Lieberman,2017-07-14 How electricity became a metaphor for modernity in the United States inspiring authors from Mark Twain to Ralph Ellison At the turn of the twentieth century electricity emerged as a metaphor for modernity Writers from Mark Twain to Ralph Ellison grappled with the idea of electricity as both life force illumination and death spark electrocution The idea that electrification created exclusively modern experiences took hold of Americans imaginations whether they welcomed or feared its adoption In Power Lines Jennifer Lieberman examines the apparently incompatible notions of electricity that coexisted in the American imagination tracing how electricity became a common though multifarious symbol for modern life Lieberman examines a series of moments of technical change when electricity accrued new social meanings plotting both power lines and the power of narrative lines in American life and literature While discussing the social construction of electrical systems she offers a new interpretation of Twain s use of electricity as an organizing metaphor in A

The Author-cat Forrest Glen Robinson, 2007 Forrest G Robinson argues that a strong autobiographical impulse infuses the whole of Clemens's fiction He shows how Clemens wrote out of an enduring need to come to terms with his remembered experiences not to memorialize the past but to transform it Clemens's special curse was guilt He was unable to forgive himself for the deaths of those closest to him especially members of his family from his siblings's death in childhood to the deaths of his own children Nor could he reconcile himself to his role in the Civil War his ignominious part in the duel that prompted his departure from Virginia City in 1864 and worst of all his sense of moral complicity in the crimes of slavery Tracing the theme of bad faith in all of Clemens's major writing but with special attention to the late work Robinson sheds new light on a tormented moral life directing attention to what William Dean Howells describes as the depths of a nature whose tragical seriousness broke in the laughter which the unwise took for the whole of him
