Maisie's Road Trip Zoe Day,2019 Where do you turn when there s no escaping the truth Maisie and Phoebe Shepherd may be twins but they couldn t be more different Maisie lives for the adrenaline rush of a hundred meter dash while Phoebe would rather lose herself in books about narwhals and quietly dream about her crush Michael Bishop Their world is upended when an unexpected illness shatters their close bond threatening to pull them apart As one sister fights to reclaim her life the other struggles to keep their family from falling apart With time slipping away they re faced with impossible choices that force them to confront what it truly means to live life to the fullest Ready for an unforgettable journey Maisie s Road Trip is a heart wrenching and inspiring tale perfect for fans of Jodi Picoult s *My Sister s Keeper* and John Green s *The Fault in Our Stars* This poignant story will take you on an emotional journey that lingers long after the last page **Romance, illustrated, a complete weekly novelette** ,1904 *Tale, Performance, and Culture in EFL Storytelling with Young Learners* Licia Masoni,2019-10-10 This book analyses the interplay between storytelling with specific reference to oral

retellings of authentic picture books language learning culture and emotions in the EFL pre school and primary classroom Using a multidisciplinary approach it applies oral narrative studies as well as research on shared reading with children and literature in picture books to foreign and second language teaching theory and practice while also discussing the impact of EFL storytelling on intercultural understanding Although specifically conceived for teaching English as a foreign language most contents apply to foreign second language teaching to young children in general *Learning Relations (Routledge Revivals)* Doreen Grant, 2014-05-01 Dissatisfied with the effects of schooling on children from low income families Doreen Grant left her post as head of a secondary school in Liverpool and turned to research for solutions to this perennial social problem This is a popular account of her involvement with under privileged Glaswegian parents and children and her attempt to address the problem of underachievement from the perspective of the home rather than the educational establishment Combining the theory of international scholars such as Brofenbrenner Bruner Donaldson and Freire with practical experience Doreen Grant indicates the improvements in children s active learning when parents participate fully in the process of education *Learning Relations* first published in 1989 describes the creation of a coherent learning environment in the inner city as parents gain confidence in their personal vocation as natural educators it becomes clear that they are not only willing but fully capable of improving their children s chances of success *Maisie's Merry Christmas* Nina Rhoades, 1911
