Pauley, 2006-12-01 Though Lyndon Johnson developed a reputation as a rough hewn arm twisting deal maker with a drawl at a crucial moment in history he delivered an address to Congress that moved Martin Luther King Jr to tears and earned praise from the media as the best presidential speech in American history Even today his voting rights address of 1965 ranks high not only in political significance but also as an example of leadership through oratory Garth E Pauley carefully analyzes both the content and the context of this historic speech He begins with an analysis of the less than linear path of voting rights in the United States and highlights the failures and limited successes of previous legislation Many commentators have seen Johnson's voting rights speech as a response to the escalating protests in Selma and Pauley explores that connection Did Johnson wait too long to address the issue Would he have championed voting rights without the protests Pauley traces the development of the speech and the policy with these questions in mind He situates the speech not only within its immediate context but also within Johnson's ideology and value system tracing the influences on Johnson's racial attitudes and describing the complex of policies he developed to address issues of inequality Having set the stage for the address Pauley then carefully analyzes the text itself He charts the authorship of the speech through several drafts by aides traces the purposefulness of the allusions and recounts the extemporizing Johnson introduced when he actually delivered the address He notes the idealistic even mythic dimensions of the speech which contrast with its plainspoken style Finally Pauley gauges the effectiveness of the speech He reports the response to the address in the media among civil rights

leaders and in the general population Pauley concludes with some reservations about the effectiveness not only of this address but also of the Johnson program for racial justice Nonetheless he believes that Lyndon Johnson s We Shall Overcome speech remains a remarkable achievement combining principle with rhetorical leadership Dare to Wear Your Soul on the Outside Gloria J. Burgess,2008-11-03 In this inspirational book Gloria Burgess uses the touching story of her father s relationship with William Faulkner as a starting point to explore a classic topic how to bring forth the character qualities of love wisdom trust faith gratitude creative action vision and integrity Burgess declares the sacred promises of legacy living as part of a transformational process that helps us connect to our past by honoring those who came before us living with intention in the present and freeing our talents so we can realize our potential Dare to Ware Your Soul on the Outside also includes practical exercises for fostering greater authenticity and purpose in our lives **The Works of Dionysius the Areopagite** Dionysius the Areopagite,Aeterna Press, The Treatise on Divine Names was written by Dionysius at the request of Timothy and at the instigation of Hierotheus to express in a form more easily understood the more abstract Treatise of Hierotheus who was his chief instructor after St Paul Its purpose is to explain the epithets in Holy Scripture applied alike to the whole Godhead Father Son and Holy Ghost It does not pretend to describe the unrevealed God Who is beyond expression and conception and can only be known through that union with God by which we know even as we are known Holy Scripture is the sole authority beyond which we must neither think nor speak of Almighty God The Treatise being written by one of the most learned Greeks the phraseology is naturally that of Plato and Aristotle but Plato and Aristotle are not authorities here Aeterna Press Michael Walsh Bundle: Hostile Intent, Early Warning & Shock Warning Michael Walsh,2011-11-01 It starts with the unthinkable the most horrific act of violence ever committed on American soil Only one man can stop them Hostile Intent Code named Devlin he exists in the blackest shadows of the United States government operating off the grid as the NSA s top agent He s their most lethal weapon and their most secret But someone is trying to draw him out into the open by putting America s citizens in the crosshairs and they will continue the slaughter until they get what they want All Enemies Foreign And Domestic The NSA s most lethal weapon is back Code named Devlin he operates in the darkest recesses of the US government When international cyber terrorists allow a deadly and cunning band of radical insurgents to breach the highest levels of national security Devlin must take down an enemy bent on destroying America an enemy more violent and ruthless than the world has ever known You ll love Walsh s books Rush Limbaugh Countdown To Armageddon It begins in California with a devastating biological attack a horrific display of homegrown terror unseen on U S soil just weeks before the presidential election For the White House it is a political nightmare as it threatens to plunge the country into panic and economic chaos But for the NSA s undercover agent Devlin it is the ultimate warning Devlin knows who s behind the mayhem He knows who controls the media And he knows that unless he can stop it the End of Days begins on Election Day Shock Warning Michael Walsh,2011-05-26 You ll love Walsh s books Rush Limbaugh Countdown To Armageddon It begins in

the bar he was reporter of the decisions of his beloved master and edited twenty volumes of the equity reports of Vesey Jr which he enriched with copious and learned notes A little later when he was twenty six years old he spent a month in Washington tarrying a short time in New York on his way In that brief period he made life long friendships with some famous men including Chancellor Kent Judge Marshall and Francis Lieber He had a rare gift for making friendships with men especially with great men and with women With him in those days an acquaintance with any person worth knowing soon ripened into an indissoluble friendship A few years later he spent a little more than two years in Europe coming home when he was just past twenty nine years old That time was spent in attending courts lectures of eminent professors and in society No house which he desired to enter seems to have been closed to him Statesmen judges scholars beautiful women leaders of fashionable society welcomed to the closest intimacy this young American of humble birth with no passport other than his own character and attainment It is hardly too much to say that the youth of twenty nine had a larger and more brilliant circle of friendship than any other man on either continent The list of his friends and correspondents would fill many pages He says in a letter to Judge Story what would seem like boasting in other men but with him was modest and far within the truth I have a thousand things to say to you about the law circuit life and the English judges I have seen more of all than probably ever fell to the lot of a foreigner I have had the friendship and confidence of judges and of the leaders of the bar Not a day passes without my being five or six hours in company with men of this stamp My tour is no vulgar holiday affair merely to spend money and to get the fashions It is to see men institutions and laws and if it would not seem vain in me I would venture to say that I have not discredited my country I have called the attention of the judges and the profession to the state of the law in our country and have shown them by my conversation I will say this that I understand their jurisprudence
