Appealing to the amateur wine lover as well as the aspiring professional taster The Simon Schuster Beginner's Guide to Understanding Wine is written to be eminently readable Michael Schuster's expertise is combined with a well developed sense of humor which allows him to avoid and have fun with the snobbery and occasional absurdity of tasting and understanding wine This beautiful and accessible guide progresses in three sections The first explores the techniques of wine tasting from knowing what to look for to describing and recording a judgment Readers are encouraged to experiment and develop their own tasting methods The second section discusses the major grapes and their wines The author explains how to discern between wines considered to be classic and those that are not what to expect from the different grapes and their blends and the different wine producing areas He suggests specific wines to taste for comparison and as examples of style and quality He tops off this section with a chapter covering fortified wines Cognac Armagnac and malt whisky The final section of the book is devoted to the practicalities of wine and wine drinking handling serving and decanting storage and record keeping An extensive original index provides an at a glance identification chart of the grapes used in all the major wine names The Simon Schuster Beginner's Guide to Understanding Wine is a friendly lavishly illustrated introduction to the fundamentals of wine appreciation

WineSpeak Bernard Klem, 2009-07-01 If you read wine reviews you're already either amused or confused by the soaring language wine writers often use to describe what they're smelling and tasting But do you always know what they mean Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail Have you ever savored a full bodied red only to detect the ripe acrid smell of a horse stall If not you're in for a treat because these terms and thousands more are all here to amuse dismay enlighten inspire puzzle and utterly shock you Welcome to the rich linguistic universe of wine speak a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours The author a lifelong lover of both wine and words has compiled and organized this unique thesaurus of 36 975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others May your path across the galaxy of wine be paved only with labels from the very best bottles on earth Or much more cautiously with wines that could introduce you to angel pee citronella eastern European fruit soup Godzilla iodine ladies underwear mustard gas old running shoes rawhide hot tar roads bubblegum sweaty saddles crushed ants kitchen drains or even turpentine
