Decoding a Royal Marine Commando Mark Burchell, 2018-10-25 With a heritage dating back to the mid seventeenth century the Royal Marines have accrued a rich history of rituals artefacts and material culture that is consciously deployed in order to define and shape the institution both historically and going forward into an uncertain future Drawing upon this heritage Mark Burchell offers a unique method of understanding how the Royal Marines draw upon this material culture in order to help transform ordinary labour power to political agency comprising acts of controlled and sustained violence He demonstrates how a barrage of objects and items including uniforms weapons landscapes architecture personal kit drills rituals and iconography are deployed in order successfully to integrate the recruits into the Royal Marines culture It is argued that this material culture is a vital tool with which to imprint the military's own image on new recruits as they embark on a process of de individualisation Having been granted unprecedented access to the Commando Training Centre at Lympstone as an anthropologist Burchell observed an intake of recruits throughout their demanding and exhausting year long training programme The resulting book presents to the academic community for the first time a theorised in depth account of a relatively unexplored social community and how its material culture creates and reifies new military identities This path breaking interdisciplinary analysis provides fresh understanding of the multiple processes of military enculturation through a meticulous revision of the relationships that exist between disciplinary and punishment practices violence and masculinity narratives and personhood and will explore how these issues are understood by recruits through their practical application of body to physical labour and by the cues of their surrounding material culture

Confessions of a Royal Marine Commando David Stanley, 2013-04 *Confessions of a Royal Marine Commando* A Young Man's Mischievous Journey Into UK's Finest is one of the most inspiring and entertaining stories you will ever read Author David Stanley has pulled off the unique feat of being both funny and inspirational while telling a tale which should give heart to every young kid in the country whose being bullied in the schoolyard or at home The well known advertisements for Commandos state that 99.99 percent need not apply David Stanley always knew that the famous Green Beret the proud symbol of the Commandos would be his British Commandos are admired by military establishments around the world as being the elite of the elite the most highly trained soldiers in history The story of how a height challenged kid who was scared to walk to the local bus stop survived the brutal training regime imposed on aspiring Commandos and became one of the seven chosen out of an initial 50 000 applicants will warm the heart of anyone who has a dream they have been frightened to chase Anyone who reads this book will find themselves belly laughing at Stanley's vividly comical descriptions of the notoriously tough training procedures at the Lympstone Commando Training Centre I wanted to do something different from normal says author David Stanley of why he felt compelled to write *Confessions of a Royal Marine Commando* I wanted to look at the comical side of things Most military books are very serious but in fact much about military life can be very funny and most soldiers I have known have a

great sense of humor **We Died With Our Boots Clean** Kenneth McAlpine, 2010-12-26 At the age of seventeen Kenneth McAlpine ran away from the Repton school to join Churchill's new elite special force the Royal Marine Commandos As the youngest member of the youngest commando force after three months he found himself fighting on the beaches of Normandy In *We Died With Our Boots Clean* McAlpine tells his own unique story of World War II and his highly eventful military career From an unusual encounter with Montgomery and Patton a concerted attempt to kill a sergeant major and his best friend's arrest for swearing at the Queen of Holland McAlpine paints a fascinating picture of commando life and the harsh training that prepared soldiers for frontline combat in an elite unit Full of absorbing anecdotes such as his time in a military prison and a rescue operation at a concentration camp this book is an essential part of a World War II enthusiast's library 47

