Sacramento California Indomitable City Making Of America Series:

Sacramento Steven M. Avella, 2003-09-10 Born of a country's collective desire for riches Sacramento was resolute in its survival while other Gold Rush towns faded into history. It battled catastrophic fires, floods, and epidemics to become the original western hub and laid claim to the capital of a state that would one day have the world's fifth largest economy. The community's flourishing growth is not just a product of its economic viability but a direct result of the cultural vibrance and fortitude of a diverse populace that remains the backbone of our country's most dynamic state. **Forthcoming Books**

The Chicano Movement Rose Arny, 2003 Mario T. Garcia, 2014-03-26 The largest social movement by people of Mexican descent in the U.S. to date, the Chicano Movement of the 1960s and 70s linked civil rights activism with a new assertive ethnic identity. Chicano Power. Beginning with the farmworkers struggle led by Cesar Chavez and Dolores Huerta, the Movement expanded to urban areas throughout the Southwest, Midwest, and Pacific Northwest as a generation of self-proclaimed Chicanos fought to empower their communities. Recently, a new generation of historians has produced an explosion of interesting work on the Movement. **The Chicano Movement Perspectives from the Twenty First Century** collects the various strands of this research into one readable collection exploring the contours of the Movement while disputing the idea of it being one monolithic group. Bringing the story up through the 1980s, **The Chicano Movement** introduces students to the impact of the Movement and enables them to expand their understanding of what it means to be an activist, a Chicano, and an American. **The Un/Making of Latina/o Citizenship** E. Hernández, E. Rodríguez y Gibson, Eliza Rodríguez y

Gibson, 2014-08-20 Examining a wide range of source material including popular culture, literature, photography, television, and visual art, this collection of essays sheds light on the misrepresentations of Latinas/os in the mass media. **The California Gold Rush** Mark A. Eifler, 2016-07-22 In January of 1848, James W. Wicks discovered gold at Sutter's Mill in the foothills of the Sierra Nevada. For a year afterward, news of this discovery spread outward from California and started a mass migration to the gold fields. Thousands of people from the East Coast, aspiring to start new lives in California, financed their journey West on the assumption that they would be able to find wealth. Some were successful; many were not, but they all permanently changed the face of the American West. In this text, Mark Eifler examines the experiences of the miners, demonstrates how the gold rush affected the United States, and traces the development of California and the American West in the second half of the nineteenth century. This migration dramatically shifted transportation systems in the U.S., led to a more powerful federal role in the West, and brought about mining regulation that lasted well into the twentieth century. Primary sources from the era and web materials help readers comprehend what it was like for these nineteenth-century Americans who gambled everything on the pursuit of gold. **Sacramento and the Catholic Church** Steven

Avella, 2008-08-22 This book examines the interplay between the city of Sacramento, California, and the Catholic Church from the city's beginnings to the twenty-first century to illustrate the sometimes hidden ways religious communities help form and
