Mosby's Pathology for Massage Therapists - E-Book Susan G. Salvo, 2017-08-24 Complete massage pathology information in one convenient text Written by a massage therapist for massage therapists Mosby s

Pathology for Massage Therapists 4th Edition provides direct information along with specific therapeutic recommendations. Coverage of over 300 pathologies shows you how to appropriately tailor treatment and more than 500 full color photographs make it easier to recognize common pathologies. This edition includes a new chapter on Hospital based massage which covers protocols needed for therapists working with clients who are medically fragile. Written by massage therapy educator and practitioner Susan Salvo, this resource provides the pathology knowledge you need to succeed in the classroom and in your career. Coverage of over 300 pathologies provides you with ample information without being overwhelming. Over 500 full color photographs help you recognize common diseases and conditions. A user friendly comprehensive format makes it easy to find key information with learning objectives, list of pathologies, system overview and pathologies including description, etiology, signs and symptoms, treatment and massage considerations. Caution boxes provide tips on prevention to keep practice safe and prepare students for emergency situations. Clinical Tips boxes provide brief practical hints gleaned from the author's first hand experience in clinical practice. Medical Technology boxes highlight special populations such as clients in wheelchairs or with pacemakers and explain what the medical device is and what special precautions or contraindications practitioners should be aware of before working on these clients. List of pathologies with page number references included on the inside front cover for fast lookup of pathologies. UNIQUE Hospital based massage chapter covers different protocols needed for massage therapists working in institutionalized care setting and useful information about working with clients who are medically fragile. NEW Updated pathologies reviewed by practicing massage therapists reflect what you will see in the field as a working practitioner. NEW Pain content equips you with essential up to date information on the latest theories and management techniques and provides the critical thinking skills to apply that knowledge in practice.

Fundamentals of Complementary and Alternative Medicine Marc S. Micozzi, 2001. The unique approach in this book provides the historical background of alternative healing systems in addition to the most up to date information on scientific research plus basic clinical applications. Intended as an introduction to the topic of alternative medicine, this book has become a standard among medical and health care professionals.

Clinician's Complete Reference to Complementary/alternative Medicine Don Novey, 2000. The increasing popularity of alternative medical practices is changing the way that patients and doctors approach treatment options, making it vital that every clinician have access to reliable information on complementary and alternative therapies. The CLINICIAN'S COMPLETE REFERENCE TO COMPLEMENTARY AND ALTERNATIVE MEDICINE presents clear and factual discussions of these therapies with the traditional health care practitioner in mind.

Harmonic Healing Zachary Comeaux, 2008. Connective tissue release or myofascial release is a major component of manual therapies including osteopathic medicine. Most methods involve placing the patient in a passive relaxed position for diagnosis and treatment. However, many practitioners have intuitively sensed that rhythmic motion should be a component of therapy and increasingly include it in their practice. Harmonic Healing introduces such an application of connective tissue principles.

which author Dr Zachary Comeaux calls Facilitated Oscillatory Release FOR The book reviews the role of oscillatory or vibratory work as an extension of other connective tissue techniques explains the relevant physiology and the principles of wave propagation in tissue and then provides illustrated introductory exercises applications and case studies Building on the work of his mentor Robert Fulford to get more deeply into the core of patients injuries Dr Comeaux presents FOR as a lens through which to reinterpret the strategic use of force in manual therapy including osteopathic manipulation Based on both his clinical experience and neurophysiology principles the author develops practical applications of these principles These methods are compatible with generally accepted manual methods and Harmonic Healing shows students advanced practitioners bodyworkers and osteopaths how to integrate FOR into a variety of manual healing approaches **The Guide to Alternative Health Care** Cam Williams, Sheila Christensen, 1998 Featuring over 60 alternative therapies including Craniosacral infant massage oxygen healing Qi Rapid Eye Therapy Reiki and Spinal Touch this concise handbook allows readers to explore a number of alternatives designed to heal and nourish your body mind and spirit