Royal Marine Commando Marc de Bolster, 2014-09 47 *Royal Marine Commando An Inside Story 1943-1946* tells the story of 47 Royal Marine Commando during the Second World War based on personal accounts written by veterans who served in this formidable unit It is a story of young men who were to play a key role in freeing Europe from Nazi tyranny From the D Day landings in Normandy to fierce battles in Holland some were taken prisoner by the enemy and sent to camps until freed at the end of the war in 1945 Included are eyewitness accounts of the Normandy landings involvement of the RAF Royal Navy and American forces 10 Inter Allied Commando and the effect on local populations who got word of the actions in which this Commando took a major part Formed from 10th Battalion Royal Marines and reinforced by volunteers from several parts of the British armed forces they distinguished themselves by sheer determination and professionalism Over 900 men served in or were attached to this Commando keeping their overall strength up to 420 Many gave their lives never to return home so others might live to tell their story **The Making of a Royal Marine Commando** Nigel Foster, 1988 **Wearing the Green Beret** Jake Olafsen, 2012-01-17 With the authenticity of *Jarhead* and *Bravo Two Zero* and the straight up narrative of *Contact Charlie* this military memoir describes what really goes on in the training of an elite soldier and his tours in Afghanistan In 2004 Jake Olafsen signed up for the Royal Marines Commandos He left everything behind at home in Canada on the basis of a spur of the moment decision The Royal Marines have the toughest and longest basic training of any infantry unit in the world For Olafsen this meant eight months of wet and cold in England and Wales It was hell but he came out with the four Commando qualities that the corps look for courage determination unselfishness cheerfulness in the face of adversity Olafsen went on to serve for four years as a Commando in the Royal Marines an elite military unit based in the United Kingdom He went to Afghanistan twice in 2006 he went to confront the Taliban in Helmand Province for six months and in 2007 he was sent to do it all over again His story is filled with good experiences like the sense of accomplishment patriotism and camaraderie and the opportunity to travel the world But all good things come at a price The sacrifices he made for the Corps are significant he has killed the enemy and he has buried his friends And in telling his story Olafsen hopes that he can make sense of it all This is an honest gutsy story about the mud and the blood the triumphs and the

tragedies From the Hardcover edition **Jungle Commandos** Lucy Betteridge-Dyson,2025-10-09 Drawing on unpublished first hand accounts this is a gripping history of the experiences of the Commandos and their unsung allies in one of the bloodiest battles of the Burma Campaign Following the battles of Kohima and Imphal in mid 1944 the tide was turning against the Imperial Japanese Army By the end of that fateful year the Allies were preparing to launch an offensive in the Arakan region of Burma to deliver a knockout blow to the increasingly desperate Japanese 28th Army This fascinating new history details the actions of 3 Commando Brigade who would spearhead this attack in a series of daring amphibious landings into the depths of the Burmese jungle culminating in the brutal fight for Hill 170 They would be the only Commando Brigade to serve in the Far East yet their story has never before been told in detail With access to previously unseen primary sources this book is the story of the men who volunteered for a fight against a fearless enemy 5000 miles away from home in one of the most unforgiving environments in the world Thrown into combat with limited jungle training and scant resources it would be a baptism of fire but the Commandos alongside the brave men of the Indian and West African Divisions of XV Corps would inflict a terrible defeat on an enemy once thought to be unbeatable Written by a granddaughter of a Commando veteran who fought at Arakan this new book shines a light on a largely forgotten yet crucial battle of World War II **Commando Tactics** Stephen Bull,2011-06-13 British commandos are among the most celebrated soldiers of the Second World War Their daring ingenuity and bravery have given rise to an almost legendary reputation that makes it difficult to appreciate fully their role and their true value as fighting men Stephen Bull in this in depth study of commando tactics and history seeks to dispel the myths and the misunderstandings that surround them and he places these elite troops of 70 years ago in the context of their times He also demonstrates that the idea of the commando took time to develop and that commando operations were far from always successful Commando tactics amphibious mountain close quarter were forged through the often painful experience of raids and combined operations And commando tactics and organization remained in a state of flux throughout the war as new situations and challenges arose Stephen Bulls vivid account will be essential reading for anyone who is interested in commando fighting techniques and the early history of special forces Commando General Richard Mead,2016-11-30 Always marked out for high rank Robert Laycock came into his own when selected to raise 8 Commando a new crack unit early in the Second World War After training 7 8 and 11 Commandos were sent to the Middle East in early 1941 and all became Layforce under Laycock s command Layforce was disbanded after Crete fell Laycock took part in the abortive raid on Rommel s HQ As commander of the Special Service Brigade Laycock played an important role in the Sicily landings and at Salerno In October 1943 he succeeded Mountbatten as Chief of Combined Operations coordinating combined services operations and training and attending Allied conferences In later life Laycock became Governor of Malta and Colonel of the SAS In this long overdue biography the author reveals the detail of this fine soldier s character and superb military record Decoding a Royal Marine Commando Mark A.
