*The Magnificent Vision* Lloyd John Ogilvie, 1995      *The Power of Vision I* Rodoljub Orescanin, 2018-11-21 Why do some great ideas remain just empty dreams while others revolutionize reality Why do some people never realize their potential while others manage to accomplish creative wonders that move the mountains from the small seed of their ideas What is the essential difference between dreamers and visionaries and how can we move from one camp to another This book offers answers to these and many other questions concerning the achievement of our desires and goals It is a kind of map for the way to realize the creative potential that exists in each of us If we follow the concrete steps and signposts of this map all the chances are that we will translate our dreams into fruitful visions with concrete and achievable results Moreover this journey will be an exciting adventure that changes us and brings joy and excitement that are possible only when we fulfill our life purpose

**Visions for the Church** Paul M. Zulehner, 2018-04-01 Scepticism disappointment renunciation the situation of the church seems more volatile than ever Paul M Zulehner however is convinced that it is not the church that is in crisis but the changing times demand a reshaping In a run through the history of the Christian Church and Culture he shows that Christianity has often come to crossroads at which renewal and departure were necessary The key to rebirth he sees in powerful visions In the gospel and in art in poetry and myth he finds stimuli which encourage finding new pathways With this book Zulehner gives Christians incentives for a church committed to the future Meditating true to life and practical his vision calls for a resurrection of the church Live Today perhaps we have so much discontent in some parts of the worldwide church because we lack motivating visions Structures are indispensable for the incarnation of a vision in history But they are not a substitute for visions The present church reorganisation concerns more structures than visions We speak more about money than God Of course Churches have to make structural adjustments And only if these are done the Churches start thinking about visions As Saarinen teaches we should look at things the other way round
