Magic Of Midnight:

Magic at Midnight Phyllis Arkle, 1967 SUMMARY After two hundred years stuck on the inn sign Wild Duck discovers that he could have flown off at midnight every night to do whatever he wanted until cock crow Midnight Magic Avi, 1999 In Italy in 1491 Mangus the magician and his apprentice are summoned to the castle of Duke Claudio to determine if his daughter is indeed being haunted by a ghost **Magic by Midnight** Allison Bass, 2018-11-05 Felicity a young librarian is certain her only adventures will come in the form of the books she reads When her uncle reveals that the palace librarians have the secret gift of interpreting fairy tales stories that control the fate of the kingdom she is thrust into a new world of magic Between rescuing Cinderella charming a prince and battling an evil force trying to sabotage the fairy tale Felicity realizes orchestrating a happily ever after ending is going to take all of her wits However it is her heart that is put to the real test She finds herself having to choose between her own happy ending or protecting the fairy tale she has been tasked with completing After the clock strikes midnight Felicity discovers her world will change forever and some fates are stronger than magic Realism's Others Eva Aldea, Geoffrey Baker, 2010-07-12 For at least a century scholarship on realist narrative and occasional polemics against realist narrative have assumed that realism promotes the values of sameness against those of otherness and that it does so by use of a narrative mode that excludes certain epistemologies ideologies and ways of thinking However the truth is more complex than that as the essays in this volume all demonstrate Realism's Others examines the various strategies by which realist narratives create the idea of difference whether that difference is registered in terms of class ethnicity epistemology nationality or gender The authors in this collection examine in detail not just the fact of otherness in some canonical realist and canonical magical realist and postmodern novels but the actual means by which that otherness is established by the text These essays suggest that neither realist narrative nor narratives positioned as anti realist take otherness for granted rather the texts discussed here actively create difference and this creation of difference often occasions severe difficulties for the novels representational schema How does one represent different types of knowledge other aesthetic modes or other spaces for example in texts whose epistemology has long been seen as secular and empirical whose aesthetic mode has always been approached as pure descriptive mimesis and whose settings are largely domestic These essays all begin with a certain collision of nationalities of classes of representational matrices of religions and go on to chart the challenges that this collision presents to our ideas or stereotypes of realism or to the possibilities of writing against and beyond realism This question motivates examination of key realist or social realist texts in some of these essays by Honoré de Balzac George Eliot Franz Grillparzer Theodor Storm Gottfried Keller Theodor Fontane Wilhelm Raabe Marcel Aymar Amparo Ruiz de Burton Henry James William Dean Howells Charles Chesnutt Theodore Dreiser H T Tsiang Alan Sillitoe and Richard Yates However it is no less central a question in certain non realist texts which engage realist aims to a surprising degree often to debate them openly some of these essays discuss in this light fantastic magical realist and

postmodern works by Abram Tertz Paul Auster Alejo Carpentier Toni Morrison Gabriel Garcia Marquez Salman Rushdie and A S Byatt Realism becomes more than an aesthetic aim or narrative mode It becomes rather a value evoked and discussed by all of the works analyzed here in order to reveal its impact on fiction's treatment of ethnicity nationality ideology space gender and social class
