offer a distinctive even dissident response to the economic and political rise of the United States the ecological and economic changes then underway and the dangers that faced the young nation A detailed chronology of Cole s life focusing on his European tour retraces the artist s travels as documented in his journals letters and sketchbooks providing new insight into his encounters and observations With discussions of over seventy works by Cole as well as by the artists he admired and influenced this book allows us to view his work in relation to his European antecedents and competitors demonstrating his major contribution to the history of Western art *Art and the Empire City* Metropolitan Museum of Art (New York, N.Y.),2000 Presented in conjunction with the September 2000 exhibition at the Metropolitan Museum this volume presents the complex story of the proliferation of the arts in New York and the evolution of an increasingly discerning audience for those arts during the antebellum period Thirteen essays by noted specialists bring new research and insights to bear on a broad range of subjects that offer both historical and cultural contexts and explore the city s development as a nexus for the marketing and display of art as well as private collecting landscape painting viewed against the background of tourism new departures in sculpture architecture and printmaking the birth of photography New York as a fashion center shopping for home decorations changing styles in furniture and the evolution of the ceramics glass and silver industries The 300 plus works in the exhibition and comparative material are extensively illustrated in color and bandw Oversize 9 25x12 25 Annotation copyrighted by Book News Inc Portland OR *Exhibiting Contradiction* Alan Wallach,1998 A leading scholar of art art history and American studies considers the way art museums have depicted American society and the American past In closely focused and often controversial essays Alan Wallach explores the opposing ideologies that drove the development of the American art museum in the 19th century and the tensions and contradictions characteristic of recent museum history 40 illustrations **Poe and the Visual Arts** Barbara Cantalupo,2015-06-10 Although Edgar Allan Poe is most often identified with stories of horror and fear there is an unrecognized and even forgotten side to the writer He was a self declared lover of beauty who from childhood s hour had not seen As others saw Poe and the Visual Arts is the first comprehensive study of how Poe s work relates to the visual culture of his time It reveals his deep worship of all beauty which resounded in his earliest writing and never entirely faded despite the demands of his commercial writing career Barbara Cantalupo examines the ways in which Poe integrated visual art into sketches tales and literary criticism paying close attention to the sculptures and paintings he saw in books magazines and museums while living in Philadelphia and New York from 1838 until his death in 1849 She argues that Poe s sensitivity to visual media gave his writing a distinctive graphicality and shows how despite his association with the macabre his enduring love of beauty and knowledge of the visual arts richly informed his corpus *NEH Exhibitions Today* ,2000 **The Politics of Taste in Antebellum Charleston** Maurie D. Enchanted Lives, Enchanted Objects Dianne Sachko Macleod,2008 This insightful and beautifully illustrated book offers the first feminist analysis of the phenomenon of women art collectors in America Dianne Sachko Macleod brings a surprising paradox to light showing that collecting which provided wealthy women with a private sense of solace also liberated them to venture into the public sphere and make a lasting contribution to the emerging American culture Beginning in the antebellum period continuing through the Gilded Age and reaching well into the twentieth century Macleod shows how elite women enlisted the objets d art and avant garde paintings in their collections in causes ranging from the founding of modern museums to the campaign for women s suffrage *Australian Journal of Art* ,1994
