Jefferson Parker is a New York Times bestselling author and three time Edgar Award winner Sun drenched L.A. noir People Parker has written a page turner as strong and smart as its protagonist And in Joe's case that's saying something The San Francisco Chronicle an intricately layered story perhaps Parker's most ambitious work to date Publishers Weekly starred review It's too bad there are no book awards for originality If there were this year veteran crime writer T. Jefferson Parker would win hands down thanks to the title character of his latest book Silent Joe a brilliantly conceived and boldly innovative hero who makes this Parker's best work yet Providence Sunday Journal T. Jefferson Parker's latest California mystery is worth shouting about People

Silent Joe T. Jefferson Parker, 2002-04-01 Scarred for life by a brutal father Joe Trona found a safe haven and a loving childhood in the home of the couple who adopted him Now he spends his days as a deputy for the Orange County sheriff's department and his nights as a driver and aide to Will Trona the influential politician who rescued him from the Hillside Children's Home An expert in firearms and the martial arts Joe has been backing Will up for a long time Still his skill isn't enough to keep Will alive and when his father is killed right in front of Joe's eyes the young deputy vows to avenge him But first he must find out how the kidnapping of a tycoon's daughter a scam to line the pockets of Will Trona's political enemies the murder of two Guatemalan immigrants the unholy activities of a charismatic minister who's a close friend of the Trona family and the strange alliance of two rival L.A. gangs are connected to Will's death Every secret Joe uncovers leads deeper into his beloved father's murky past and ultimately his own But the reader stays right with this extraordinary man as he battles his demons and ultimately vanquishes them Author T. Jefferson Parker The Blue Hour Red Light Laguna Heat is one of the best thriller writers working today Fans of Michael Connelly and Dennis Lehane and Raymond Chandler for that matter will appreciate Parker's ability to create a complex fascinating and fully realized hero whose inner reality is brilliantly revealed by his actions Will Trona is an equally intriguing invention while ultimately he is an enigma we remain convinced that he is worthy of his son's devotion Silent Joe is a mindful intelligent novel you can't put down It should break Parker out with the really big boys

of mystery fiction the million sellers with the marquee names In fact he s a much better writer than most of them and unlike many he never tells the same story twice Jane Adams Silent Joe Jefferson Parker,2002 When his adoptive father an Orange County politician is murdered Joe Trona sets out to find the killer His investigation leads him to confront his own childhood abuse **Damned If I Do** Eric Watford,2013-12-11 Meet Cashmere Fleets the richest man in Harlem thanks to his bootleg and numbers operations He is on top of the world until the exotic Brandy Clark enters his life Cashmere can have any woman in Harlem except this one Will he get out of the game and abandon his friends to have the woman he loves Along with Brandy comes deceit mistrust betrayals and love and lust and danger Before either one can decide their fate they must get their warring gangs to unite to keep Harlem out of the hands of the Mafia **Death Comes in Threes** Eric Watford,2013-12-05 When her boyfriend reveals a stash of diamonds he stole Myra Fresh rips him off and disappears Ten years later as a homicide detective Fresh is assigned to solve the cold case She must conceal the fact that she stole the diamonds from her ex and still get him convicted of the robbery and the murders committed during the crime Her partner detective Mercy Rogers begins to suspect Fresh had something to do with the crime She has no idea how deep betrayal can go Soon secrets from the past have their own deadly consequences *Halo: Retribution* Troy Denning,2017-08-29 An original full length novel set in the Halo universe and based on the New York Times bestselling video game series December 2553 Less than a year after the end of the Covenant War a string of violent incidents continues to threaten the tenuous peace in human held space culminating in the assassination of UNSC fleet admiral Graselyn Tuwa and the abduction of her family It is a provocation so outrageous that the Office of Naval Intelligence must retaliate swiftly and ferociously but only after its operatives identify her killer and rescue the hostages This mission will be the first for homicide detective turned ONI operative Veta Lopis and her young team of Spartan IIIs and some thing feels wrong from the start The obvious suspect is an infamous Brute dokab who leads the Keepers of the One Freedom a Covenant splinter group in fierce opposition to the UNSC But Lopis and her team soon realize that the truth is much more insidious than they could ever have imagined and along with Fred 104 Kelly 087 and Linda 058 of Blue Team for combat support must stop a plan hatched in the bowels of the secret research station Argent Moon a plan so sinister it could destroy all those still reeling from thirty years of inter galactic conflict **Altruistically Inclined?** Alexander J. Field,2010-08-27 Altruistically Inclined examines the implications of recent research in the natural sciences for two important social scientific approaches to individual behavior the economic rational choice approach and the sociological anthropological It considers jointly two controversial and related ideas the operation of group selection within early human evolutionary processes and the likelihood of modularity domain specific adaptations in our cognitive mechanisms and behavioral predispositions Experimental research shows that people will often cooperate in one shot prisoner s dilemma PD games and reject positive offers in ultimatum games contradicting commonly accepted notions of rationality Upon first appearance predispositions to behave in this fashion could not have been favored by natural

selection operating only at the level of the individual organism Emphasizing universal and variable features of human culture developing research on how the brain functions and refinements of thinking about levels of selection in evolutionary processes Alexander J Field argues that humans are born with the rudiments of a PD solution module and differentially prepared to learn norms supportive of it His emphasis on failure to harm as opposed to the provision of affirmative assistance as the empirically dominant form of altruistic behavior is also novel The point of departure and principal point of reference is economics But Altruistically Inclined will interest a broad range of scholars in the social and behavioral sciences natural scientists concerned with the implications of research and debates within their fields for the conduct of work elsewhere and educated lay readers curious about essential features of human nature Alexander J Field is the Michel and Mary Orradre Professor of Economics at Santa Clara University Finding Joe Anthony Masters,2012-10-26 Joe has been acting strangely lately He s been causing serious trouble and messing up his friends lives But they can t tell anyone Not even each other You see no one would believe them Everyone looks up to Joe until he mysteriously disappears Distraught his sister Debs pleads with his friends to look for him Reluctantly they head for the obvious place the marsh where they played as kids But they are not kids anymore and without Joe they re leaderless How will they even find him And do they want to after what he s done In fact they would be quite happy if Joe stayed missing for good Say No to Joe?
