Mainline To The Future Congregations For The 21st Century:

Mainline to the Future Craig L. Nesson,2002 Mainline to the Future Jackson W. Carroll,Ruth W and a Morris Williams Jr Professor of Religion and Society Jackson W Carroll,2000-05-01 Describing the patterns of flourishing post traditional church in America Carroll proposes ways mainline churches can use those patterns to rejuvenate themselves **Mainline to the Future** Jackson W. Carroll,2000-01-01 While others lament the declining attendance of mainline churches and blame it on an out of date tradition Jackson Carroll offers a more hopeful perspective arguing that they key to future vitality can be found in the same tradition According to Carroll the tension between tradition and change has always been part of the Protestant heritage and he argues that now is a time when being faithful requires adaptation *Effective Small Churches in the Twenty-First Century* Carl S. Dudley,2010-09-01 Dudley s work in Making the Small Church Effective 1978 broke new ground in understanding the dynamics of life in the small congregation In this revised edition Dudley revisits the small church posing new questions reflective of the considerable changes that have swept over small churches in the last two decades Among the most significant recent developments are shifts in institutional loyalty and individual s sense of identity in relation to larger groups and organizations Dudley explores the key components that contribute to a small congregation s sense of unity and that motivate its members to more faithfully live out their faith *As One with Authority, Second Edition* Jackson W. Carroll,2011-05-11 Congregations today face both old and often new unprecedented challenges spiritual moral technological and economic for which there are no easy solutions Facing such challenges calls for pastors able to lead with authority in ways at the same time faithful to the gospel and appropriate to the congregation s setting and the issues at hand Yet many pastors are unsure of their authority often experiencing conflict as they attempt to lead Others have abused their authority and brought mistrust and suspicion to ordained ministry making it difficult for other clergy to lead In this book a new and revised edition of his earlier highly regarded work on pastoral authority and leadership Jackson Carroll brings together theological and sociological perspectives to provide an interpretation of pastoral authority as reflective leadership a style of leadership that involves vision and discernment and that is appropriate for the many roles in which pastors engage preaching worship leadership teaching counseling and shaping the congregation s corporate life In this new edition Carroll draws on what he has learned from many conversations with pastors and lay leaders since the book s initial publication as well as insights from others He also introduces helpful new case material from practicing pastors and incorporates the perspectives of several recent leadership theorists and practitioners to deepen and enhance the discussion of pastoral authority as reflective leadership Excellent Protestant Congregations Paul Wilkes,2001-01-01 Profiles eight dynamic and diverse congregations identifying the characteristics that make each distinctive while explaining how any church can apply their ideas locally in a resource that also lists more than 300 recommended Protestant congregations Original **The Churching of America, 1776-2005** Roger Finke,Rodney Stark,2005-03-03 Although many Americans assume that religious

participation has declined in America Finke and Stark present a different picture In 1776 fewer than 1 in 5 Americans were active in church affairs Today church membership includes about 6 out of 10 people But as Finke and Stark show not all denominations benefited They explain how and why the early nineteenth century churches began their descent while two newcomer sects the Baptists and the Methodists gained ground They also analyze why the Methodists then began a long downward slide why the Baptists continued to succeed how the Catholic Church met the competition of ardent Protestant missionaries and why the Catholic commitment has declined since Vatican II The authors also explain why ecumenical movements always fail In short Americans are not abandoning religion they have been moving away from established denominations A church sect process is always under way Finke and Stark argue as successful churches lose their organizational vigor and are replaced by less worldly groups Some observers assert that the rise in churching rates indicates increased participation not increased belief Finke and Stark challenge this as well They find that those groups that have gained the greatest numbers have demanded that their followers accept traditional doctrines and otherworldliness They argue that religious organizations can thrive only when they comfort souls and demand sacrifice When theology becomes too logical or too secular it loses people

Envisioning the Congregation, Practicing the Gospel John W.

Stewart,2015-08-06 Reflecting a wealth of ministerial experience this accessible and instructive book is designed to equip lay leaders and pastors of Protestant churches to better envision and practice gospel driven ministry amid the challenges of our twenty first century context Especially addressing Baby Boomer and Gen X leaders seasoned pastor and practical theologian John Stewart presents and explains five biblically mandated foundational practices for being and nurturing the church belonging discipling witnessing serving and worshipping Stewart believes that these five practices are essential markers for congregations that seek to remain faithful to their risen Lord and he offers memorable examples of how specific churches are carrying them out well Church leaders of every generation will find in these pages much practical wisdom on how to enhance their congregational life and mission For any congregations wanting to remain faithful to their biblical heritage and mandate Stewart s Envisioning the Congregation Practicing the Gospel provides an excellent roadmap for doing what God calls the church to do

Engage All Generations Cory Seibel,2021-06-01 Engage All Generations suggests how every church can

build on its potential and become a more vibrant witness of God s Kingdom Divided into three sections the book focuses on key growth edges in the unfolding conversation about intergenerational ministry Learning and Growing Together Praying and Playing Together and Leading and Changing Together Practical accessible encouraging and thought provoking this book provides the crucial next building block in our understanding of intergenerational ministry It is sure to benefit congregations already engaged in fostering intergenerational approaches and those desiring to experiment with becoming intentionally intergenerational

The Practicing Congregation Diana Butler Bass,2004-09-01 The conventional wisdom about mainline

Protestantism maintains that it is a dying tradition irrelevant to a postmodern society unresponsive to change and

increasingly disconnected from its core faith tenets In her provocative new book historian and researcher Diana Butler Bass argues that there are signs that mainline Protestant churches are indeed changing finding a new vitality intentionally grounded in Christian practices and laying the groundwork for a new type of congregation The Practicing Congregation tracks these changes by looking at the overall history of American congregations noting the cultural trends that have sparked change and providing evidence of how mainline churches are reappropriating traditional Christian practices The signs of life that Bass identifies lead the reader beyond the crumbling liberal vs conservative dualities to a more nuanced and fluid understanding of the shape of contemporary ecclesiology and faithfulness In so doing she helps readers understand tradition in new ways and creates an alternative path through the culture wars that today arrest the energies of most denominations Invigorated by stories from Bass s own experience The Practicing Congregation provides a hopeful and exciting vision for the church The imaginative retraditioning she identifies and celebrates will guide pastors and other leaders on this pilgrimage of creating church and convincingly counter the naysayers that long ago gave up on the viability of the mainline church
