The background of the entire image is a soft, painterly illustration of a forest path. Tall, slender trees line the path, which recedes into the distance. The lighting is ethereal, with a mix of cool blues and greens, and warm, golden-yellow highlights that suggest sunlight filtering through the canopy. In the lower foreground, several pink magnolia flowers with delicate, layered petals are in bloom, some showing a gradient of pink and yellow. They are attached to dark, thin branches that curve across the bottom of the frame.

Magnolia Sky:

Magnolia Sky Susan Crandall, 2004 Army Ranger Luke Boudreau commanded a secret mission that went horribly awry. The physical wounds he takes away from the experience are inconsequential compared to his guilt for the loss of a fellow soldier, a man who will never be recognized for his bravery because of the covert nature of their operation. When Luke is recovered enough, he travels to Grover, Mississippi, to pay his respects to a woman who gave her son to the service of his country. He must do so in a way that doesn't reveal the true circumstances of the man's death. He braces himself for a mother's bitter anger, secretly hoping this encounter will begin to deliver him from his torment. However, what he finds in Grover is far from either recrimination or absolution. He is quickly drawn into a family that desperately needs his help: a younger brother bent on self-destruction and a mother with a secret burden of her own. And most shocking of all, he discovers a beautiful widow he didn't know existed, a woman who tempts him to break his own moral code. **Romance Fiction** Kristin Ramsdell, 2012-03-02

A comprehensive guide that defines the literature and outlines the best-selling genre of all time: romance fiction. More than 2,000 romances are published annually, making it difficult for fans and the librarians who advise them to keep pace with new titles, emerging authors, and constant evolution of this dynamic genre. Fortunately, romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it, including fans searching for reading material as well as for library staff, scholars, and romance writers themselves. This title updates the last edition of *Romance Fiction: A Guide to the Genre*, published in 1999. While the emphasis is on newer titles, many of the important older classics are retained, keeping the focus of the book on the entire genre instead of only those titles published during the last decade. Specific changes include new chapters on linked and continuing romances, a new section on Chick Lit, in the Contemporary Romance chapter, an expansion of coverage on the alternative reality subset. This is THE romance genre guide to have. [The Road Home](#) Susan Crandall, 2024-09-24
