Society s permission we have incorporated the final index edition of 1983 with our reprint of the Gazetteer making it the most complete the most useful edition ever published
