The Romantic Machine John Tresch, 2022-12-22 In the years immediately following Napoleon's defeat French thinkers in all fields set their minds to the problem of how to recover from the long upheavals that had been set into motion by the French Revolution Many challenged the Enlightenment's emphasis on mechanics and questioned the rising power of machines seeking a return to the organic unity of an earlier age and triggering the artistic and philosophical movement of romanticism Previous scholars have viewed romanticism and industrialization in opposition but in this groundbreaking volume John Tresch reveals how thoroughly entwined science and the arts were in early nineteenth century France and how they worked together to unite a fractured society Focusing on a set of celebrated technologies including steam engines electromagnetic and geophysical instruments early photography and mass scale printing Tresch looks at how new conceptions of energy instrumentality and association fueled such diverse developments as fantastic literature popular astronomy grand opera positivism utopian socialism and the Revolution of 1848 He shows that those who attempted to fuse

organicism and mechanism in various ways including Alexander von Humboldt and Auguste Comte charted a road not taken that resonates today Essential reading for historians of science intellectual and cultural historians of Europe and literary and art historians The Romantic Machine is poised to profoundly alter our understanding of the scientific and cultural landscape of the early nineteenth century **Once Upon A Dream** Graham Porter,2004 While in a temporary state of clinical death caused by a near drowning accident 31 year old attorney Scott Colby experiences a vivid image of having once been Pierre an idealistic young French soldier killed in WWI Specifically it is of a 1916 romantic rendezvous with a lovely young maiden named Lucia beside a tucked away waterfall and pond somewhere in the Swiss Alps Was it just a dream Or had he truly lived a previous life **Magical Albert** Renata Lumsden,2020-08-18 When an unexpected medical miracle allows both a champion racing mare and her preemie colt to survive a critical emergency their owners Dave and Renata Lumsden can only hold their breath as they watch the foal grow Dave is optimistic but science minded Renata worries the colt s preemie related challenges will return to haunt him If Albert can t make it as a racehorse what kind of future does he face And with his mother Lusi s broodmare career cut short by the surgery that saved her life what s in store for her Seeking answers to these questions Dave and Renata embark on a sometimes heartbreaking often exhilarating but always unpredictable journey that challenges them and their horses in startling ways And when Renata finally opens her heart and mind beyond science these four legged creatures and the lessons they inspire will lead her and Dave to a whole new and ultimately healing concept of family **The Complete Mag and Clara Balefire Mysteries** ReGina Welling,Erin Lynn,2025-05-29 From bestselling mother daughter duo ReGina Welling and Erin Lynn comes the full length Mag Clara Balefire mystery series a blend of sharp witted sleuthing magical misfires and sisterhood that runs deeper than any spell Five books Zero time for retirement Mag and Clara Balefire thought Harmony Maine would be a quiet place to settle down Instead they find themselves at the center of a series of murders magical disturbances and small town secrets no charm can fix Includes Murder Above the Fold Murder on the Backswing Murder Below the Waterline Haunted by Murder Middle Age Before Beauty This series is like watching your favorite characters grow while the stakes and the magic keep getting smarter Honest funny and a little wicked in all the right ways **Hot Biscuits** Max Evans,Candy Vyvey Moulton,2002 A wide variety of short fiction based on the lives of the men and women who have lived and worked on ranches their connection to the land and livestock **The Judeo-Christian Thought of Franz Rosenzweig** Daniel M Herskowitz,2025-10-14 The Judeo Christian Thought of Franz Rosenzweig offers a new interpretation of Franz Rosenzweig s magnum opus The Star of Redemption commonly treated as one of the high points of modern Jewish thought and demonstrates its profound immersion in the Protestant conceptuality of its time It argues that appreciating the decisive mark of Protestant thought on The Star solves many of its puzzles challenges some entrenched hagiographic orthodoxies about Rosenzweig and provides a unique perspective onto one of the most influential cases of the Protestantisation of Judaism The book shows that Rosenzweig s inventiveness resides in his weaving of Jewish and Christian

motifs that result in an original scheme that is remarkably inclusive toward Judaism from a Christian perspective and remarkably inclusive toward Christianity from a Jewish perspective The Star thus emerges anew not simply as a work of Jewish thought that is influenced by Christian theology but as a work that is more accurately characterised as Judeo Christian The Last Unicorn's Magical Quests in Silverwood Robin Wickens, 2024-04-24 Embark on a fantastical journey through Silverwood with The Last Unicorn s Magical Quests in Silverwood A Whimsical Adventures for Young Readers Within the pages of this enchanting collection of 50 short stories readers will meet the last unicorn and join her on a series of whimsical adventures that will spark the imagination and warm the heart From mystical creatures to daring quests this book is a delightful escape into a world where magic reigns supreme Join the last unicorn as she uncovers hidden secrets overcomes challenges and spreads wonder throughout Silverwood Perfect for young readers and those young at heart this book is a magical tapestry of charm and adventure that will leave you spellbound until the very last page
