Signs Of The Times Studies In The Prophetic Scriptures:

The Art And Science Of Clairvoyance Helen DaVita, 2023-02-05 This book is an exploration into the spiritual power of the visual mind focusing specifically on clairvoyance Rather than providing instructions on how to do something it seeks to answer what it is all about Topics such as understanding the clairvoyant power unlocking imagination the neuroscience of mental images prophesy precognition and discovering new ways to unlock clairvoyant creativity are discussed Through this book readers gain an understanding of how and why they can tap into their inner clairvoyance and trust their own abilities Suggestions of techniques for enhancing visualisation skills and deeper spiritual connection are explored allowing readers the opportunity to unlock the potential of their visual power Whether a novice or an experienced clairvoyant this book will provide insights into the clairvoyant world and offer an opportunity to grow in knowledge of this powerful and fascinating field By cultivating respect and appreciation for clairvoyance its great power can be harnessed to make a difference You have the capacity to increase your clairvoyant power and uncover new ways of seeing the world By the end of this book you will have gained valuable insight into the subject of clairvoyance and experienced at least one aha moment Signposts of the Last Days Bill Goodwin, 2012-06-07 SIGNPOSTS of The Last Days is not an attempt to sensationalize predicted events from prophecy implying they will happen in a particular manner Remember that when Jesus came the first time all but two people were looking for a different kind of Messiah than the One they got Instead you will find the Biblical basis for twelve predicted events of the Last Days This book is written to review some of the available passages concerning these events that will lead to the end of the Last Days and how they relate to each other They are arranged in the order they are expected to happen It also is designed to relate coming events to the past times in which God has presented Himself to the world using different people This is your opportunity to separate the modern day scenarios seemingly written for Hollywood from what we might realistically expect should we be alive to see it all unfold Please read them all with the understanding that there may be fewer than two individuals who get close to the actual truth this time around *A Dissertation on the Prophetic Scriptures, Chiefly Those of a Chronological Nature* Matthew Habershon, 1834 *The Antichrist: Studies on the End Times* A.W Pink, Rev Terry Kulakowski, Editor, 2017-10-20 The contents of this book were first given out by the author at Bible Conferences and then appeared in their present form in *Studies in the Scriptures* 1 As the subject of them is of such importance to students of prophecy and as so little has been published thereon we have deemed it advisable to issue them complete in book form So far as the writer is aware only two or three comparatively brief booklets and essays have appeared on this particular theme though to their contents we are indebted for a number of helpful suggestions Our aim has been to present as comprehensive an outline as our space would allow Much of what we have advanced will no doubt be new to the great majority of our readers Frequently we have been obliged to deviate from the interpretations of those who have gone before us Nevertheless we have sought to give clear proof texts for everything advanced *The Basis of Scripture Prophecy*

Migration as a Sign of the Times Judith Gruber, Sigrid Rettenbacher, 2015-06-24 Migrations are contested sites of identity negotiations they are not simply a process of border crossings but more so of border shiftings Rather than allowing migrants to swiftly move across stable borders from one clearly defined identity to another migrations question and renegotiate these very identities Migrations undermine and re establish borders along which the identity of migrants and also that of the supposedly settled population are constituted and as a discourse migrations serve as a contested site of negotiating identities Migrations reveal the negotiable character of identities and representations of migration are themselves a hotspot in contemporary identity constructions What can theology contribute to the negotiations on migration The contributions of this volume work towards a reading of migration as a sign of the times Together they offer steps towards a theology of migration They show that migration calls for a new way of doing A theology that is exposed to migration as a sign of the times is drawn into the shifting unsettling and undermining of borders This has impact not only on the discourse of migration but also on the discourse of theology it calls theology to move away from its search for well established definitions literally borders of its God talk and to venture into new uncharted territory It loses its fixed clearly defined grounds and finds itself on the way toward a renegotiation of what it means to believe in celebrate and reflect on YHWH on God who is with us on the way

Are We Living in the End Times? Tim LaHaye, Jerry B. Jenkins, 2000-11 The authors present twenty reasons for believing that the Rapture and Tribulation could occur during our generation and offer help for a more holy life more evangelism and more interest in missions Jacket

Masquerade of the Dream Walkers Peter A. Redpath, 2021-11-01 Through extensive textual analysis this book concludes that the prevailing opinion about the nature of modern and contemporary philosophy is wrong It maintains that almost all modern and contemporary philosophy is deconstructed secularized Augustinian theology not philosophy The work is divided into eight chapters a guest Foreword by Herbert I London President of the Hudson Institute and Olin Professor of Humanities at New York University notes bibliography and an index Chapter 1 Protagoras Sees the Ghost of Hippo considers Cartesian thought Hobbes and Newton Chapter 2 I Feel the Spirit Move Me examines Locke Berkeley and Hume Chapter 3 The Urge to Emerge investigates Lessing and Rousseau Chapters 4 To Dream the Impossible Dream and 5 Wake Up Wake Up You Sleepyhead treat Kant Chapters 6 I Am Music and 7 Looking for God in All The Wrong Places deal with Hegel Chapter 8 Dirty Dancing Higher Education as Enlightened Swindling concludes that a lack of philosophical and historical experience coupled with a widespread inability to read philosophical texts according to the intention of the author 1 causes us to mistake secularized theology for philosophy and 2 is a main cause for the decline of contemporary universities
