The Greatest Spy Writers of the 20th Century Phil Carradice, 2023-08-30 The spy novel has over the past hundred years become one of the most popular literary genres. The best exponents have become household names, as have their characters: heroes and villains alike. From Richard Hannay to James Bond and George Smiley, the spies and spy hunters of fiction have developed from the printed page to grace the movie and television screens with huge success. Uncovering the greatest or best spy writers of the Twentieth Century has not been easy. There are so many to choose from. Ultimately, however, the choice has come down to three highly significant and successful exponents of the art: writers who cannot be ignored but more significantly, who were leaders, movers, and shakers in the art of writing spy fiction. John Buchan was at the forefront, arguably the first in a long line of spy writers and still one of the finest. Classic tales like *The Thirty Nine Steps* and *Greenmantle* set the benchmark for everyone else to follow. Ian Fleming's creation of James Bond in books like *Goldfinger* and *From Russia with Love* took the spy novel to new heights of glamor and exotic settings. John le Carré's world of spies, double-dealing, betrayal, and seedy backstreet assignations is the very antithesis of Fleming's Bond, but its realism and stark reality took the art of spy fiction to a new level. Buchan, Fleming, Le Carré: arguably the greatest spy writers of the Twentieth Century. Do you agree? Read the book and make your own judgement. Whatever you decide, you will not be disappointed by the writing and the judgements.

The Richard Hannay Collection

John Buchan, 2016-05-26 Major General Sir Richard Hannay is a fictional secret agent created by Scottish novelist John Buchan and made further popular by the 1935 Alfred Hitchcock film *The 39 Steps*. Buchan's resourceful German speaking spy is partly based on Edmund Ironside from Edinburgh an espionage operative during the Second Boer War. The Richard Hannay Collection *The 39 Steps* Greenmantle and Mr Standfast presents the first and best three Richard Hannay adventures. *The Thirty Nine Steps* Hannay arrives in London on the eve of World War I where he meets an American agent seeking help in stopping a political assassination. Before long Hannay finds himself in possession of a little black book that holds the key to the conspiracy and on the run from both the police and members of a mysterious organization that will stop at nothing to keep their secrets hidden. *Greenmantle* Hannay is called in to investigate rumors of an uprising in the Muslim world and undertakes a perilous journey through enemy territory to meet his friend Sandy in Constantinople. Once there he and his friends must thwart the Germans plans to use religion to help them win the war climaxing at the battle of Erzurum. *Mr Standfast* Recalled from duty on the Western Front by spymaster Sir Walter Bullivant Hannay goes undercover as a pacifist working to outwit a dangerous German spy and his agents. Guided by his contact and love interest Mary Lamington Hannay tracks his enemy from London to Glasgow to the Scottish Highlands eventually confronting him in a dramatic climax above the battlefields of Europe. The title refers to a character in John Bunyan's *Pilgrim's Progress* to which there are many other references in the novel. Hannay uses a copy of *Pilgrim's Progress* to decipher coded messages from his contacts and letters from his friend Peter Pienaar.

More Than Just War Charles A. Jones, 2013 This book raises questions about the just war tradition through a critical examination of its revival and by juxtaposing it with a literary phenomenology of war. Recent public debate about war has leaned heavily on a just war tradition dating back many centuries. This book examines the recent revival of that tradition in the United States and Britain arguing that it is less coherent and comprehensive as an approach to the ethical issues arising from war than is generally supposed and that it is inconsistent in important ways with the theology on which it was originally based. A second line of criticism is mounted through close readings of modern texts in English from Britain Australia and the USA that together constitute a more subjective bottom up understanding of the moral dilemmas of military life. In this second tradition the task of representing war is seen as more problematic and its rationality more questionable than in just war discourse. Works by William Shakespeare Sir Walter Scott James Fennimore Cooper Stephen Crane John Buchan Robert Louis Stevenson Joseph Conrad Tim O'Brien and Kurt Vonnegut are featured. The book will be of great interest to students and scholars of security studies military studies theology and international relations.
